Professional soldiers, law enforcement officers and students and researchers of small arms will gain a working knowledge of the most common and successful urban combat weapons (including some currently in development).

**Marine Force One #3** David Stuart Alexander,2003-01-07 From the author of Special Ops and Shadow Down comes this explosive action novel about Marine Force One, a special detachment of the Marine Corps whose prowess in combat and specialized training sets them apart from the average grunt. They charge where others retreat, and succeed where others fail. They are the best America's got. Islamic terrorists have learned a new game—wreaking havoc on Middle Eastern oil facilities to send America reeling into economic turmoil. To

find the leaders of the operation, Marine Force One heads to Yemen—but the job is more complicated than any search and destroy operation they’ve ever done. The terrorists have kidnapped an American Air Force officer, and getting close to them puts his life at risk. But Marine Force One plays by their own rules . . . and they play for keeps.

Bolan, with his little brother at his side, is determined to bring the Mafia and their partners in the police force to justice before more innocent lives are taken. **Rogue Assault** Don Pendleton, 2013-08-01 *NARCO SOLUTION* Africa's first narco-state, Guinea-Bissau, has become a powerful transshipment point for Colombian and

Mexican cartels. But when the country's traffickers work their way into the U.S. and DEA officers are killed trying to take them down, the President decides it's time to put an end to the illicit trade. Mack Bolan is unable to legally confront the drug kingpin of the country, so his mission is to go in under the radar and clean house. Striking the drug factories one by one and dodging bullets at every turn, Bolan soon learns that everyone—from the corrupt leaders in the military to the police department—is part of the drug ring. There's only one way justice can be served, and the Executioner is determined to be the last man standing.

Gun Sean Lennon, 2018-06-28 With just a week until Christmas, everyone in the town of Hoboken is looking forward to the big holiday, especially the detectives of the homicide department. But when they come across multiple dead bodies belonging to the two rival gangs, the thought of a holiday vigilante is the last gift they want. To make matters worse, the unbalanced leader of the Jackals feels that this is the work of the Latin Soldados. And he has every intention on getting revenge. But the only one who really knows what happened is a high school kid who's on the run from both gangs and a vigilante who's looking to clean up the streets. The detectives are forced to keep the peace between the gangs while hunting down a vigilante who will stop at nothing to finish his mission and protecting an innocent kid in the middle of an oncoming blizzard. All in a day's work for the Hoboken Homicide crew.

**Gaudeamus** John Barnes, 2004-11-01 Shatter the line

between fiction and fantasy... The life of an award-winning novelist probably bears more resemblance to normal than most fans would want to believe. But every once in awhile, strange things are bound to erupt around those most equipped to document them... so imagine what renowned science fiction writer John Barnes might do when he finds himself in one of the wildest, most rollicking hard-SF adventures to hit print in years. Barnes' college friend Travis Bismark always brought back plenty of great stories from his job as an industrial spy. This time, over a few beer- and coffee-fueled chat sessions, Travis unravels a tale about his current case too tall for even an SF author to believe: a Gaudeamus machine that bends physics in order to make possible both teleportation and time travel, and how it gets stolen--twice; a grad student-cum-prostitute who deals in telepathy-inducing drugs that let her download top-secret documents from her client's brains, a romp through Colorado and New Mexico during which each episode and character is more bizarre than the last; and the internet meme that seems to tie it all together. Barnes' playful commentary on Travis' story and his own life as a SF writer and drama teacher, interspersed with their everyday interactions with a group of funny, compelling friends, is related in a surprising and non-traditional narrative that blurs the line between fact, fiction, and metafiction. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Soon Bolan is turning safe houses and desert refuges into killing fields as he battles to take down the terrorists three by three. But the last of the group vanishes just as Bolan discovers their ultimate target: an international conference in Switzerland headed by the American President. The world's leaders are caught in the crosshairs, and the Executioner has to stop the splinter group before they strike a global deathblow.

