

Standing Stones

LP Steffe

Standing with Stones Rupert Soskin, 2009 Ireland.

Standing Stones Jean-Pierre Mohen, 1999 Who built the megaliths, those massive stone structures ranging from tombs to standing stones that date back to over 4000 BC? Why were they built? How were the enormous stones transported and erected? Were these strange, sacred stones used as temples or tombs, sculptures or houses? Covering the best-known sites - Avebury and Stonehenge in England, Carnac in France and Knowth in Ireland - and also less famous examples in Scandinavia, Malta, Egypt and Spain, this book considers the special significance - architectural, scientific, religious and cultural - of these enigmatic Neolithic stone structures.

The Standing Stones Speak Natasha Hoffman, Hamilton Hill, 2001-02-24 These messages in the standing stones combine and transcend spiritual truths from many disciplines and traditions. They explain the true power sources in our world and provide a design for realigning ourselves with them. The Standing Stones Speak unifies the underlying wisdom of Christianity, Buddhism, and the Sufis. It interprets the lives of the great teachers and recounts the dark history of Atlantis. Linking the chakras, crystals, and earth spirits, redefining reincarnation and forgotten realms of existence both here and on other planets, it promises us a future of tranquility and peace-- children born free of karma on a clean Earth-- the New Jerusalem. Natasha Hoffman knew that she'd been called to Carnac in northern France. An artist, healer, and intuitive, Hoffman felt welcome in the presence of the mysterious giant monuments that stand there-- the megalithic standing stones set up around the same time as Stonehenge. Walking among these alignments with her companion, Hamilton Hill, she first heard the voice. This is a library, she said, and we can read it. So began the receiving of the revelations encoded in certain of the standing stones. Sneaking past barriers, eluding gendarmes, encountering a goblin, even working by moonlight, Hoffman and Hill sought out particular stones. Natasha read the information held in them, using a pendulum for question-and-answer dowsing to check it. Hamilton, also a dowser, transcribed it using rods. The messages were placed for us, as the two discovered, by the Archangels who watch over our planet. After World War I, seeing that the human race had fallen into profound disharmony with the environment and was becoming dominated by materialism and misuse of technology, these higher beings began to leave us guidelines for restoring the balance within ourselves and between humanity and nature. Readers will be struck by the beauty of the message, its clarity, authority, and compassion. You are addicted to suffering, the Archangels say, because you have been made to feel guilty about joy. The message leaves us with renewed hope. With notes on the authors' personal pilgrimages and more than a dozen photographs, *The Standing Stones Speak* is more than a great adventure; it's a text that may become the New Age Bible.

The Standing Stone, 2001-03 In the fourth adventure in the D&D(series, an evil awaits in the forest. A ghostly horseman is terrorizing a small hamlet, and the player characters must stop him before he kills everyone. Players deal with supernatural horror as well as traditional monsters in this powerful adventure.

A Gazetteer of Prehistoric Standing Stones in Great Britain Olaf Swarbrick, 2012 A Gazetteer representing practical field observations of most of the prehistoric Standing Stones in Great Britain and some 'Other Stones' which post-date AD 1. The list also includes 34 prehistoric Standing Stones known to be extant but which the author was unable to visit, a list of Standing Stones of unknown provenance, and of interesting 'Other Stones'. The motivation for this work was the Wimblestone (Somerset, ST434585) which is an extant prehistoric Standing Stone close to the author's childhood home and which started his interest in these monuments. In September 1996 the author set out to find, visit and sketch the prehistoric Standing Stones in Great Britain and soon discovered that there was no readily available, and comprehensive list or lists of Standing Stones and their exact locations. Therefore, with numerous Standing Stones unknown to the author and others which were very difficult to find, the author decided to attempt to produce a readily usable gazetteer of as many as possible of the prehistoric Standing Stones in Great Britain (with the National Grid reference number for each) together with colour sketches, photographs, field records and relevant information gathered from various sources; deliberately excluded were stone circles, long stone rows, burial chambers and dolmens. Some Standing Stones were not visited because they were inaccessible for various reasons and these are separately listed. These and the other Standing Stones and some other stone monuments which postdate AD 1 are recorded in the gazetteers but are excluded from the analysis. Apparently unrecorded Standing Stones continue to be found, making the production of a totally comprehensive gazetteer of all the prehistoric Standing Stones in Great Britain the work of many lifetimes.

Cobble Circles and Standing Stones Jeffrey Quilter, 2004-04 In this first-person tale of archaeological adventure in the tropical forest, Jeffrey Quilter tells the story of his excavation of Rivas, a great ceremonial center at the foot of the Talamanca Mountain range, which flourished between A.D. 900 and 1300, and its fabled gold-filled cemetery, the Panteón de La Reina. Beginning with the 1992 field season and ending with the last excavations in 1998, Quilter discusses Rivas' builders and users, theories on chiefdom societies, and the daily interactions and surprises of modern archaeological fieldwork. Writing in the first person with a balance between informal language and academic theory, Quilter concludes that Rivas was a ceremonial center for mortuary rituals to bury chiefly elite on the Panteón. Through use of his narrative technique, he provides the reader with accounts of discoveries as they occurred in fieldwork and the development of interpretations to explain the ancient refuse and cobble architecture his team uncovered. As his story progresses amid the enchantment of the Costa Rican landscape, research plans are adjusted and sometimes completely overturned as new discoveries, often serendipitous ones, are made. Such changing circumstances lead to new insights into the rise and fall of the people who built the cobble circles and raised the standing stones at Rivas, a thousand years ago. The only book in English that focuses on a single archaeological site in Costa Rica, which continues to develop as a destination for archaeological tourism, *Cobble Stones and Standing Circles* will appeal to laypeople and professionals alike.

