Starlancer Tinder Fox,2019-10-21 In the year 3034 there is no disease, poverty - or high fives.Desperate to avoid another outbreak of alien STD's, the Earth Council mandates all humans be gene-scrubbed of any desire to perform high fives. But one rogue scientist illegally infuses the DNA of his son, Steven Starlancer, with the ultimate male ability and stamina to high five, hoping one day he might lead a high fiving revolution. When Steven's criminal genetics are discovered, he is exiled from Earth, taking a job as a Star Pizza delivery boy just to make ends meet.Now the fierce, swimsuit and lingerie-clad Glamazons of Uranus are threatening to invade Earth -- and Starlancer's high five powers might be the only hope to saving it!Yup -- it's exactly that kind of book! The kind of book everyone will read, but no one will admit to reading! But at least this version is more mass marketable because all inappropriate references have been replaced with the innocent act of enthusiastic high fiving!Seriously, if you can't appreciate the work put into making that change just find the unedited version.Otherwise read on!Just look at these obviously made-up quotes from entirely fictional people...This book serves as a dire warning of Earth's future. Ignore at your own risk! - Tinder Fox, AuthorIt's only seventy pages - but feels like fifty-six!! - Jorge GastroSome people will call this book 'mindless trash,' to which I say - there's a decent argument to be made! - Kate LevinsLast high five-able man on Earth? Check. Glamazons from Uranus who wear nothing but 1950's inspired lingerie or swimsuits? Check. Plot? ... What was the question? - Maddock TigerThis book is going to be huge. It's going to have the finest chapters of any book read anywhere by anyone. It's going to be so terrific. Really, really terrific. I can assure you, it will get tired of winning. It's going to win so much. Oh yes, it will get sooooo tired of winning. Trust me. I know what I'm talking about. - Presidential AdmirerWhat the heck is up with all of the high fives? The Dreamcast Encyclopedia Chris Scullion,2023-11-30 The Dreamcast Encyclopedia is the fifth book in Scottish author and games journalist Chris Scullion's critically-acclaimed series of video game encyclopedias. The Sega Dreamcast is fondly remembered by players as a games console that was ahead of its time, almost to a fault. Its incredible graphics offered a level of detail that hadn't been seen on home systems to that point, and its built-in modem brought online multiplayer to many console players for the first time ever. Ultimately though, the release of the PS2 (and later the GameCube and Xbox) led to struggling sales and Sega would eventually pull the plug on the Dreamcast just two years into its life, bowing out of the console manufacturing business altogether. On paper the Dreamcast was a commercial failure, but those who owned one remember it so fondly that for many it remains one of the greatest games consoles of all time, with a small but well-formed library of high-quality games. This book contains every one of those games, including not only the entire western library of around 270 titles, but also the 340 or so games that were exclusively released in Japan. With over 600 games covered in total, screenshots for every title and a light-hearted writing style designed for an entertaining read, The Dreamcast Encyclopedia is the definitive guide to one of the most underrated gaming systems of all time.

Rebel Dream: Star Wars Legends Aaron Allston,2011-06-28 As the Yuuzhan Vong's spectacular conquests continue unchecked, Luke Skywalker, Han and Leia Solo , and Wedge Antilles are forced to destroy what they have risked their lives to create. . . . Scattering like rats before the Yuuzhan Vong's invasion of Coruscant, the panic-stricken members of the New Republic Advisory's Council pause just long enough to set up a mock defense on nearby Borleias—a transparent attempt to buy time that fools no one, least of all the Jedi. Leia and Han Solo trek from world to world to foment rebellion against the New Republic's disastrous appeasement policies. But Luke Skywalker has chosen the most dangerous assignment of all: to sneak into the Yuuzhan Vong's stronghold on Coruscant. His outrageous scheme to gain entry is either brilliant or suicidal, depending on the outcome. And bearing down swiftly on Borleias is a Vong invasion fleet, determined to destroy the galaxy's remaining defenders. . . . Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

They divide games broadly into, games of pure skill, such as hopscotch and target shooting; games of pure strategy, such as checkers, go, or tic-tac-toe; and games of chance, such as craps and snakes and ladders.
