Folklore of Wales Anne Ross, 2001-09-01 Wales is a Celtic country and the Celts have always treasured oral learning and recitation. Indeed they have a passion for committing facts to memory rather than relying on the written word. So it is no surprise, as we can see from Anne Ross's study, that Welsh folklore and story-telling is so rich and varied. In addition to examining the part played by the medieval church in this oral tradition, individual chapters cover legends associated with place-names; calendar customs; giants and monsters; omens and second sight; witches, ghosts and fairies; supernatural birds and animals; folk healing and herbal remedies. The landscape is studded with the remains of ancient monuments, which are seen as the creation of gods and heroes. Every lake had its legend, whether it be inhabited by a grim, monstrous afanc, or by a beautiful, enchanted maiden, or maybe harbours a drowned settlement where the bell still tolls to warn of approaching storms. Giants stalk the land, while fairies can be dangerous, hostile and demanding propitiation. Omens of potential marriage partners were avidly sought by girls, while ghostly death-lights - corpse candles - could be

seen moving relentlessly towards the person who was doomed to death. A whole world of the past is to be found in this rich treasure house of inherited lore.

Top Five Regrets of the Dying Bronnie Ware, 2019-08-13 Revised edition of the best-selling memoir that has been read by over a million people worldwide with translations in 29 languages. After too many years of unfulfilling work, Bronnie Ware began searching for a job with heart. Despite having no formal qualifications or previous experience in the field, she found herself working in palliative care. During the time she spent tending to those who were dying, Bronnie's life was transformed. Later, she wrote an Internet blog post, outlining the most common regrets that the people she had cared for had expressed. The post gained so much momentum that it was viewed by more than three million readers worldwide in its first year. At the request of many, Bronnie subsequently wrote a book, *The Top Five Regrets of the Dying*, to share her story. Bronnie has had a colourful and diverse life. By applying the lessons of those nearing their death to her own life, she developed an understanding that it is possible for everyone, if we make the right choices, to die with peace of mind. In this revised edition of the

best-selling memoir that has been read by over a million people worldwide, with translations in 29 languages, Bronnie expresses how significant these regrets are and how we can positively address these issues while we still have the time. *The Top Five Regrets of the Dying* gives hope for a better world. It is a courageous, life-changing book that will leave you feeling more compassionate and inspired to live the life you are truly here to live.

The Vengeance of the Ivory Skull (Classic Reprint) Marion Harvey,2017-10-24 Excerpt from *The Vengeance of the Ivory Skull* The longer I knock about this old world of ours, and I have wandered far and wide over the face of the globe, the more convinced I become that nothing is wholly left to chance; for only a preordained fate could have willed that I should see the beginning and the end of a mystery which involved three continents and taxed the ingenuity of one of the best minds in the United States. Nor do I regret my share in the game that was played (your archaeologist is well infected with the virus of adventure), since I was not only afforded the opportunity of renewing acquaintance with a

city more fascinating than a beautiful woman to a man of my temperament, but also because I returned to America richer by a memory and the gift of a rare curiosity, the smallest and most perfect human skull ever carved from a piece of ivory. It is warmly life-affirming ... A magnificent read that will inspire. I loved it' Sue Black 'So beautiful ... Perfectly written and judged ... A wonderful book that made me grasp life a little more firmly' Dr Chris van Tulleken A powerful, moving and hopeful book exploring what people regret most when they are dying and how this can help us lead a better life. If

you were told you were going to die tomorrow, what would you regret? Ten years ago, without time to think or prepare, Georgina Scull ruptured internally. The doctors told her she could have died and, as Georgina recovered, she began to consider the life she had led and what she would have left behind. Paralyzed by a fear of wasting what seemed like precious time but also fully ready to learn how to spend her second chance, Georgina set out to meet others who had faced their own mortality or had the end in sight.
