Anglo-Saxon Burial Mounds Stephen Pollington,2008 Stephen Pollington is well known for his many works popularising scholarship and archaeology on Anglo-Saxon England. Here he turns his attention to probably the most famous aspect of early Anglo-Saxon culture, the spectacular burial mounds, of which Sutton Hoo is the best known example. Here Pollington presents a detailed gazetteer of all known barrow burials across England including the latest findings such as the chamber burial at Prittlewell. Information regarding excavation, contents, dating and skeletal remains is accompanied by photographs and plans of the finest sites. The opening half of the book uses this information to outline the evolution of the barrow burial, its Germanic context, the symbolism of the burials and the contents of the tombs, and their physical construction. Old English and Norse literary references to the mounds are contained in appendices.

18 and Life on Skid Row Sebastian Bach,2016-12-06 18 And Life on Skid Row tells the story of a boy who spent his childhood moving from Freeport, Bahamas to California and finally to Canada and who at the age of eight discovered the gift that would change his life. Throughout his career, Sebastian Bach has sold over twenty million records both as the lead singer of Skid Row and as a solo artist. He is particularly known for the hit singles I Remember You, Youth Gone Wild, & 18 & Life, and the albums Skid Row and Slave To The Grind, which became the first ever hard rock album to debut at #1 on the Billboard Top 200 and landed him on the cover of Rolling Stone magazine. Bach then went on to become the first rock star to grace the Broadway stage, with starring roles in Jekyll & Hyde, Jesus Christ Superstar and The Rocky Horror Picture Show. He also appeared for seven seasons on the hit television show The Gilmore Girls. In his memoir, Bach recounts lurid tales of excess and debauchery as he toured the world with Bon Jovi, Aerosmith, Motley Crue, Soundgarden, Pantera, Nine Inch Nails and Guns N' Roses. Filled with backstage photos from his own personal collection, 18 And Life on Skid Row is the story of hitting it big at a young age, and of a band that broke up in its prime. It is the story of a man who achieved his wildest dreams, only to lose his family, and then his home. It is a story of perseverance, of wine, women and song and a man who has made his life on the road and always will. 18 And Life On Skid Row is not your ordinary rock memoir, because Sebastian Bach is not your ordinary rock star.

Rimski grad na sarajevskom polju. Hrestomatija / Roman Town on Sarajevo Area.

Chrestomathy Salmedin Mesihović, ROMAN TOWN AT SARAJEVO AREA - CHRESTOMATHY is a work in which (published and unpublished) results of archaeological and historiographical research of the Sarajevo area in the era of classical Greco-Roman civilization are collected. On the basis of current knowledge, we can speak of a significant civilizational development marked by the existence of the unit of municipal autonomy *res publica Aquarum*. This republic had its administrative and urban center in the current settlement of Lužani in the west of today's Sarajevo. It can be assumed that *Aquae* had a gradual development with a strong native influence of the Illyrian nation *Daesitiates* who inhabited Upper Bosnia and had their own peregrine *civitas*. The acceptance of Roman citizenship largely affected the Sarajevo area in the course of II. century AD. *Res publica Aquarum* had its own institutions and its own elite, which for the most part was descended from the local *Daesitiates* elite. This is evidenced by the found epigraphic monuments as well as the finds of *villa rustica* in the wider Sarajevo area. The area that belonged to the *res publica Aquarum* offers great possibilities and potential for future scientific research in order to shed even more light on the history of the Sarajevo area during the time of Roman rule. It is precisely for the purpose of these future researches that this *Chrestomathy* was created, which is intended to represent the basic document with which these researches begin. The book *Roman Town on Sarajevo Area. Chrestomathy* offers a selection of texts from literature (published from 1880 to the present day), a selection of ancient materials and sources and some new researchs related to the phenomenon of the *res publica Aquarum*, the oldest known territorial-administrative unit that included the Sarajevo area as well as its administrative and urban seat called *Aq(ua)e*, and the oldest urban stratum in the Sarajevo area. The goal of this *chrestomathy* about this ancient roman town and municipality (*res publica*) is collecting in one place as much as possible of previous knowledge, articles, papers, sources, material in order to facilitate, I hope, new research and discoveries in the near future. The selection of works and material in this *chrestomathy* is the result of my personal assessment.
