*Spirited Minds* Archie Givens, 1997 Descriptions of more than one hundred outstanding ... selections for readers of all ages ... fiction, poetry, biography, autobiography, folk tales, drama and history [that] celebrate the African American male experience from childhood to adulthood--Dust jacket.

*Olympia* Taylor Downing, 2017-10-07 Leni Riefenstahl's *Olympia* (1938) is one of the most controversial films ever made. Capitalising on the success of *Triumph of the Will* (1935), her propaganda film for the Nazi Party, Riefenstahl secured Hitler's approval for her grandiose plans to film the 1936 Berlin Olympics. The result was a work as notorious for its politics as celebrated for its aesthetic power. This revised edition includes new material on Riefenstahl's film-making career before *Olympia* and her close relationship with Hitler. Taylor Downing also discusses newly-available evidence on the background to the film's production that conclusively proves that the film was directly commissioned by Hitler and funded through Goebbels's Ministry of Propaganda and not, as Riefenstahl later claimed, commissioned independently from the Nazi state by the Olympic authorities. In writing this edition, Taylor Downing has been given access to a magnificent new restoration of the original version of the film by the International Olympic Committee.

**Spirited Things** Paul Christopher Johnson, 2014-05-07 The word "possession" is anything but transparent, especially as it developed in the context of the African Americas. There it referred variously to spirits, material goods, and people. It served as a watershed term marking both transactions in which people were made into things—via slavery—and ritual events by which the thingification of people was revised. In *Spirited Things*, Paul Christopher Johnson gathers together essays by leading anthropologists in the Americas that reopen the concept of possession on these two fronts in order to examine the relationship between African religions in the Atlantic and the economies that have historically shaped—and continue to shape—the cultures that practice them. Exploring the way spirit possessions were framed both by material things—including plantations, the Catholic church, the sea, and the phonograph—as well as by the legacy of slavery, they offer a powerful new way of understanding the Atlantic world.

**Taming the Spirited Child** Michael H. Popkin, 2007-04-17 Do you dread parent-teacher conferences? Does your child really know how to push your hot button? Has your child been labeled defiant or rebellious? Here are proven strategies that have helped millions to tame -- not break -- a spirited child. In this uniquely prescriptive guide, leading parenting expert Dr. Michael Popkin shows parents how to think differently about so-called problem children. The effective strategies within this guide will quiet the difficulties spirited children have at home and school while exposing the unique, special gifts they possess. Develop a relationship with your spirited child by: -- Building relationship skills -- Disciplining with encouragement -- Balancing the power dynamic -- Curbing tantrums effectively With step-by-step methods for every type of misbehavior and every child's unique personality, this comprehensive guide will help parents cultivate their child's spark, not extinguish it -- and reach beyond depressing labels for their beloved children.

*Spirited Away* Andrew Osmond, 2020-05-14 *Spirited Away*, directed by the veteran anime film-maker Hayao Miyazaki, is Japan's most successful film, and one of the top-grossing 'foreign language' films ever released. Set in modern Japan, the film is a wildly imaginative fantasy, at once personal and universal. It tells the story of a listless little girl, Chihiro, who stumbles into a magical world where gods relax in a palatial bathhouse, where there are giant babies and hard-working soot sprites, and where a train runs across the sea. Andrew Osmond's insightful study describes how Miyazaki directed *Spirited Away* with a degree of creative control undreamt of in most popular cinema, using the film's delightful, freewheeling visual ideas to explore issues ranging from personal agency and responsibility to what Miyazaki sees as the lamentable state of modern Japan. Osmond unpacks the film's visual language, which many Western (and some Japanese) audiences find both beautiful and bewildering. He traces connections between *Spirited Away* and Miyazaki's prior body of work, arguing that *Spirited Away* uses the cartoon medium to create a compellingly immersive drawn world. This edition includes a new foreword by the author in which he considers the world of animated cinema post-*Spirited Away*, considering its influence on films ranging from del Toro's *Pan's Labyrinth* to Pixar's *Inside Out*.

