- 📖 **THE GIRL IN CABIN 13** A J Rivers, 2020-01-10 Knock...Knock... When Emma finds a dead body on her porch with her name written on the dead man's hand she uncovers a sinister clue to the mystery that has haunted her since childhood. FBI agent Emma Griffin is sent undercover to the small sleepy town of Feathered Nest to uncover the truth behind the strings of disappearances that has left the town terrified. To Emma there is nothing that can lay buried forever. Even though her own childhood has been plagued by deaths and disappearances. Her mother's death, her father's disappearance, and her boyfriend's disappearance. The only cases that she hasn't solved. Her obsession with finding out the truth behind her past was what led her to join the FBI. Now, she must face what may be her biggest case. In Cabin 13 there lies an uneasy feeling. The feeling of her movements being watched. When a knock on her door revealed a body on her porch and her name written on a piece of paper in the dead man's hand. Suddenly her worlds collide. With the past still haunting her, Emma must fight past her own demons to stop the body count from rising. The woods have secrets. And this idyllic town has dark and murderous ones. Either she reveals them or risk them claiming her too. In Feathered Nest, nothing is what it seems. The Girl in Cabin 13 is about to find out that the dead may have secrets of their own.
- 📖 **RESERVOIR 13** Jon McGregor, 2017-10-03 Evoking the spirit of Jeffrey Eugenides' The Virgin Suicides, Zadie Smith's NW, and Hisham Matar's Anatomy of a Disappearance, this novel sweeps the reader up quickly into its understated and emotionally moving story of a whole English village haunted by one family's loss. Midwinter in an English village. A teenage girl has gone missing. Everyone is called upon to join the search. The villagers fan out across the moors as the police set up roadblocks and a crowd of news reporters descends on what is usually a place of peace. Meanwhile, there is work that must still be done: cows milked, fences repaired, stone cut, pints poured, beds made, sermons written, a pantomime rehearsed. As the seasons unfold and the search for the missing girl goes on, there are those who leave the village and those who are pulled back; those who come together and those who break apart. There are births and deaths; secrets kept and exposed; livelihoods made and lost; small kindnesses and unanticipated betrayals. An extraordinary novel of cumulative power and grace, Reservoir 13 explores the rhythms of the natural world and the repeated human gift for violence, unfolding over thirteen years as the aftershocks of a tragedy refuse to subside. Winner of the Costa Novel Award, Longlisted for the Man Booker Prize 2017, and a New York Times Book Review Editors' Choice
- 📖 **THE DISTANCE BETWEEN US** Reyna Grande, 2012-08-28 In this inspirational and unflinchingly honest memoir, acclaimed author Reyna Grande describes her childhood torn between the United States and Mexico, and shines a light on the experiences, fears, and hopes of those who choose to make the harrowing journey across the border. Reyna Grande vividly brings to life her tumultuous early years in this "compelling...unvarnished, resonant" (BookPage) story of a childhood spent torn between two parents and two countries. As her parents make the dangerous trek across the Mexican border to "El Otro Lado" (The Other Side) in pursuit of the American dream, Reyna and her siblings are forced into the already overburdened household of their stern grandmother. When their mother at last returns, Reyna prepares for her own journey to "El Otro Lado" to live with the man who has haunted her imagination for years, her long-absent father. Funny, heartbreaking, and lyrical, The Distance Between Us poignantly captures the confusion and contradictions of childhood, reminding us that the joys and sorrows we experience are imprinted on the heart forever, calling out to us of those places we first called home. Also available in Spanish as La distancia entre nosotros.
- 📖 **Room 13** Edgar Wallace, 1924
- 📖 **MY LUCKY #13** Piper Rayne, 2021-06-29 Lucky. The one adjective used to describe my entire hockey career. I prefer to call it hard work, at least I did until my game went to complete crap. I haven't scored in eight games and the team owner is talking about trading me. I've never believed in superstitions. Never needed one. I suppose I was "lucky" in that way. But now the best way to refer to me is desperate. I'd wear the same socks for an entire year just to be the high-scoring center I used to be. Imagine my surprise when after spending New Year's Eve with a woman, I score a hat trick in the next game—that's three goals in one game for you non-hockey lovers. Now, I have to track her down and bribe her to do it again before every game. Get your mind out of the gutter, I'm not talking about it. I find her and when I get to know her better, I end up spending more time thinking about her than my game, but she's made it clear she wants no part of me. She's going to learn that I didn't become a professional hockey player without having to fight for what I want.
