Slide Jill Hathaway,2012-03-27 Vee Bell is certain of one irrefutable truth—her sister's friend Sophie didn't kill herself. She was murdered. Vee knows this because she was there. Everyone believes Vee is narcoleptic, but she doesn't actually fall asleep during these episodes: When she passes out, she slides into somebody else's mind and experiences the world through that person's eyes. She's slid into her sister as she cheated on a math test, into a teacher sneaking a drink before class. She learned the worst about a supposed friend when she slid into her during a school dance. But nothing could have prepared Vee for what happens one October night when she slides into the mind of someone holding a bloody knife, standing over Sophie's slashed body. Vee desperately wishes she could share her secret, but who would believe her? It sounds so crazy that she can't bring herself to tell her best friend, Rollins, let alone the police. Even if she could confide in Rollins, he has been acting distant lately, especially now that she's been spending more time with Zane. Enmeshed in a terrifying web of secrets, lies, and danger and with no one to turn to, Vee must find a way to unmask the killer before he or she strikes again.

The Summer Slide Karl Alexander,Sarah Pitcock,Matthew C. Boulay,2016 This book is an authoritative examination of summer learning loss, featuring original contributions by scholars and practitioners at the forefront of the movement to understand—and stem—the “summer slide.” The contributors provide an up-to-date account of what research has to say about summer learning loss, the conditions in low-income children's homes and communities that impede learning over the summer months, and best practices in summer programming with lessons on how to strengthen program evaluations. The authors also show how information on program costs can be combined with student outcome data to inform future planning and establish program cost-effectiveness. This book will help policymakers, school administrators, and teachers in their efforts to close academic achievement gaps and improve outcomes for all students. Book Features: Empirical research on summer learning loss and efforts to counteract it. Original contributions by leading authorities. Practical guidance on best practices for implementing and evaluating strong summer programs. Recommendations for using program evaluations more effectively to inform policy. Contributors: Emily Ackman, Allison Atteberry, Catherine Augustine, Janice Aurini, Amy Bohnert, Geoffrey D. Borman, Claudia Buchmann, Judy B. Cheatham, Barbara Condcliffe, Dennis J. Condrón, Scott Davies, Douglas Downey, Ean Fonseca, Linda Goetze, Kathryn Grant, Amy Heard, Michelle K.

The Long Slide Tucker Carlson, 2021-08-10 INSTANT NEW YORK TIMES BESTSELLER From the host of Tucker Carlson Tonight on Fox News and the New York Times bestselling author of *Ship of Fools*, a collection of nostalgic writings that underscore America's long slide from innocence to orthodoxy. Thirty years ago, Tucker Carlson got his first job out of college fact checking for a quarterly magazine, and he went on to write for many other publications before becoming the primetime Fox News host he is today. In *The Long Slide*, Tucker delivers a few of his favorite pieces—annotated with new commentary and insight—to memorialize the tolerance and diversity of thought that the media used to celebrate instead of punish. In snapshots spanning the 1990s to today, he'll take you on a visit to Africa with Al Sharpton and members of the Nation of Islam to stop the civil war in Liberia in 2003, inside the (not-so-) secret armies of Operation Iraqi Freedom, and on the campaign trail with Donald Trump in 2016. In case you missed it the first time around, you'll also learn about the aesthetic merits of British colonialism, the second shift at a baked bean factory, the unexpected charm of James Carville, and the simple beauty of rural western Maine. With his signature wit and 20/20 hindsight, Tucker investigates in this patriotic and memorable collection a question on all of our minds: Has America really changed that much in recent decades? The answer is, unequivocally, yes.

It also evaluates the quality of the slides offered, the completeness and accuracy of the identifying information, and the services rendered in filling orders. Fast Slide Melanie Jackson, 2010-10-01 Clay would much rather work as a lifeguard at the beach than at Safari Splash, the new water park in town. The summer job starts to get interesting when he learns that someone has been wandering the park in a lynx costume, scaring the staff. When forty thousand dollars is stolen from the till, and his friends are under suspicion for the theft, boring is starting to look good. But Clay is certain that the mask and the thefts are connected, and he's determined to solve the crime.