*Bodies and Souls, or Spirited Bodies?* Nancey Murphy, 2006-01-12 Are humans composed of a body and a nonmaterial mind or soul, or are we purely physical beings? Opinion is sharply divided over this issue. In this clear and concise book, Nancey Murphy argues for a physicalist account, but one that does not diminish traditional views of humans as rational, moral, and capable of relating to God. This position is motivated not only by developments in science and philosophy, but also by biblical studies and Christian theology. The reader is invited to appreciate the ways in which organisms are more than the sum of their parts. That higher human capacities such as morality, free will, and religious awareness emerge from our neurobiological complexity and develop through our relation to others, to our cultural inheritance, and, most importantly, to God. Murphy addresses the questions of human uniqueness, religious experience, and personal identity before and after bodily resurrection.

*Sexy, Spirited and Strong* Meloney Hudson, 2009-02-01 *Sexy, Spirited and Strong: Becoming a Positive Energy Woman* focuses on revitalizing the three energetic centers in a woman's body-sex, spirit, and strength- called the Energetic Triangle, through sharing various physical, spiritual, and energetic techniques of Eastern and Western origin that ultimately help increase a woman's overall energy and self-esteem. **Raising Your Spirited Child** Mary Sheedy Kurcinka, 2009-03-17 The spirited child—often called difficult or strong-willed—can easily overwhelm parents, leaving them feeling frustrated and inadequate. Spirited kids are, in fact, simply more—by temperament, they are more intense, sensitive, perceptive, persistent, and uncomfortable with change than the average child. Through vivid examples and a refreshingly positive viewpoint, Mary Sheedy Kurcinka offers parents emotional support and proven strategies for handling their spirited child. Raising Your Spirited Child will help you: Understand your child's—and your own—temperamental traits Plan for success with a simple four-step program Discover the power of positive—rather than negative—labels Cope with tantrums and blowups when they do occur Develop strategies for handling mealtimes, bedtimes, holidays, school and many other situations Filled with personal insight and authoritative advice, Raising Your Spirited Child can help make parenting the joy it should be, rather than the trial it can be.

Spirited Signe Johansen, 2019-10-17 A flavour-focused drinks recipe book with a feminist slant, Spirited opens up the 'boys' club' world of serious cocktails and features fifty drinks, both alcoholic and booze-free. Spirited brings together fifty well-crafted cocktail recipes, all fuelled by a cook's palate and a love of creative ingredients. Signe Johansen's recipes play with a wide range of flavours such as fresh, floral, herbal and spicy notes and encourage you to think like a cook not a bartender. With chapters on drambling (the joy of winter walks and whisky), creative and delicious drinks to serve at gatherings, warming nightcaps and non-alcoholic 'soothies' to calm an ailing spirit, there is a tippie here for every occasion. There is also a collection of recipes called Cupboard Cocktails - made from staple ingredients you may already have in your kitchen - and more ambitious weekend projects for gifts or special occasions. Spirited is a refreshing departure from earnest mixologists writing about the 'art of the cocktail' - books often written by men, for men. Instead, Signe opens the field for everyone and celebrates the convivial and social experience of healthy hedonism and raising a glass together. This is a warm and inclusive companion to the subject, packed with trade secrets, delicious recipes and fascinating insight into the world of drinks.

**Animating the Spirited** Tze-yue G. Hu, Masao Yokota, Gyongyi Horvath, 2020-01-27 Contributions by Graham Barton, Raz Greenberg, Gyongyi Horvath, Birgitta Hosea, Tze-yue G. Hu, Yin Ker, M. Javad Khajavi, Richard J. Leskosky, Yuk Lan Ng, Giryoung Park, Eileen Anastasia Reynolds, Akiko Sugawa-Shimada, Koji Yamamura, Masao Yokota, and Millie Young Getting in touch with a spiritual side is a craving many are unable to express or voice, but readers and viewers seek out this desired connection to something greater through animation, cinema, anime, and art. Animating the Spirited: Journeys and Transformations includes a range of explorations of the meanings of the spirited and spiritual in the diverse, dynamic, and polarized creative environment of the twenty-first century. While animation is at the heart of the book, such related subjects as fine art, comics, children's literature, folklore, religion, and philosophy enrich the discoveries. These interdisciplinary discussions range from theory to practice, within the framework of an ever-changing media landscape. Working on different continents and coming from varying cultural backgrounds, these diverse scholars, artists, curators, and educators demonstrate the insights of the spirited. Authors also size up new dimensions of mental health and related expressions of human living and interactions. While the book recognizes and acknowledges the particularities of the spirited across cultures, it also highlights its universality, demonstrating how it is being studied, researched, comprehended, expressed, and consumed in various parts of the world.
