Smoke Dan Vyleta,2016-05-24 Readers of the Harry Potter series and Jonathan Strange and Mr. Norrell are sure to be mesmerized by Dan Vyleta's thrilling blend of historical fiction and fantasy, as three young friends scratch the surface of the grown-up world to discover startling wonders—and dangerous secrets. “Dan Vyleta writes with intricacy and imagination and skillful pacing; never once would I have considered putting his book down. In the manner of both a Dickens novel and the best young adult adventure stories (the Harry Potter series among them). . .his ending, which I wouldn't dare reveal here, is a real firecracker.”—Jennifer Senior, The New York Times Welcome to a Victorian England unlike any other you have experienced before. Here, wicked thoughts (both harmless and hate-filled) appear in the air as telltale wisps of Smoke. Young Thomas Argyle, a son of aristocracy, has been sent to an elite boarding school. Here he will be purged of Wickedness, for the wealthy do not Smoke. When he resists a sadistic headboy's temptations to Smoke, a much larger struggle beyond the school walls is revealed. Shortly thereafter, on a trip to London, Thomas and his best friend witness events that make them begin to question everything they have been taught about Smoke. And thus the adventure begins... You will travel by coach to a grand estate where secrets lurk in attic rooms and hidden laboratories; where young love blossoms; and where a tumultuous relationship between a mother and her children is the crucible in which powerful passions are kindled, and dangerous deeds must be snuffed out in a desperate race against time.

Tree of Smoke Denis Johnson,2007-09-04 Once upon a time there was a war . . . and a young American who thought of himself as the Quiet American and the Ugly American, and who wished to be neither, who wanted instead to be the Wise American, or the Good American, but who eventually came to witness himself as the Real American and finally as simply the Fucking American. That's me. This is the story of Skip Sands—spy-in-training, engaged in Psychological Operations against the Vietcong—and the disasters that befall him thanks to his famous uncle, a war hero known in intelligence circles simply as the Colonel. This is also the story of the Houston brothers, Bill and James, young men who drift out of the Arizona desert into a war in which the line between disinformation and delusion has blurred away. In its vision of human folly, and its gritty, sympathetic portraits of men and women desperate for an end to their loneliness, whether in sex or death or by the grace of God, this is a story like nothing in our literature. Tree of Smoke is Denis Johnson's first full-length novel in nine years, and his most gripping, beautiful, and powerful work to date. Tree of Smoke is the 2007 National Book Award Winner for Fiction.

Holy Smoke John Shelton Reed,Dale Volberg Reed,2016-06-30 North Carolina is home to the longest continuous barbecue tradition on the North American mainland. Now available for the first time in paperback, Holy Smoke is a passionate exploration of the lore, recipes, traditions, and people who have helped shape North Carolina's signature slow-food dish. A new preface by the authors examines the latest news, good and bad, from the world of Tar Heel barbecue, and their updated guide to relevant writing, films, and websites is an essential. They trace the origins of North Carolina 'cue and the emergence of the heated rivalry between Eastern and Piedmont styles. They provide detailed instructions for cooking barbecue at home, along with recipes for the traditional array of side dishes that should accompany it. The final section of the book presents some of the people who cook barbecue for a living, recording firsthand what experts say about the past and future of North Carolina barbecue. Filled with historic and contemporary photographs showing centuries of North Carolina's barbeculture, as the authors call it, Holy Smoke is one of a kind, offering a comprehensive exploration of the Tar Heel barbecue tradition.

Clearing the Smoke Institute of Medicine,Board on Health Promotion and Disease Prevention,Committee to Assess the Science Base for Tobacco Harm Reduction,2001-10-17 Despite overwhelming evidence of tobacco's harmful effects and pressure from anti-smoking advocates, current surveys show that about one-quarter of all adults in the United States are smokers. This audience is the target for a wave of tobacco products and pharmaceuticals that claim to preserve tobacco pleasure while reducing its toxic effects. Clearing the Smoke addresses the problems in evaluating whether such products actually do reduce the health risks of tobacco use. Within the context of regulating such products, the committee explores key questions: Does the use of such products decrease exposure to harmful substances in tobacco? Is decreased exposure associated with decreased harm to health? Are there surrogate indicators of harm that could be measured quickly enough for regulation of these products? What are the public health implications? This book looks at the types of products that could reduce harm and reviews the available evidence for their impact on various forms of cancer and other major ailments. It also recommends approaches to governing these products and tracking their public health effects. With an attitude of healthy skepticism, Clearing the Smoke will be important to health policy makers, public health officials, medical practitioners, manufacturers and marketers of reduced-harm tobacco products, and anyone trying to sort through product claims.

