The Oxford Dictionary of Original Shakespearean Pronunciation David Crystal, 2016-03-24 This dictionary is the first comprehensive description of Shakespearean original pronunciation (OP), enabling practitioners to deal with any queries about the pronunciation of individual words. It includes all the words in the First Folio, transcribed using IPA, and the accompanying website hosts sound files as a further aid to pronunciation. It also includes the main sources of evidence in the texts, notably all spelling variants (along with a frequency count for each variant) and all rhymes (including those occurring elsewhere in the canon, such as the Sonnets and long poems). An extensive introduction provides a full account of the aims, evidence, history, and current use of OP in relation to Shakespeare productions, as well as indicating the wider use of OP in relation to other Elizabethan and Jacobean writers, composers from the period, the King James Bible, and those involved in reconstructing heritage centres. It will be an invaluable resource for producers, directors, actors, and others wishing to mount a Shakespeare production or present Shakespeare's poetry in original pronunciation, as well as for students and academics in the fields of literary criticism and Shakespeare studies more generally.

The Heart of a Peacock Emily Carr, 2009-07-01 A collection of short stories about people and animals by the legendary Emily Carr that mingle the sad and the joyous, the cruel and the tender, in her unique style. The Heart of a Peacock is a collection of 51 short stories by the legendary writer and painter Emily Carr. The stories are arranged in themes such as her experiences with Native people, her adventures with various beloved creatures (particularly birds), her love of nature, and a whole section of stories about her mischievous pet monkey Woo. Together, they underline Emily Carr's place as a writer with the sharp yet tender eye of an artist, with a deep feeling for the tragedies of life and with a rich sense of the comic. The Heart of a Peacock has been in print ever since its publication in 1953, and, like her other books, has been read and loved by a couple of generations. The book is enhanced by seven of Carr's own line drawings of scenes from nature. Carr's first book, published in 1941, was titled Klee Wyck, won the Governor General's Literary Award for non-fiction. Her writing is vital and direct, aware and poignant, as well regarded today as when first published.

The Chessman Enigma M S Koll, 2012-10-06 Somebody is killing innocent people all over Wales leaving headless chess pieces as a calling card. The four Welsh Forces are at their wits' end and they have no clues. The killings seem to be without motive. A new dedicated unit, The Serious Crime Squad, is formed to work from a new base which is situated in a Cardiff terraced house. The team consists of two Detective Inspectors. Mike Karetzi is young, unorthodox and a maverick, whereas Evan Jones is pedantic, works by the book and is nearing retiring age. The third member is a big, black sixty-year-old woman who is an expert in computers and forensics. Later they recruit an ex-con for his special expertise on gaining access to places normally inaccessible. However, the killer, codenamed 'The Chessman' by the unit, is no fool and he's very clever and very cunning. The Chessman is hell-bent on completing his mission and won't be denied by anyone. He wants to be rich, very rich.
