**About the Holy Shroud and the collegiate church of Lirey (Aube)** Alain Hourseau,2020-03-27 The Holy Shroud appeared in history, as early as 1356, in a collegiate church, located 20 kilometers south of Troyes. It was Jeanne de Vergy who testified to it, following the wish of her late husband, the knight, Geoffroy de Charny, also a standard-bearer and advisor to the King. But the history of the Holy Shroud, in Lirey, does not stop after its departure in 1418. Even distant several hundred kilometers, its memory continues to feed the coffers of the collegiate church, thanks to the coins left by the waves of pilgrims. The canons do not despair of seeing the relic one day in their new church, built in the 16th century. The Revolution will mark a fatal blow, after several centuries of decline. The Holy Shroud is now in Turin.

**Selected Writings (Dario, Ruben)** Ruben Dario,2005-12-06 Born in Nicaragua, Rubén Darío is known as the consummate leader of the Modernista movement, an esthetic trend that swept the Americas from Mexico to Argentina at the end of the nineteenth century. Seeking a language and a style that would distinguish the newly emergent nations from the old imperial power of Spain, Darío’s writing offered a refreshingly new vision of the world—an artistic sensibility at once cosmopolitan and connected to the rhythms of nature. The first part of this collection presents Darío’s most significant poems in a bilingual format and organized thematically in the way Darío himself envisioned them. The second part is devoted to Darío’s prose, including short stories, fables, profiles, travel writing, reportage, opinion pieces, and letters. A sweeping biographical introduction by distinguished critic Ilan Stavans places Darío in historical and artistic context, not only in Latin America but in world literature. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

**Gold Was the Mortar** Henry Kraus,2019-07-02 Originally published in 1979, Gold Was the Mortar details the financing and the building of the medieval cathedrals at Paris, Amiens, Toulouse, Lyon, Strasbourg, York, Poitiers and Rouen. The book examines the raising of funds and their expenditure, not only on the Cathedrals themselves, but also on the worldly ambitions of the bishop or archbishop, which went beyond the ‘wars and natural disasters’ theory to explain the reasons that caused the delays in building the cathedrals. The book also looks at the issues of building the cathedrals, such as the availability of finance and how for some there was a steady flow of funds while others suffered prolonged breaks. The book also provides case studies of specific cathedrals and examines how places such as York were held up by the internecine disputes with Canterbury; Toulouse and Poitiers by the vast expropriations following conquests; and Lyon by the suppression of the commercial and social hierarchy. All the cathedrals depended on the benevolence of patrons, but the part played by the commoners, as revealed in wills and contemporary documents, was an extraordinary contribution, usually exceeding that of the nobility and royalty and sometimes that of the hierarchy itself.

Consuming the Past Elizabeth Emery,Laura Morowitz,2018-12-07 First published in 2003 Consuming the Past covers pilgrimages to popular festivals, from modern spectacles to advertising, from the work of avant-garde painters to the novels of Emile Zola, and explores the complexity of the fin-de-siècle French fascination with the Middle Ages. The authors map the cultural history of the period from the end of the Franco-Prussian war to the 1905 separation of Church and State illuminating the powerful appeal that the medieval past held for a society undergoing the rapid changes of industrialisation.

*A Kingdom of Images* Peter Fuhring,Louis Marchesano,Remi Mathis,Vanessa Selbach,2015-06-18 Once considered the golden age of French printmaking, Louis XIV’s reign saw Paris become a powerhouse of print production. During this time, the king aimed to make fine and decorative arts into signs of French taste and skill and, by extension, into markers of his imperialist glory. Prints were ideal for achieving these goals; reproducible and transportable, they fueled the sophisticated propaganda machine circulating images of Louis as both a man of war and a man of culture. This richly illustrated catalogue features more than one hundred prints from the Getty Research Institute and the Bibliothèque nationale de France in Paris, whose print collection Louis XIV established in 1667. An esteemed international group of contributors investigates the ways that cultural policies affected printmaking; explains what constitutes a print; describes how one became a printmaker; studies how prints were collected; and considers their reception in the ensuing centuries. A Kingdom of Images is published to coincide with an exhibition on view at the Getty Research Institute from June 18 through September 6, 2015, and at the Bibliothèque nationale de France in Paris from November 2, 2015, through January 31, 2016.