Black Smoke Adrian Miller,2021-04-05 Across America, the pure love and popularity of barbecue cookery have gone through the roof. Prepared in one regional style or another, in the South and beyond, barbecue is one of the nation's most distinctive culinary arts. And people aren't just eating it; they're also reading books and articles and watching TV shows about it. But why is it, asks Adrian Miller—admitted 'cuehead and longtime certified barbecue judge—that in today's barbecue culture African Americans don't get much love? In Black Smoke, Miller chronicles how Black barbecuers, pitmasters, and restaurateurs helped develop this cornerstone of American foodways and how they are coming into their own today. It's a smoke-filled story of Black perseverance, culinary innovation, and entrepreneurship. Though often pushed to the margins, African Americans have enriched a barbecue culture that has come to be embraced by all. Miller celebrates and restores the faces and stories of the men and women who have influenced this American cuisine. This beautifully illustrated chronicle also features 22 barbecue recipes collected just for this book.

Holy Smoke John Shelton Reed,Dale Volberg Reed,2009-11-30 North Carolina is home to the longest continuous barbecue tradition on the North American mainland. Authoritative, spirited, and opinionated (in the best way), Holy Smoke is a passionate exploration of the lore, recipes, traditions, and people who have helped shape North Carolina's signature slow-food dish. Three barbecue devotees, John Shelton Reed, Dale Volberg Reed, and William McKinney, trace the origins of North Carolina 'cue and the emergence of the heated rivalry between Eastern and Piedmont styles. They provide detailed instructions for cooking barbecue at home, along with recipes for the traditional array of side dishes that should accompany it. The final section of the book presents some of the people who cook barbecue for a living, recording firsthand what experts say about the past and future of North Carolina barbecue. Filled with historic and contemporary photographs showing centuries of North Carolina's barbeculture, as the authors call it, Holy Smoke is one of a kind, offering a comprehensive exploration of the Tar Heel barbecue tradition.

Smoke Meili Cady, 2015-03-24 Combining the excess of *The Bling Ring* with the intimacy of *Blow* and the charm of *Catch Me If You Can*, an outrageous, entertaining and true story of an aspiring young actress' ill-fated friendship and unwitting alliance with a drug smuggling "heiress." Aspiring actress Meili Cady left small-town Washington State for the glamorous lure of Los Angeles. Young and alone, she was struggling to make her big break. Then she met Lisette Lee. Calling herself the "Korean Paris Hilton," Lisette claimed she was a model and a Korean pop star, lived in a \$1.2 million dollar apartment in West Hollywood, owned a fleet of luxury cars, and flitted from one red-carpet event to the next. The connection was instant. Meili was enchanted by her friend's extravagant lifestyle, while Lee claimed Meili was the real thing in a town full of phonies. Soon, the financially strapped Meili became her friend's personal assistant—and found herself sucked into an audacious criminal enterprise. But when Meili finally realized what she was a part of it was too late—she was in too deep, caught in a terrifying relationship with a manipulative and abrasive con artist smuggling millions of dollars of pot into the Midwest. Trapped in a precarious criminal world of money, drugs, and dangerous secrets, Meili struggled to understand the line between truth and lie. A once naive girl who fell down the rabbit hole, she could only watch helplessly as it all came crashing down around her. *Smoke* is her story—an electrifying tale of vice, corruption, hubris, and lost innocence as shocking and entertaining as *The Wolf of Wall Street* and *Bringing Down the House*.

Blowing Smoke Rud Istvan, 2014-10-14 From the Foreword by Prof. Judith Curry of Georgia Tech: "Istvan's insightful and incisive writing in *Blowing Smoke* tackles a diverse array of topics related to climate and energy that are highly relevant to the current public debate. His writing is accessible to the public who may not have the inclination, the time, or the ability to dig deep into the literature and emerge with a simple factual 'big picture'... *Blowing Smoke* is an important contribution to the public understanding of the debate on climate change and energy."

His sudden appearance on campus is jeopardizing Isaiah's scholarship and his life. The Smoke of the Gods Eric Burns, 2006-10-06 From the author of *The Spirits of America*, an energetic history of tobacco use.

