Women in Science Fiction and Fantasy [2 volumes] Robin Anne Reid,2008-12-30 Works of science fiction and fantasy increasingly explore gender issues, feature women as central characters, and are written by women writers. This book examines women's contributions to science fiction and fantasy across a range of media and genres, such as fiction, nonfiction, film, television, art, comics, graphic novels, and music. The first volume offers survey essays on major topics, such as sexual identities, fandom, women's writing groups, and feminist spirituality; the second provides alphabetically arranged entries on more specific subjects, such as Hindu mythology, Toni Morrison, magical realism, and Margaret Atwood. Entries are written by expert contributors and cite works for further reading, and the set closes with a selected, general bibliography. Students and general readers love science fiction and fantasy. And science fiction and fantasy works increasingly explore gender issues, feature women as central characters, and are written by women writers. Older works demonstrate attitudes toward women in times past, while more recent works grapple with contemporary social issues. This book helps students use science fiction and fantasy to understand the contributions of women writers, the representation of women in the media, and the experiences of women in society.

Alex loves taking chances, which is how she finds herself embroiled in a secret mission as she races across the country with the Earl of Trenton. But Alexandra is about to discover that the real danger lies not in duels, but in her completely unexpected reaction to Lord Trenton's company. Michael Ashford, Earl of Trenton, is a man of duty. Honorable, charming, and a hit with the ladies, he's never had trouble staying focused—until now. Lady Alexandra is like no other woman he's ever met, and suddenly the prospect of marriage seems far more appealing. Now, to convince Alexandra that a life together could be an adventure like no other...

Sands of Eppla Janeal Falor, Cassandra lives in a world where you fall in love at first sight—or not at all. Too bad she's blind, and being blind makes her not only immune to love, but also a criminal. She must now live alone or face being sentenced to a life of slavery. Though she's grown accustomed to her solitude, everything changes when Cassandra stumbles across a mysterious man in her domain. A royal soldier is hunting Nikon down, endangering her freedom as well. If the warriors discover her, she'll be bound by the law. Not willing to risk slavery or death, Cassandra abandons her familiar home and ventures into an unforgiving world with Nikon. Forced to trust a man she doesn't even know, Cassandra finds she's drawn to him even though a relationship between them is impossible. And she can't afford any distractions. If they don't stay one step ahead of the warriors, Nikon will be imprisoned and she enslaved. Cassandra must use all the senses she has left if they're to remain free.
