**The Squawks** Ruth Thorp,2014-04 Meet the Squawks - an irresistible community of quirky birds! Written in a tongue-twisting rhyme, each page is sure to raise a smile from readers of all ages.

**Lindsey - Nichols** Marvin L.,Steven E. Lindsey,2011-08 Our ancestors began arriving in eastern Kansas about 1855. Few white people were in Kansas at that time as it was illegal to settle in Indian Territory until the Kansas-Nebraska Act of 1854. But soon thousands of newcomers began arriving, especially after the Civil War, and by 1900 the area was fully settled. But life remained largely unchanged from that experienced by people for thousands of years previously. Automobiles, telephones, television, tractors, air travel, electricity and good roads did not exist on the farm in 1900 much less in 1855. The United States was still an agrarian society dependent on horse power supplemented by a few railroads and steam engines. Things were about to change dramatically! Between 1900 and 1920 widespread introduction of tractors, automobiles, airplanes, radio and telephones changed life on the farm forever. Our grandparents and great grandparents not only lived through and adapted to these profound changes, they fought and won WWI. Drought and depression followed in the 1930's and then they won WWII in the 1940's. We came along about that time as the sixth generation of Lindsey's in the area and the first post WWII generation. Much of the life our ancestors knew on the frontier had already passed, but remnants still existed. Most importantly, many of our ancestors who had lived through and experienced these times were still around and were eager to share their life stories with us. We soaked it up and have now tried to pass it on. We think you will enjoy learning something of what it was like growing up on the farm in the 1940's and 50's and hearing of our ancestors lives in early Kansas. In many ways it was a simpler life then but it certainly wasn't easy. Marvin and Steven Lindsey

**Primate Behavior** Leonard A. Rosenblum,2013-09-24 Primate Behavior: Developments in Field and Laboratory Research, Volume 4 examines developments in field and laboratory research on primate behavior. Topics range from facial expressions in nonhuman primates to the behavior and malnutrition in the rhesus monkey. The population structure and dynamics of the Borneo orang-utan in relation to its ecology and reproductive strategy are also discussed, along with the social organization of Macaca fascicularis. Comprised of six chapters, this volume begins by discussing a field study that uses sound analysis to investigate the link between vocal pattern and social situation in the Japanese monkey (Macaca fuscata). The next chapter focuses on one particular and very important means of visual communication in nonhuman primates: facial expressions. The behavior of marmoset monkeys (Callithricidae) is then considered, with emphasis on their social structure and social organization as well as patterns of social and sexual communication. The remaining chapters explore feeding behavior and malnutrition in the rhesus monkey; the population structure and dynamics of the Borneo orang-utan in relation to its ecology and reproductive strategy; and the social organization and intergroup behavior of Macaca fascicularis. This book should be of interest to biologists and primatologists.

*Listen to the Squawking Chicken* Elaine Lui, 2014-04-22 "I devoured this book in one sitting...alternately cheering, laughing, cringing, and gasping in horror. Lui captures the complexity of a mother-daughter relationship that is both complicated and beautiful. Poignant with a bare honesty that may make you think (and rethink) your own relationships." –Jenny Lawson, #1 New York Times–bestselling author of *Let's Pretend This Never Happened* As the 800,000+ U.S. fans of Elaine Lui's site know, her mother, aka The Squawking Chicken, is a huge factor in Elaine's life. She pulls no punches, especially with her only child. "Where's my money?" she asks every time she sees Elaine. "You'll never be Miss Hong Kong," she informed her daughter when she was a girl. *Listen to the Squawking Chicken* lays bare the playbook of unusual advice, warnings, and unwavering love that has guided Elaine throughout her life. Using the nine principles that her mother used to raise her, Elaine tells us the story of the Squawking Chicken's life—in which she walked an unusual path to parent with tough love, humor, and, through it all, a mother's unyielding devotion to her daughter. This is a love letter to mothers everywhere.

Squawk! Dr. Travis Bradberry, 2009-10-06 Unfortunately, we've all seen it happen. When faced with a problem, rather than working cooperatively to come up with a solution, your manager or colleagues come swooping in, squawking loudly, dump orders riddled with formulaic advice, and then take off, leaving you and everyone else to clean up the mess. Or—let's be honest: there may have been a time (or three) when you have been guilty of doing that very thing yourself. While this happens in every workplace worldwide more frequently than ever, it doesn't have to. Through the story of Charlie, a seagull who doesn't understand how his management actions are holding back his flock, Travis Bradberry, Ph.D., reveals the three virtues of great leadership that he has used to help thousands of people and organizations deal with seagull managers in the workplace and, just as important, to avoid being one themselves. Charlie the seagull is a well-intentioned manager who, when faced with new challenges after previously leading his flock to success, fails to understand how his management style is holding back, rather than helping, his team. Through our bird's-eye view of Charlie, overconfident Scott, quiet Maya, practical Yufan, and skinny, shy Alfred, we see them and the rest of the flock struggle to solve their problems while absorbing the three virtues of great leadership and teamwork along the way. This entertaining and illuminating fable will help make us all more productive, less prone to depositing messes on the heads of those around us, and more able to work effectively with those who continue to squawk at us every day.

**Michael Ondaatje: Haptic Aesthetics and Micropolitical Writing** Milena Marinkova, 2011-07-14 This study of selected literary and cinematic works by Michael Ondaatje investigates the political potential of the Canadian author's aesthetics. Contributing to current debates about affect and representation, ideology critique and the artwork, trauma and testimony, this book uses the concept of the haptic to demonstrate how Ondaatje's multisensory, fluid and historically inflected writing can forge an enabling relationship between audience, author and text. This is where Ondaatje's micropolitics, often misconstrued as ideologically suspect aestheticism, emerges: a praxis that intimates how one can write and read politically with a difference.