Smoke Dorianne Laux, 2013-12-20 Dorianne Laux's long-awaited third book of poetry follows her collection, *What We Carry*, a finalist for the 1994 National Book Critics Circle Award for Poetry. In *Smoke*, Laux revisits familiar themes of family, working class lives and the pleasures of the body in poetry that is vital and artfully crafted—poetry that gets hard in the face of aloofness, in the words of one reviewer. In *Smoke*, as in her previous work, Laux weaves the warp and woof of ordinary lives into extraordinary and complex tapestries. In *The Shipfitter's Wife*, a woman recalls her husband's homecoming at the end of his work day: Then I'd open his clothes and take the whole day inside me—the ship's gray sides, the miles of copper pipe, the voice of the foreman clanging off the hull's silver ribs. Spark of lead kissing metal. The clamp, the winch, the white fire of the torch, the whistle, and the long drive home. And in the title poem, Laux muses on her own guilty pleasures: Who would want to give it up, the coal a cat's eye in the dark room, no one there but you and your smoke, the window cracked to street sounds, the distant cries of living things. Alone, you are almost safe . . . With her keen ear and attentive eye, Dorianne Laux offers us a universe with which we are familiar, but gives it to us fresh. Dorianne Laux is the author of two previous collections of poetry from BOA Editions, Ltd., and is co-author, with Kim Addonizio, of *The Poet's Companion: A Guide to the Joys of Writing Poetry* (W.W. Norton, 1997), chosen as an alternate selection by several bookclubs. Laux was the judge for the 2012 A. Poulin, Jr. Poetry Contest, and is a tenured professor in the creative writing program at the University of Oregon. Laux lives in Eugene, Oregon.

Lady Smoke Laura Sebastian, 2019-02-05 The second installment in the New York Times bestselling series made for fans of Victoria Aveyard and Sabaa Tahir (*Bustle*), *Lady Smoke* is an epic new fantasy about a throne cruelly stolen and a girl who must fight to take it back for her people. The Kaiser murdered Theodosia's mother, the Fire Queen, when Theo was only six. He took Theo's country and kept her prisoner, crowning her Ash Princess—a pet to toy with and humiliate for ten long years. That era has ended. The Kaiser thought his prisoner weak and defenseless. He didn't realize that a sharp mind is the deadliest weapon. Theo no longer wears a crown of ashes. She has taken back her rightful title, and a hostage—Prinz Soren. But her people remain enslaved under the Kaiser's rule, and now she is thousands of miles away from them and her throne. To get them back, she will need an army. Only, securing an army means she must trust her aunt, the dreaded pirate Dragonsbane. And according to Dragonsbane, an army can only be produced if Theo takes a husband. Something an Astrean Queen has never done. Theo knows that freedom comes at a price, but she is determined to find a way to save her country without losing herself. Praise for the Ash Princess Series: A darkly enchanting page-turner you won't be able to put down.--*Bustle* A smart, feminist twist on a traditional tale of a fallen heroine, with plenty of court intrigue, love, and lies to sweeten the deal. Good luck putting this one down. --Virginia Boecker, author of *The Witch Hunter* series This searing page-turner is a compelling examination of the complexities of both evil and resistance.--Sarah Porter, author of *Vassa in the Night* A dark and spellbinding epic. --Sara Holland, New York Times bestselling author of *Everless* A rebel queen fans the sparks of revolution...[and] Theo's first-person narration remains enthralling with emotional immediacy...[while] packed to the brim with intrigue and the promise.-*Kirkus Reviews*

Learning to Smoke Jason Hughes, 2003-02-15 Why do people smoke? Taking a unique approach to this question, Jason Hughes moves beyond the usual focus on biological addiction that dominates news coverage and public health studies and invites us to reconsider how social and personal understandings of smoking crucially affect the way people experience it. *Learning to Smoke* examines the diverse sociological and cultural processes that have compelled people to smoke since the practice was first introduced to the West during the sixteenth century. Hughes traces the transformations of tobacco and its use over time, from its role as a hallucinogen in Native American shamanistic ritual to its use as a prophylactic against the plague and a cure for cancer by early Europeans, and finally to the current view of smoking as a global pandemic. He then analyzes tobacco from the perspective of the individual user, exploring how its consumption relates to issues of identity and life changes. Comparing sociocultural and personal experiences, Hughes ultimately asks what the patterns of tobacco use mean for the clinical treatment of smokers and for public policy

on smoking. Pointing the way, then, to a more learned and sophisticated understanding of tobacco use, this study will prove to be essential reading for anyone interested in the history of smoking and the sociology of addiction.
