How to Read Nancy Paul Karasik, Mark Newgarden, 2017-10-31 Everything that you need to know about reading, making, and understanding comics can be found in a single Nancy strip by Ernie Bushmiller from August 8, 1959. Paul Karasik and Mark Newgarden's groundbreaking work *How to Read Nancy* ingeniously isolates the separate building blocks of the language of comics through the deconstruction of a single strip. No other book on comics has taken such a simple yet methodical approach to laying bare how the comics medium really works. No other book of any kind has taken a single work by any artist and minutely (and entertainingly) pulled it apart like this. *How to Read Nancy* is a completely new approach towards deep-reading art. In addition, *How to Read Nancy* is a thoroughly researched history of how comics are made, from their creation at the drawing board to their ultimate destination at the bookstore. Textbook, art book, monogram, dissection, *How to Read Nancy* is a game changer in understanding how the "simplest" drawings grab us and never leave. Perfect for students, academics, scholars, and casual fans.

Thanks to the cartoonists--the people who have brought and still bring these and other characters to life day after day in the newspapers--the characters have become an entertaining and important part of American culture. (Un)Controlled Chaos Vance Nevada, 2022-08-19 The heroic feats of ring gladiators have taken wrestling fans on an emotional journey--living vicariously through every body slam, dropkick, and piledriver. The investment of the crowd is demonstrated by their roars of excitement, their cheers for their heroes, and their catcalls at nasty ring villains. (Un)Controlled Chaos: Canada's Remarkable Professional Wrestling Legacy re-lives those unforgettable moments between the ropes. It provides a fascinating snapshot of the world behind the curtain, and a glimpse into the lives of the men and women who have both competed in the ring and served as the very architects of the industry.

Slugboy Saves the World Mark Smith, 2016-10-03 Thanks to an unfortunately tasty-looking radioactive garden slug, eleven-year-old Murdo McLeod is now the world's worst superhero. His two powers are pretty unique: the first is sliding up walls. Quite slowly. The second is secreting slippery slime from his skin. (Yes, just as disgusting as it sounds.) In a world where superhero competition is fierce, Slugboy doesn't make the grade. No one wants help fighting bad guys from someone with a horrible habit of (quite literally) messing things up. He's so underrated, in fact, that when an evil mastermind devises a plan to capture all the other superheroes, Slugboy isn't even on his list. Now, Slug Boy has to use his not-so-super and oh-so-gross abilities to free the other superheroes and save the world. Let's hope he doesn't slip up.