The Old Stones Andy Burnham, 2018-09-18 Winner of Current Archaeology's Book of the Year Discover the iconic standing stones and prehistoric sites of England, Wales, Scotland, and Ireland--this comprehensive, coffee table travel guide features over 750 must-see destinations, with maps and color photographs The ultimate insiders' guide, *The Old Stones* gives unparalleled insight into where to find prehistoric sites and how to understand them, by drawing on the knowledge, expertise and passion of the archaeologists, theorists, photographers and stones aficionados who contribute to the world's biggest megalithic website--the Megalithic Portal. Including over 30 maps and site plans and hundreds of color photographs, it also contains scores of articles by a wide range of contributors--from archaeologists and archaeoastronomers to dowsers and geomancers--that will change the way you see these amazing survivals from our distant past. Locate over 1,000 of Britain and Ireland's most atmospheric prehistoric places, from recently discovered moorland circles to standing stones hidden in housing estates. Discover which sites could align with celestial bodies or horizon landmarks. Explore acoustic, color, and shadow

theory to get inside the minds of the Neolithic and Bronze Age people who created these extraordinary places. Find out which sites have the most spectacular views, which are the best for getting away from it all and which have been immortalized in music. And don't forget to visit the Megalithic Portal website and get involved by posting your discoveries online. All royalties from this book go to support the running of the Megalithic Portal: www.megalithic.com.

Standing Stones Steve Marshall,2017-02-20 Standing stones come in a variety of guises. Some are erected in circles; some make up megalithic tombs; some have intriguing patterns on them, or are steeped in myth. Long-standing questions include why they were erected and how? What do they tell us about Britain’s cultural history? As a standing stones enthusiast, Steve Marshall has travelled the British Isles to inspect these fascinating monoliths and this guide serves as a comprehensive introduction from the Mesolithic to the Iron Ages. Stonehenge and Avebury are possibly the most famous sites in Britain, but the Standing Stones of Callanish on the Isle of Lewis also have a magical quality; and at the Ness of Brodgar, a Neolithic complex has recently been uncovered by archaeologists. With accompanying photographs taken by the author, this accessible guide to standing stones in Britain will tell you all you need to know.

A Guide to New England Stone Structures Mary E. Gage,James E. Gage,2016-04-04 A Guide to New England Stone Structures is a basic field guide to identifying the many different types of stone structures found while hiking through the forest and conservation lands in New England.

Sun, Moon, and Standing Stones John Edwin Wood,1980

Standing Stones Robert Galván,2021-09-10 A voice rich enough to carpet the walls and warm enough to provoke the fondest of memories. Each of his poems is knee-deep in history; his poems are fingerprints of his life.... -Monica L. Piñon-Austin Chronicle Whether he is writing of his grandmother in La Partera or of the way the rain speaks on a summer night, Robert René Galván is a poet who senses the link between music and language in a deep and intimate way. -Susan Hansen-San Marcos Daily Record Robert René Galván has the gift of intuition every true poet should have; he knows instinctively how to pace the images embodied in his word sequences....he is able to fit the eye of the seer to the soft yet strong tissues of melody, sometimes even when pierced by the nature of cicadas. -Miguel González-Gerth The poet is gifted with a fine ear and a keen eye. Intelligence and imagination are at work everywhere....Galván's is a rich voice, moving between simplicity and grandeur, a voice that speaks and sings, in turn, and almost always in praise of the life it finds. -David Wevill

Standing Stones Peace Here and Now Jeja Rera,2011-04

Standing Stones K.L. Phillips,2023-04-05 In Collectanea, SaRiah went on the hunt to uncover the truth about her history after receiving a family heirloom. In Standing Stones, she finds herself on an entirely new and unexpected adventure as she steps up to claim the destiny her mother never prepared her for. Making the choice to head for the stars with her partner MiKael, an unforeseen wrinkle shunts them away from the ringed planet they are aiming for. They wind up back in time on a second planet where technology has not yet developed. With no way to get home and facing impending parenthood, SaRiah and MiKael travel to the surface. There, they discover a connection to their own past: ancient stone monoliths linked to a secret history of SeWon. Nothing is ever as easy as it seems in this new world, but the couple learn to adapt and communicate as they search for answers. Do these ancient stone circles hold the information they need? Will these stone giants and their secrets be able to help them change what is coming on SeWon?

Circles, Standing Stones and Legendary Rocks of West Yorkshire Paul Bennett,1994 The first survey of the facts and folklore of these ancient and megalithic sites of the West Riding. There are tales of rocks that spin; haunted circles; stones which are the resort of the Devil, faeries, goblins and giants; together with archaeological and antiquarian information. An indispensable guide.

Standing Stones Introduction

In the digital age, access to information has become easier than ever before. The ability to download Standing Stones has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking

research papers, the option to download Standing Stones has opened up a world of possibilities. Downloading Standing Stones provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Standing Stones has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Standing Stones. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Standing Stones. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Standing Stones, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Standing Stones has transformed the way we access information. With the convenience, cost-effectiveness, and

accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Standing Stones Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Standing Stones is one of the best book in our library for free trial. We provide copy of Standing Stones in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Standing Stones. Where to download Standing Stones online for free? Are you looking for Standing Stones PDF? This is definitely going to save you time and cash in something you should think about.
