

Slovakia

Joseph A. Mikuš

Historical Dictionary of Slovakia Stanislav J. Kirschbaum,2006-12-08 The Historical Dictionary of Slovakia offers in its second edition an up to date series of entries on Slovak political, social, and economic development since the creation of the second Slovak Republic in 1993 until its admission into the European Union in 2004.

A History of Slovakia: The Struggle for Survival Stanislav J. Kirschbaum,2016-05-10 This classic book offers the most comprehensive and up-to-date history of Slovakia, from its establishment on the Danubian Plain to the present. While paying tribute to Slovakia's resilience and struggle for survival, it describes contributions to European civilization in the Middle Ages; the development of Slovak consciousness in response to Magyarization; its struggle for autonomy in Czechoslovakia after the Treaty of Versailles; its resistance, as the first Slovak Republic, to a Nazi-controlled Europe; its reaction to Communism; and the path that led to the creation of the second Slovak Republic. Now fully updated to the present day, the book examines the vagaries of Slovak post-Communist politics that led to Slovakia's membership in NATO and the European Union.

Slovakia in History Mikuláš Teich,Dušan Kováč,Martin D. Brown,2011-02-03 Until the dissolution of Czechoslovakia, Slovakia's identity seemed inextricably linked with that of the former state. This book explores the key moments and themes in the history of Slovakia from the Duchy of Nitra's ninth-century origins to the establishment of independent Slovakia at midnight 1992-3. Leading scholars chart the gradual ethnic awakening of the Slovaks during the Reformation and Counter-Reformation and examine how Slovak national identity took shape with the codification of standard literary Slovak in 1843 and the subsequent development of the Slovak national movement. They show how, after a thousand years of Magyar-Slovak coexistence, Slovakia became part of the new Czechoslovak state from 1918-39, and shed new light on its role as a Nazi client state as well as on the postwar developments leading up to full statehood in the aftermath of the collapse of communism in 1989. There is no comparable book in English on the subject.

Slovakia and the Slovaks Joseph A. Mikuš,1977

Slovakia Susie Lunt,Zora Milenkovic,2000 All aspects of Slovakia are covered in this annotated bibliography, from its history, politics and laws to its arts, culture and folklore. It will be a reference work for scholars, students and general readers interested in this dynamic region.--BOOK JACKET.

Slovakia - Culture Smart! Brendan Edwards,2011-09-01 Slovakia has struggled with a low international profile. Often overlooked as the Czech Republic's little sister, it is a young country with an old culture and history, and a people who are proudly Central (not Eastern) European. Although for much of the twentieth century Czechs and Slovaks lived together in one state, there are important differences between them, differences that ultimately contributed to separation in 1993 and the rebirth of a sovereign Slovak state. Generally speaking, the Slovaks are more "Slavic" than the Czechs—their pace of life is slower, and their spare time is more often filled with friends, family, and music. They are known to be resistant to change, yet change has been a constant in the state's short economic and political history—from the fall of communism in the Velvet Revolution of late 1989, to the Velvet Divorce of Czechoslovakia in 1993, to widespread economic diversification, expansion, and global influence, to European Union membership in 2004, and the adoption of the euro in 2009— and they have adapted with quiet optimism. Slovakia has been referred to as the economic "tiger" of Europe, and now that it has EU membership and a healthy industrial economy, Europeans are starting to take notice. Its popularity as a tourist destination has been growing rapidly in recent years. Slovaks call their country the Heart of Europe—a term that describes not only their geography but the Slovak character, which is warm, deeply hospitable, and immensely proud. Visitors who step outside Bratislava's Staré mesto (Old Town) and take the time to explore the country beyond will discover a landscape of plains, meadows, mountains, natural spas, and hundreds of ancient castles, and a people at once modest, stoical, humorous, and responsive. This book captures the essence of what makes the Slovak people unique and explains something of the quirks and memorable aspects of their lifestyle. It opens a window onto their inner world, their customs and celebrations, and describes what to expect and how to behave in different situations. While the country is not without its frustrations for foreigners, most visitors succumb to its charms. Few have left without yearning to return to "the little big country."

