Dorsai Spirit Gordon R. Dickson, 2003-03 Two cornerstone novels of the acclaimed "Childe Cycle" return to print in an omnibus edition—with an introduction by David Drake. Throughout humanity's Fourteen Worlds, no group is as feared and respected as the Dorsai. The ultimate warriors, they are known for their deadly rages, and ferocious independence...and unbending honor. No one man rules the Dorsai, but their mastery of the arts of war has made them the most valuable mercenaries in the human universe. *Dorsai!* is the saga of Donal Graeme, the uniquely talented Dorsai, with powers beyond those of ordinary men. Once he ventures to the stars, the world of the Dorsai will be changed forever. And *The Spirit of Dorsai*, written two decades later, is Dickson's great novel of the women of the Dorsai. For the warrior spirit of the Dorsai does not, cannot reside solely in the men of that

race—for when the mercenary Dorsai go to their wars, it is their women who defend their home planet from the predators of the universe. And defend it they do: their home planet has never fallen to an invader, though space is full of the corpses of those who have tried. Through three generations, the unconquerable Amanda Morgan has embodied this warrior spirit. She is more than one lone woman; she is...the spirit of the Dorsai. In this single volume is a pair of military SF classics every fan will want to own.

Reason, Spirit and the Sacral in the New Enlightenment Anna-Teresa

Tymieniecka,2010-11-18 Rationality in its various expressions and innumerable applications sustains understanding and our sense of reality. It is traditionally differentiated according to its sources in the soul: in consciousness, in reason, in experience, and in elevation. Such a functional approach, however, leaves us searching for the common foundation harmonizing these rationalities. The perennial quest to resolve the aporias of rationality is finding in contemporary science's focus on origins, on the generative roots of reality, tantalizing hints as to how this may be accomplished. This

project is enhanced by the wave of recent phenomenology/ontopoiesis of life, which reveals the workings of the logos at the root of beingness and all rationality, whereby we gaze upon the prospect of a New Enlightenment. In the rays of this vision the revival of the intuitions of classical Islamic metaphysics, particularly intuition of the continuity of beingness in the gradations of life, receive fresh confirmation.

Live Free Constantine R. Campbell,2015-03-01 There's often confusion on what the fruit of the Spirit is and is not. It's not a list of instructions of how we should live; rather the fruit are qualities we exhibit when we are empowered by the Holy Spirit. We are set free to live a new life in Christ, no longer indulging in selfish desires but enabled to serve one another in love. *Live Free* encourages us to cultivate our hearts for the Spirit to produce fruit.

The Person & Work of the Holy Spirit R. Torrey, 2007-09-01 One of the most influential evangelical Christian speakers of the late 19th and early 20th centuries, R. A. Torrey traveled the world to bring the word of Christ to audiences. Here, in a work first published in 1900, Torrey encourages the faithful to develop a more meaningful relationship with what is perhaps the most enigmatic and most misunderstood member of the Trinity: the Holy Spirit. Positive and heartening, and filled with the author's own personal experiences with the Holy Spirit, this is still a valuable resource for Christians who wish to learn: . the distinction of the Holy Spirit from the Father and Son . the subordination of the Spirit to the Father and Son . the names of the Holy Spirit . the Holy Spirit's work in the material universe . the regenerating work of the Holy Spirit . the Holy Spirit bringing forth Christlike graces of character . the Holy Spirit and the believer's body . the work of the Holy Spirit in Jesus Christ . and much more. American pastor and writer REUBEN ARCHER TORREY (1856-1928) is the author of more than 40 books, including *Baptism with the Holy Spirit* (1895), *What the Bible Teaches* (1898), *How to Bring Them to Christ* (1893), and *How to Pray* (1900).

My Angel and Me (My Spirit Guide) Charlie R. Brown, 2007-12-01 *My Angel and Me* is a quick-paced journey of ideas, wisdom and experiences from the real life of the author and his connection with the other side. The author, Charlie R. Brown, has been researching parapsychology for over five decades, and he presents a lifetime of spellbinding, factual psychic events in this book. Every word, every sentence, every page can and should come alive for the reader; and beyond that, it will make

you think about how you live!