- 📖 **FRIENDSHIP LIST #2: 12 BEFORE 13** Lisa Greenwald, 2018-09-04 Fans of Lauren Myracle and Wendy Mass will adore the second book in this hilarious series about two BFFs who master middle school with a list of twelve goals they must achieve before their thirteenth birthday. But after a life-changing summer at camp, Ari feels torn between Kaylan and her camp friends. And as she faces down everything from boys to bat mitzvahs, Ari needs to figure out how to be her best self—before her friends come together at her thirteenth birthday party. Or the big win she and Kaylan were hoping for may become an epic fail.
- 📖 **MS-13** Steven Dudley, 2020-09-08 "One of the year's most important books, a gripping meticulously reported account of the rise of one of the world's most notorious street gangs." —Mitch Weiss, Pulitzer Prize winner Winner of the Lukas Prize An NPR Best Book of the Year The MS-13 was born from war. In the 1980s, Alex and his brother fled El Salvador for the US and formed the Mara Salvatrucha Stoners. Initially bound by a love of heavy metal music, the group soon took on a harder edge, selling drugs, stealing cars and killing rivals. Gang members like Alex were incarcerated and deported. But in the prison system, the group only grew stronger. Today, MS-13 is one of the most infamous street gangs on earth—and also largely misunderstood. Longtime organized crime investigator Steven Dudley brings readers inside the nefarious group to tell a broader story of flawed US and Central American policies and the exploitative, unequal systems that shape them. "A remarkable feat of reporting; the ways in which the United States is complicit in the creation and preservation of MS-13 might well keep you awake deep into the night, as it did me." —Rachel Louise Snyder, author of No Visible Bruises "By detailing the experiences of gang members and victims alike, he anatomizes the complex, fluid dynamics of this elusive transnational network. A startling book." —Patrick Radden Keefe, New York Times-bestselling author of Rogues: True Stories of Grifters, Killers, Rebels and Crooks "The definitive account of MS-13 . . . An outstanding book for true crime readers." —Library Journal (starred review)

'This kind of fun will never fail to delight' Philip Pullman
- 📖 **THE LAST THIRTEEN: 13** James Phelan, 2013-12-01 Sam is the first of the last 13 dreamers to be revealed. Caught in a covert battle to preserve life as we know it, he must follow the clues to find twelve more dreamers. Only this unique group can unravel the mysteries of an ancient prophecy and locate the long-lost key to Earth's survival. Sam must not only face two competing factions--The Enterprise and The Academy--but also elude the menacing presence of the masked figure, Solaris, who is always lurking in both dreams and reality. The last 13 dreamers are always in danger. The group must avoid capture by trained agents and unscrupulous treasure hunters, as well as thwart security officials as they gain access to museums, libraries, government facilities and archaeological sites, in order to locate the lost pieces of the artifact that will lead them to their ultimate destination. The last 13 must continue on their desperate mission against the odds and face the inevitable final battle. Will they be strong enough to fulfill the prophecy, or is the world doomed?
- 📖 **THE MERCURY 13** Martha Ackmann, 2004-07-13 For readers of The Astronaut Wives Club, The Mercury 13 reveals the little-known true story of the remarkable women who trained for NASA space flight. In 1961, just as NASA launched its first man into space, a group of women underwent secret testing in the hopes of becoming America's first female astronauts. They passed the same battery of tests at the legendary Lovelace Foundation as did the Mercury 7 astronauts, but they were summarily dismissed by the boys' club at NASA and on Capitol Hill. The USSR sent its first woman into space in 1963; the United States did not follow suit for another twenty years. For the first time, Martha Ackmann tells the story of the dramatic events surrounding these thirteen remarkable women, all crackerjack pilots and patriots who sometimes sacrificed jobs and marriages for a chance to participate in America's space race against the Soviet Union. In addition to talking extensively to these women, Ackmann interviewed Chuck Yeager, John Glenn, Scott Carpenter, and others at NASA and in the White House with firsthand knowledge of the program, and includes here never-before-seen photographs of the Mercury 13 passing their Lovelace tests. Despite the crushing disappointment of watching their dreams being derailed, the Mercury 13 went on to extraordinary achievement in their lives: Jerrie Cobb, who began flying when she was so small she had to sit on pillows to see out of the cockpit, dedicated her life to flying solo missions to the Amazon rain forest; Wally Funk, who talked her way into the Lovelace trials, went on to become one of the first female FAA investigators; Janey Hart, mother of eight and, at age forty, the oldest astronaut candidate, had the political savvy to steer the women through congressional hearings and later helped found the National Organization for Women. A provocative tribute to these extraordinary women, The Mercury 13 is an unforgettable story of determination, resilience, and inextinguishable hope.