The A to Z of Slovakia Stanislav J. Kirschbaum,2010-05 The A to Z of Slovakia offers an up to date series of cross-referenced dictionary entries on Slovak political, social, and economic development since the creation of the second Slovak Republic in 1993 until its admission into the European Union in 2004. It includes all of the political actors: the presidents, prime ministers, and party leaders, and many leading academics and cultural personalities, including those from the national minorities. It also contains entries on the various institutions of the Slovak Republic like the judiciary, the armed forces, the media, and parliamentary committees as well as entries that explain Slovakia's position and role in international organizations like NATO and the European Union. The historical survey explains how Slovakia, in its post-Communist transformation, was almost excluded, but in the end became a full member of these two institutions.

Slovakia Karen Henderson,2003-08-29 Since Slovakia achieved independent statehood at the end of 1992 it has become one of the most prosperous post-communist states. This book provides a unique and thorough introduction to Slovakia and will enable the reader to understand its multi-faceted nature. The book includes chapters on Twentieth Century History, Politics, Economy and International Relations.

Slovakia and Its People Gilbert Lawrence Oddo,1960

A Concise History of Slovakia Blanka Brezováková,2000

Introduction to Slovakia Gilad James, PhD, Slovakia is a landlocked country situated in the heart of Europe, bordered by Austria to the west, Ukraine to the east, Poland to the north, and Hungary to the south. The country has a rich and complex history, having been part of various empires and kingdoms throughout the centuries. Slovakia gained independence in 1993 with the peaceful split of Czechoslovakia. Slovakia has a diverse culture with influences from its neighboring countries and its own unique traditions. One aspect of its culture is folk music, which is still popular today and is often accompanied by traditional dances. The country is also known for its architecture, particularly its historic castles and chateaux that dot the landscape. Slovakia has a mix of natural resources and scenery, such as the Tatras mountains, Slovakia ring, valleys of the Váh and Hron rivers, castles, medieval towns, fortresses and vineyards.

The History of the Czech Republic and Slovakia William Mahoney,2011-02-18 This survey of Czech and Slovak history traces the development of two neighboring peoples through the creation of a common Czechoslovakian state in 1918 to the founding of the independent Czech and Slovak Republics in 1993 and beyond. The History of the Czech Republic and Slovakia charts historical developments in the two nations to the opening decade of the 21st century. The book begins with an overview of the geography, climate, people, economy, and government of both the Czech and Slovak republics. Subsequent chapters offer a chronologically organized survey of historical events, trends, ideas, and people. Starting with the early Slavic settlements around the 5th century AD, the book explores Czech and Slovak history through the Middle Ages, the Renaissance and Early Modern eras, the Enlightenment, and the age of nationalism and revolution. Chapters on the 20th century include discussion of the World Wars, the interwar Czechoslovak state, the Communist decades, the Prague Spring, and the Velvet Revolution of 1989. The story is brought up to date with insights into developments in the independent Czech and Slovak republics since 1993.

Culture and Customs of the Czech Republic and Slovakia Craig Cravens,2006-08-30 The Czech Republic is a red-hot European destination, and the charms of Slovakia are slowly being discovered by Westerners as well. The two countries share fundamental similarities in language and culture, but they never really managed to create a common national Czechoslovak identity, after being merged in 1918 when the Austro-Hungarian Empire collapsed. With the lifting of the Iron Curtain in 1989 through the Velvet Revolution and the final breakup of Czechoslovakia in to two countries in 1993, this up-to-date, substantive insight is much needed. This volume overviews the current social, cultural, and political scene of both countries, so that general readers come away with a solid understanding of where the Czechs and Slovaks have been and where they are going. The land, people, and history chapter lays the groundwork for the rest of the narrative. In the chapter on religion and thought, the reasons for the widespread atheism of the Czechs and the contrasting religiosity of the Slovaks are

explained. Both peoples are shown to have relaxed attitude toward life and a love of celebrations, with a strong beer culture. The state of women and family and feminism in the post-Soviet era is also discussed and readers will learn about the role of romance novels and the Czech Cosmopolitan. The literature chapter emphasizes the Czech sense of humor and the lack of translations of Slovakian works. The crises in journalism and cinema are other important topics. Finally, the strong traditions of theater and music, which have always been part of the Czech national consciousness, are seen to be as alive and vibrant as in any place in the world.

