Dirty White Boys Stephen Hunter,2011-01-05 They busted out of McAlester State Penitentiary--three escaped convicts going to ground in a world unprepared for anything like them.... Lamar Pye is prince of the Dirty White Boys. With a lion in his soul, he roars--for he is the meanest, deadliest animal on the loose.... Odell is Lamar's cousin, a hulking manchild with unfeeling eyes. He lives for daddy Lamar. Surely he will die for him.... Richard's survival hangs on a sketch: a crude drawing of a lion and a half-naked woman. For this Lamar has let Richard live... Armed to the teeth, Lamar and his boys have cut a path of terror across the Southwest, and pushed one good cop into a crisis of honor and conscience. Trooper Bud Pewtie should have died once at Lamar's hands. Now they're about to meet again. And this time, only one of them will walk away....

The Cinema of Clint Eastwood David Sterritt,2014-11-25 He became a movie star playing The Man With No Name, and

today his name is known around the world. Measured by longevity, productivity, and profits, Clint Eastwood is the most successful actor-director-producer in American film history. This book examines the major elements of his career, focusing primarily on his work as a director but also exploring the evolution of his acting style, his long association with screen violence, his interest in jazz, and the political views – sometimes hotly controversial – reflected in his films and public statements. Especially fascinating is the pivotal question that divides critics and moviegoers to this day: is Eastwood a capable director with a photogenic face, a modest acting talent, and a flair for marketing his image? Or is he a true cinematic auteur with a distinctive vision of America's history, traditions, and values? From *A Fistful of Dollars* and *Dirty Harry* to *Million Dollar Baby* and beyond, *The Cinema of Clint Eastwood* takes a close-up look at one of the screen's most influential and charismatic stars.

The Healthy Electric Smoker Cookbook Robyn Lindars, 2019-05-07 Authentic smoked flavor for those who don't prefer to spend hours monitoring their low-and-slow barbecue. With *The Healthy Electric Smoker Cookbook*, you can confidently smoke just about anything, offering many advantages over traditional smoking methods. - More convenient - Precise temperature control means you don't need to spend hours tweaking temperature, adding wood, and tending to the smoker. - Less cost - Conventional smokers require a significant amount of wood to produce consistent smoke and heat over long periods of time, but electric smokers use a very small amount of wood, which is used for flavoring and not as the energy source. - Smaller footprint - Electric smokers take up significantly less space and produce much less ash than traditional smokers. From happy hour, to entrée, to dessert, use any brand of electric smoker to wow your family and neighbors without building a smokehouse in your backyard. Plus, no unnecessary carbs and processed ingredients needed. Smoke your own skinny jalapeño margaritas, chipotle sriracha wings, cilantro lime beef satay, or dark chocolate brownies with bourbon whipped cream. Sure, you can loiter and watch your ribs slowly tenderize if you want, but you can also go do your yard work while your electric appliance turns out the most perfectly smoked and traditionally flavored barbecue you've ever created.

The Fall of the God of Money Keith McMahon, 2002 In this first truly cross-cultural study of opium, Keith McMahon considers the perspectives of both smokers and non-smokers from China and the Euro-West and from both sides of the issue of opium prohibition. The author stages a dramatic confrontation between the Chinese opium user and the Euro-Westerner who saw in opium the image of an uncanny Asiatic menace. The rise of the opium demon meant the fall of the god of money, that is, Chinese money, and the irreversible trend in which Confucianism gave way to Christianity. The book explores early Western observations of opium smoking, the formation of arguments for and against the legalization of opium, the portrayals of opium smoking in Chinese poetry and prose, and scenes of opium-smoking interactions among male and female smokers and smokers of all social levels in 19th-century China. White Hunters Brian Herne,2014-04-08 East Africa affects our imagination like few other places: The sight of a charging rhino goes directly to the heart; the limitless landscape of bony highlands, desert, and mountain is, as Isak Dinesen wrote, of unequalled nobility. Brian Herne's White Hunters is the story of seventy years of African adventure, danger, and romance. It re-creates the legendary big-game safaris led by Selous and Bell and the daring ventures of early hunters into unexplored territories, and brings to life such romantic figures as Cape-to-Cairo Grogan, who walked 4,000 miles for the love of a woman, and Dinesen's dashing lover, Denys Finch. Witnesses to the richest wildlife spectacle on the earth, these hunters were the first conservationists. Hard-drinking, infatuated with risk, and careless in love, they inspired Hemingway's stories and movies with Clark Gable and Gregory Peck.

Smoking Imprisons You John P. Hunter III,2014-08-21 SMOKING I can actually say that I am an authoritative at this subject as; I smoked cigarettes for fifty years before quitting. Was it difficult to stop? To be on the truthful side of reality, YES it was and is. Why after all those years would I stop? We all know that cigarette smoking is hazardous to our health but this is not the sole reason for me to quit. I will get into details of this within this book but the health issue, at my age; it did have a huge bearing on quitting. Writing this book educated me better, seeing it on paper, then doctors and other people bellowing out, you should quit smoking, smoking is bad and blah, blah, blah. A majority of the time, smokers are harassed so much about quitting that they resent the fact of other people telling them what is good or bad for them, so they continue in puffing away just to irritate those who demand in having a non-smoker around. No one particularly likes a nagging or a complaining know-it-all because they choose not to smoke. Do not forget; I smoked for fifty years and I have heard ALL of the logical reasons, not to quit, year after year and decade after decade until I could memorize them all. Some non-smokers used to smoke and they seem to be the worst on advice. To be forced to quit doing something which is legal, is not "FREEDOM" for those who continue to smoke, only "FREEDOM" for those who do not smoke. If people wish to stop tobacco smoking permanently, then abolish the tobacco industry. Marijuana is legalized in many 'States' which does more damage to your lungs then cigarettes but cigarettes offend the majority. This lies on the same principle as "Save the Eagles", "Save the Whales" but it is 'LEGAL" to abort an unborn child. I believe after reading this book you will quit smoking or at least cut your tobacco uses down. QUIT SMOKING NOW WHILE YOU STILL

HAVE A CHANCE TO "LIVE LONGER". TOMORROW MAY BE TOO LATE. "WHERE ARE YOUR PRIORITIES"?