Creator Spirit Steven R. Guthrie, 2011-05 Art is often viewed as being inherently spiritual. But what does it mean to describe an experience of art or beauty as spiritual? Is there a relationship between the spiritual experience a person has in the presence of a work of art and the Holy Spirit of Christian faith? Theologian, musician, and educator Steven Guthrie examines particular areas of overlap between spirituality, human creativity, and the arts with the goal of sharpening and refining how we speak and think about the Holy Spirit. Through his exploration of the many different connections between art and spirituality, Guthrie uses the arts as a creative lens for exploring the Holy Spirit and offers a unique introduction to pneumatology. He also introduces an important idea from the early church that is now unfamiliar to many Christians: the Holy Spirit is the humanizing Spirit, whose work is to remake our humanity after the image of the perfect humanity of Jesus Christ. This clear, engaging theology of the arts will be of interest to professors and students in theology and the arts, pneumatology, and systematic theology courses as well as thoughtful lay readers, Christian artists, worship leaders, and pastors -- Publisher description.

Human Spirits: A Cultural Account of Trance in Mayotte Michael Lambek, 1981-11-30 Based on intensive ethnographic fieldwork, this book describes and interprets trance behaviour among the Malagasy speakers of Mayotte, a small island in the Comoro Archipelago in the Indian Ocean, off the coast of East Africa. Professor Lambek describes how the people of Mayotte (most often women) enter into trances, during which they believe their bodies are inhabited by spirits. He then analyses the conventions for behaviour in trance and the process by which the individuals come to terms with the spirits in their midst. The book presents thorough case studies of spirit possession over time, providing one of the most detailed accounts of possession phenomena available for a single society.

The author argues that trance can best be understood as a social activity within a defined system of cultural meaning rather than as a psychological problem, a simple deception or a means of manipulating others. This book should be of particular interest to those concerned with the study of ritual, symbols and non-Western religious systems.

Born Again Bodies R. Marie Griffith, 2004-10-04 Fat People Don't Go to Heaven! screamed a headline in the tabloid Globe in November 2000. The story recounted the success of the Weigh Down Workshop, the nation's largest Christian diet corporation and the subject of extensive press coverage from Larry King Live to the New Yorker. In the United States today, hundreds of thousands of people are making diet a religious duty by enrolling in Christian diet programs and reading Christian diet literature like *What Would Jesus Eat?* and *Fit for God*. Written with style and wit, far ranging in its implications, and rich with the stories of real people, *Born Again Bodies* launches a provocative yet sensitive investigation into Christian fitness and diet culture. Looking closely at both the religious roots of this movement and its present-day incarnations, R. Marie Griffith vividly analyzes Christianity's intricate role in America's obsession with the body, diet, and fitness. As she traces the underpinning of modern-day beauty and slimness ideals—as well as the bigotry against people who are overweight—Griffith links seemingly disparate groups in American history including seventeenth-century New England Puritans, Progressive Era New Thought adherents, and late-twentieth-century evangelical diet preachers.

The Logic of the Spirit in Human Thought and Experience Keith J White, Dana R

Wright, 2015-02-26 In March 2012 a small consultation convened on the campus of Princeton Theological Seminary, where James E. Loder Jr. had served for forty years as the Mary D. Synnott Professor of the Philosophy of Christian Education. Members from the Child Theology Movement had begun to read Loder's work and they wanted to go further. So they invited former students of Loder's to meet with them for conversations about things that really mattered to them and to Loder: human beings (and especially children), the church's witness to the gospel of Jesus Christ, and discerning the work of Spiritus Creator in the postmodern world. The conversations proved rich and rewarding and some would even say they took on a life of their own - serious scholarship set to the music of the Spirit's communion-creating artistry forming new relationships, inspiring new ideas, and sustaining all of it amid much laughter, joy, and hope. These essays, taken from the papers delivered at the consultation, are offered as a means of extending that conversation inspired by Loder's interdisciplinary practical theological science and his discernment of the