Slovakia on the Road to Independence Paul Hacker,2010 This memoir covers the volatile political intrigues surrounding the breakup of Czechoslovakia and the founding of independent Slovakia in 1993.

Slovakia and the Slovaks Milan Strhan,David P. Daniel,1994

Slovaks of Chicagoland Robert M. Fasiang,Robert Magruder,2014 An engaging pictorial history of the Slovak community in Chicagoland, documenting their journeys and struggles through rare and vintage images. The story of Slovak Americans in Chicagoland is a tale of the American dream. In a few short years, emigrants from Slovakia with little to their names came to the United States and succeeded beyond their highest hopes. This fascinating story of rags to riches has been documented in historical photographs in Images of America: Slovaks of Chicagoland. Many Slovaks came to America with few assets, no more than a sixth-grade education, and no knowledge of the English language. They went to school and became naturalized citizens. Many took menial jobs in stockyards, steel mills, and oil refineries. They saved their money and opened grocery stores, banks, construction firms, and other businesses. Slovaks built beautiful churches, quality schools, and recreational facilities. They raised their families to be proud Americans and incorporated traditions from Slovakia into their daily lives, including the important role of religion.

Slovakia Ted Gottfried,2005 A look at the country and people of Slovakia.

Choosing Slovakia Alexander Maxwell,2009-09-07 The Slavs saw themselves as Hungarian citizens speaking Pan-Slav and Czech dialects - and yet were the origins of what would become in the twentieth century a new Slovak nation. How then did Slovak nationalism emerge from multi-ethnic Hungarian loyalism, Czechoslovakism and Pan-Slavism? Here Alexander Maxwell presents the story of how and why Slovakia came to be.

Cleveland Slovaks John T. Sabol,Lisa A. Alzo,2009 Cleveland's Slovaks can best be characterized as survivors. Many survived ethnic persecution and poverty so they could have a chance at something better. Beginning with a small core of immigrants seeking work aboveground rather than in the coal mines of neighboring states, Cleveland's Slovak community grew through a giant chain migration. Their neighborhoods flourished close to their jobs and their churches. Many of the ancestors of today's Slovaks came to the United States classified as Hungarians. In their hearts, though, they knew what they were and what language they spoke. They held on to their native language even as they learned English and unwaveringly encouraged their children to strive for the opportunity America offered. According to the 2000 census, 93,500 northeast Ohioans claim Slovak heritage. The photographs in Cleveland Slovaks show their neighborhoods and family life and give readers an appreciation of the community's legacy.

Slovakia Peter A. Toma,Dušan Kováč,2001 From medieval times to the current day, historical accounts of Slovakia and the Slovak people have often been either sketchy, romanticized versions of a pastoral society or nationalistic, exaggerated exaltations of the past. Now Slovakia: From Samo to Dzurinda at last offers a true history of the Slovak people without prejudice: their struggle for national identity, their aspirations for independence and economic development, and their ambition to become a democratic state. The product of painstaking research by the authors - one a naturalized American from Slovakia and the other a Slovak historian - this book is the definitive volume for readers in the English language who wish to acquire a more sophisticated understanding about past and present Slovakia. From the seventh-century empire of Samo, the first Slav king, to the present-day struggle for democracy, the authors detail all the region's significant history. They examine the Slovaks' Slavic ancestors and the emergence of a modern Slovak nation, the postwar communist dictatorship and the Prague Spring, the fall of socialism from the Velvet Revolution to the breakup of the Czechoslovak Federation, and the ongoing process of trying to establish democratic institutions in today's independent Slovakia. All readers - regardless of their ethnic origin or political persuasion - will find that this factual and scholarly historical survey of the Slovaks and Slovakia offers an illuminating new perspective on a people whose history has often been clouded by the interests of those who wrote about them.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