*China White* Don Pendleton, 2014-07-01 NARCO BREAKDOWN The drug syndicate running the heroin pipeline from the Golden Crescent of Afghanistan, Iran and Pakistan crosses a line when it begins hijacking the narco-traffic markets controlled by Asia's Triads. When the ensuing turf war claims lives on America's streets, Mack Bolan prepares to do battle—without official sanction. The Executioner is willing to do or die to prevent a bloodbath

on U.S. soil. In a retaliatory strike, Bolan hits New York's Chinatown, where a scorched earth message ignites fear and uncertainty. Exactly as planned. Now all he has to do is follow the panicked trail to the big predators across the ocean in France and Hong Kong. The sky's no limit for this mega-thriller from one of the top authors in the field. The stakes have never been higher. Catch this plane if you can. Habu Patch ... Black Ops Guy Bowers, 2015-10-20 Black Ops is a skirmish wargame of tactical espionage combat that recreates the tension and excitement of modern action-thrillers such as the Bond and Bourne films. The fast-play rules keep all the players in the thick of the action, while the mission generator provides a wide range of options for scenarios – from stealthy extraction or surveillance missions to more overt raids and assaults. Stealth, combat, and technical expertise all have a role to play, and players may recruit a number of different operative types – spies, mercenaries, criminals, hackers, special forces, and many

more – to recruit the best possible team for the job. Players may also choose to join a faction – powerful organizations, intelligence agencies, criminal syndicates, militaries, or rebel groups, each with a stake in international affairs. By doing so, their team may receive certain benefits, but may also find itself limited at a crucial time. With the variety offered by the characters, factions, and scenarios, no two games of Black Ops should ever be the same!

*The Man From D.A.V.E.* David Alexander, 2023-10-05 A daring secret agent of the worldwide D.A.V.E. spy organization is sent on a perilous mission to save humanity from a weapon as futuristic as a space-based high-energy laser and as ancient as the burning ray of ancient weapon master Archimedes of Syracuse. The action begins in Germany, races across Europe from France to Switzerland, Austria and Italy, then booms across Eastern Europe and roars across the Balkans into Greece, from where it hurtles eastward to the Black Sea port of Odessa, and then rockets into orbit. Plus, this thriller even has its own sound track. So don't wait until the movie comes out. *The Man From D.A.V.E.* is a feature film in thriller novel form. You'll find this out when a bunched fist aimed at your jaw launches from your Kindle and you find yourself dodging bullets to get to the next paragraph alive.

THREATCON DELTA David Alexander, 2021-01-12 THE PENTAGON IS TAKEN. IF YOU WANT IT BACK, FOLLOW MY INSTRUCTIONS... When an ousted mogul and his Russian partner team up to take over the US government, America's first woman president tackles the first major strategic challenge of her administration. Threatcon Delta: Assault on the Pentagon tells the story of how terrorism, treason and global organized crime converge to place the most potent symbol of American military power under the control of a determined and ruthless group of heavily

armed and extremely dangerous men who can't be stopped, yet who must be stopped. This global superthriller is based both on author David Alexander's extensive and detailed research into the history of the Pentagon, combined with first-hand knowledge of the Pentagon's most closely held secrets by this veteran defense insider, all of which has been artfully woven into a masterpiece of high-concept suspense fiction. In fact, the combined impact of accuracy and authenticity blended with superb storytelling may find some readers asking themselves if perhaps some parts of the story shouldn't have been made public, for fear that terrorists or global criminals might some day use it as a basis for an actual plan of attack. Yet the assault on the Pentagon portrayed in the book is no standard terrorist martyrdom mission either. Those who've taken over the headquarters of the United States military have an exit strategy that has been brilliantly devised to shuttle them to safety and provide for the enjoyment of their ill-gotten profits -- a scam on a global scale that promises to net the Puzzle Palace's hijackers a considerable fortune. By any standard, Threatcon Delta: Assault on the Pentagon is action thriller fiction at its boldest and best. It's one of the achievements that have earned author David Alexander a secure place at the top of the list of the world's masters of the game. Praise for Threatcon Delta: Assault on the Pentagon If you read no other technothriller this year, read this awesome action yarn by David Alexander ... it's guaranteed to make you lose sleep. --Arlington Times Threatcon Delta: Assault on the Pentagon tells the story of how terrorism, treason and global organized crime converge to place the most potent symbol of American military power under the control of a determined and ruthless group of heavily armed and extremely dangerous men who can't be stopped, yet who
