The Slayer's Guide to Undead Gary Gygax,Chris Quilliams,John Creffield,2003-01-03 The Slayer's Guide to Undead is written by Gary Gygax and Jon Creffield, and filled with ghoulish secrets and spine-chilling lore describing creatures of the night. At 128 pages, it is another big fat Slayer's Guide, in the same vein as the highly popular Slayer's Guide to Dragons. The incredible front cover has been done by the talented Chris Quilliams, as well as one of the two fantastic but chilling pieces that grace the inside covers. Pull this book out during a game, and your players will start running for cover! The book kicks off with A Demonic Overlord, describing the nature of Undead and their relationship with the Lord of the Damned, Orcus. Excerpts from the Book of Dis give this chapter a creepy tone and GMs are treated to an overview of what creatures make the best types of Undead, as well as a treatise on the nature of Undeath itself, be it corporeal or incorporeal, free-willed or mindless. The Free-Willed Living Dead is a chapter guaranteed to cause players nightmares in their games. Covered here are the more potent forms of Undead including Bodaks, Devourers, Ghouls (including a Ghoul King), Mummies, Wights, Gholles. As well as a massive amount of background information and gaming tips, each also comes with a full-blown template allowing you to turn any existing creature into an absolute nightmare! A complete scenario has been included in the form of The Peak of the Nightlord, designed for 9-11th level characters - and the players had better pray they have a cleric in their ranks! Detailed maps are provided to plot the action as the players attempt to penetrate the lair of a vampire and this scenario is very much in the Gary Gygax mould we all know and love. The Bestiary of the Damned wraps up this 128 page supplement with 20 creatures of the night that can be pulled out on your players at a moment's notice, or be used to fuel your own scenarios. A complete index is included, allowing handy reference during play.

The Bone Palace Amanda Downum,2010 Necromancer Isyllt Iskaldur finances revolutionaries who would overthrow the corrupt Imperial government, but finds herself torn between her new friends and her sense of duty as her home is beset by increasingly violent uprisings.

Skeletons of Scarwall Greg A. Vaughan,2008-07 The heroes have learned the identity of the evil that plagues Korvosa -- the vile remnants of an evil dragon who once ruled much of Belkzen as a sadistic warlord. In order to defeat him again and save both Korvosa and the queen, the PCs must journey deep into the orc-held lands of Belkzen and brave the haunted reaches of Castle Scarwall, once the dragon's seat of power. Somewhere deep inside waits the holy weapon Seriththial, the sword responsible for his defeat hundreds of years ago. Only on its edge can the dragon be driven from the world This installment of Pathfinder also features a gazetteer of the brutal lands known as the Hold of Belkzen, a presentation on Zon-Kuthon (god of darkness and pain), and several new monsters native to Belkzen and the haunted depths of Castle Scarwall.

Bones of Empire Aaron Rosenberg,2018-12-18 The only magic left comes from consuming the dead Long ago, Ritakhou was a flourishing empire filled with light, life, and magic. Then came the Schism. Now the kingdom is called Rimbaku and is a pale shadow of its former self, a land stripped of its glory and its power. The only magic left comes from aitachi, the Relicant Touch the ability to absorb skills and memories by consuming the bones of the dead. Throughout the land, status and success are based on one's aitachi and theaishone or relic bones one can attain, and the so-called Relicant Empire has grown stale and stagnant as a result. The young emperor, Hibikitsu, recognizes this but feels powerless to change centuries of habit and reliance. His finest warrior, Misataki Shizumi, also feels stifled despite her prowess she is a commoner and can never rise above the rank of sergeant in the elite Honjofu, even though her commanding officer is a nobleborn fool. Seikoku, a koshitsu or graverobber, wrestles with the horror of what she does and the need to survive, while Chimehara, a beggar turned killer, has no compunctions against using every weapon at her disposal to attain her goals. And all the while Rimbaku's enemies are circling, testing the nation's borders. They know the empire is weak, and are determined to push it over the edge and then strip its bones as it has done to its dead for so long. Meanwhile, the brothers Kagiri and Noniki set out from their small village with a handful of aishone and a great deal of hope. They soon find the world a bigger, darker place than they imagined, and are forced to accept a dangerous proposal, one that will put both of them at risk for not only their lives but their very souls but that may change the Relicant Empire forever.

Broken Bones Michael Anderle,Amy Hopkins,2020-08-19 Irth is a vast place Concerned by the Skrima attacks, Julianne, Marcus, and Garrett have set off to visit the outlying settlements this side of the Madlands and make sure their people are safe. It's not just the Skrima and the remnant they're fighting - the people they find out there have lost all hope and see no way out. Julianne needs to teach them to fight. More than that, she needs to remind them why it's worth it. Set on the foundation laid by the Kurtherian Gambit Series, Broken Skies tells a new story in the Age of Magic. NOTE: This book contains cursing. Perhaps humorous cursing, but cursing nevertheless. If this offends you, I don't suggest reading this book.

A Ritual of Bone Lee C Conley,2019-06-17 'Only valour and steel can stand against the rising dead' Arnar is a land of warriors, its people as stalwart as the stones themselves. In a land of dark forests and ancient hill forts, a forgotten evil is awoken by curious minds. The Great Histories and the Sagas say nothing of this evil, long passed from the memory of even the studious scholars of the College. For centuries, the scholars of Arnar have kept these records and preserved the knowledge and great deeds of a proud people. The story of these peoples forever chronicled in the Sagas of the Great Histories. But now the evil spreads and the dead walk in its wake, terrible creatures roam the night and even the spirits are restless. The Dead Sagas could perhaps be the final chapters of these great records. Many threads entwine to tell this Saga, interweaving the tales of those who played their part in the search for answers and ultimately their fight for survival. Amid plague, invasion and terror, the inexorable rise of the dead sends a kingdom scrabbling to its knees. This dark fantasy epic combines dark malign horror and gritty survival adventure as the Dead Sagas unfold in a world where honour and renown is all, where beasts and savages lurk in the wilderness, and where sword, axe and shield is all that stands between the living and the grasping hands of the dead.

My skin is a flowing river of water that covers my bones in deep swirling aqua blue.The three of us are unique. We live on a world that exists outside Earth's space/time. I go to Earth, through the travelling water, to release tensions caused by my addiction to emotions. The intertwining worm holes, encased in the tunnel of water, are guided endlessly by an old rusted train track. It takes me anywhere on Earth and to any year, past, present, or future.Our relationship has struggled. Maybe that's why our daughter went through, so she didn't have to listen to our arguments. Whatever the reason, she's out there, lost, with all the horrors of Earth, its history, its future...and with the creatures, the creeping, the scratching, the hungry, the violent, the horrifying creatures I didn't even know were there.The Skeletal Travelling Water...our search, our fight, our desperation, starts here
