Siren's Song Mary Weber,2016-03-01 “The realization hits: We’re not going to win. It’s why I couldn’t defeat Draewulf in Bron—because this power was never mine anyway. I drop my arms and let the energy die off. And turn around to Face Eogan. After a fierce battle with Draewulf, Nym barely escaped with her life. Now, fleeing the scorched landscape of Tulla, her storm-summoning abilities are returning; only . . . the dark power is still inside her. Broken and bloodied, Nym needs time to recover, but when the full scope of the shapeshifter’s horrific plot is revealed, the strong-willed Elemental must race across the Hidden Lands and warn the other kingdoms before Draewulf’s final attack. From the crystalline palaces of Cashlin to the legendary Valley of Origin, Nym scrambles to gather an army. But even if she can, will she be able to uncover the secret to defeating Draewulf that has eluded her people for generations? With a legion of monsters approaching, and the Hidden Lands standing on the brink of destruction, the stage is set for a battle that will decide the fate of the world. This time, will the Siren’s Song have the power to save it?

A Surplus of Sirens Amanda Creiglow,2021-08-18 Whoever takes the blame, humanity will pay the price. Elizabeth is adjusting to her new role as designated human arbiter for the supernatural community. Petty magical arguments? Now officially her jam. But when the Nymph of the North Wind is murdered and Elizabeth is tasked with deciding which siren tribe should pay for the crime, she’s out of her depth—by a few thousand feet or so. Either way Elizabeth rules will devastate the planet. But it’s hard to focus on finding a solution when her mother has been kidnapped and her boyfriend has decided that he won’t let her keep secrets from him anymore. Elizabeth will need all her allies to get her through this one. But every ally comes with a cost—and the cause of this murder halfway around the world may be closer to home than she’d like to admit.

Ancient Sacred Sites in the Gulf of Naples Luca Di Franco,2023-12-07 The geographical position between the gulfs of Naples and Salerno made pre-Roman Sorrento a fundamental point of passage. Around the inhabited centre, sacred sites or scattered settlements developed, including the sanctuary of Athena on the extreme tip of the peninsula near Punta Campanella. This book explores the historical development of the sanctuary from the 6th century BC to the 1st century AD. Drawing on partly unpublished archaeological documentation and literary sources, the book provides useful elements for understanding the site and its relationship with the surrounding area. Sorrento and the Greek presence in the Gulf of Naples are linked to the sanctuary installation, perhaps first dedicated to the Sirens but surely after to Athena. Judging from literary sources, it was one of the best-known places of worship in ancient Italy. It was only in the 1980s that the discovery of an Oscan inscription with a dedication to Minerva made it possible to hypothesise the presence of a sanctuary near the Medieval tower at Punta Campanella. The analysis of the archaeological documentation known until now, the study of the new archaeological plans and the material culture (ceramics) from the site make it possible to better understand the development and the importance of the sanctuary. This book, therefore, defines the historical and territorial development of the sanctuary of Athena, reconstructing the history of the territory of ancient Surrentum and, above all, its most important sanctuary. The book will be of particular interest to archaeologists, ancient historians and historians of religion.

Siren Song George Dismukes,2021-08-10 She is the last surviving siren on earth. And she is willing to commit mass murder to keep on surviving. She is the last siren on earth. She has lived for almost two thousand years. But now, she fears for her existence. More and more, sport scuba divers are taking dive trips to The Great Blue Hole of The Caribbean, unaware that “The Hole” is the siren’s lair. She hatches a plan. In her mind, if she can kill everyone aboard a dive boat at The Great Blue Hole, she will create fear of the location, and visitors will stay away. Will it work? Morphed as a beautiful woman, she joins a dive safari group along the Texas coast that is bound for Lighthouse Reef and The Great Blue Hole. She feels that by working ‘from the inside’ she can easily kill every person on board, one at a time. Will her plan work? The main fly in the ointment is none other than a twelve year old boy. Can he stop her murderous fury? If he can’t, everyone aboard the pleasure craft, SIREN SONG, is doomed.
