Starlight Richard Wagamese,2019-05-21 NATIONAL BESTSELLER From the beloved, bestselling author of *Indian Horse* and *Medicine Walk*, Richard Wagamese's final novel is a rapturous and profoundly moving story of love, compassion, mercy, and the consolations to be found in the natural world. Frank Starlight has long settled into a quiet life working his remote farm, occasionally venturing into the unbroken country around his property to photograph the wild animals who thrive there. His contemplative existence comes to an abrupt end with the arrival of Emmy, a woman on the run who has committed a desperate act so she and her child can escape a life of abuse. Frank takes in Emmy and her daughter to help them get back on their feet, and, gradually, this accidental family grows into a real one. But Emmy's violent ex-boyfriend isn't content to just let her go. He wants revenge and is determined to hunt her down. An instant national bestseller, *Starlight* was unfinished at the time of Richard Wagamese's death, yet every page radiates with his masterful storytelling, intense humanism, and insights that are as hard-earned as they are beautiful. With astonishing scenes set in the rugged backcountry of the B.C. Interior, and characters whose scars cut deep even as their journey toward healing and forgiveness lifts us, *Starlight* is a magnificent last gift to readers from a writer who believed in the power of stories to save us.

Stella by Starlight Sharon M. Draper,2015-01-06 Sharon M. Draper presents “storytelling at its finest” (School Library Journal, starred review) in this New York Times bestselling Depression-era novel about a young girl who must learn to be brave in the face of violent prejudice when the Ku Klux Klan reappears in her segregated southern town. Stella lives in the segregated South—in Bumblebee, North Carolina, to be exact about it. Some stores she can go into. Some stores she can’t. Some folks are right pleasant. Others are a lot less so. To Stella, it sort of evens out, and heck, the Klan hasn’t bothered them for years. But one late night, later than she should ever be up, much less wandering around outside, Stella and her little brother see something they’re never supposed to see, something that is the first flicker of change to come, unwelcome change by any stretch of the imagination. As Stella’s community—her world—is upended, she decides to fight fire with fire. And she learns that ashes don’t necessarily signify an end.

Written in Starlight Isabel Ibañez,2021-01-26 An adventuresome South American Tomb Raider! This hotly anticipated companion to *Woven in Moonlight* follows an outcast Condesa, as she braves the jungle to forge an alliance with the lost city of gold. If the jungle wants you, it will have you... Catalina Quiroga is a Condesa without a country. She's lost the Inkasisa throne, the loyalty of her people, and her best friend. Banished to the perilous Yanu Jungle, Catalina knows her chances of survival are slim, but that won't stop her from trying to escape. Her duty is to rule. While running for her life, Catalina is rescued by Manuel, the son of her former general who has spent years searching for allies. With his help, Catalina could find the city of gold that's home to the fierce Illari people and strike a deal with them for an army to retake her throne. But the elusive Illari are fighting a battle of their own—a mysterious blight is corrupting the jungle, laying waste to everything they hold dear. As a seer, Catalina should be able to help, but her ability to read the future in the stars is as feeble as her survival instincts. While searching for the Illari, Catalina must reckon with her duty and her heart to find her true calling, which is key to stopping the corruption before it destroys the jungle completely.

Starlight and Time D. Russell Humphreys,1996-10 The Bible says the universe is just thousands of years old, and yet we can see stars that are billions of light-years away. Until now, creation scientists have not had a satisfactory answer to this puzzle, but the new cosmology outlined in this book offers a fresh and scientifically sound solution. Though he challenges some traditional creationist theories, Dr. Humphreys takes Scripture very straightforwardly, upholding its inerrancy and the idea of a young universe as he explains days one through four of creation week.

Daytime and Starlight James Applewhite,1997-05-01 In this powerful collection, James Applewhite searches the world, from the back roads of his own American Southeast to the antiquities of Europe, for an expanded awareness of history. Time itself, these poems seem to say, is wholeness, the communion of generations, and it is in history, whether of the world, community, or our own families, that we find the locus of our common yearnings. Lucid, conversational, and utterly compelling, *Daytime and Starlight* presents through an array of perspectives the ephemera of memory—comic strips, love letters, newsreels, popular music, Greek and Roman statuary—and juxtaposes them with a flawless instinct for the telling detail against contemporary notions of evolution and cosmology. A half-remembered chiaroscuro of Burt Lancaster and Deborah Kerr on the beach, the haunting familiarity of figures in a Renaissance tapestry, the vision of air “green with evening”—in such brief suspensions of time, love and beauty balance regret and loss. Time and again, in poem after poem Applewhite strikes a clear, bell-like tone of affirmation: “We're all in this together.”

Starlight Nights Stacey Kade,2018-01-09 In this sizzling companion to the critically acclaimed *738 Days*, Stacey Kade once again creates a masterful combination of romance, angst, and thrills in the backdrop of a Hollywood film set. At twenty-two, Calista Beckett is trying to overcome her early fame and fortune. The former savior of the world on *Starlight* is now a freshman at college—miles away from L.A. and her former existence. She sees it as her start to a new life, a normal life, one where she won't make the same mistakes she made before—a brush with heroin addiction and losing her freedom to her controlling mother, thanks to a court order. Eric Stone played her older brother, Byron, on *Starlight*. But she's been in love with him pretty much since they kissed—her first kiss—while auditioning. When Eric shows up on campus out of the blue, Calista's struck immediately by two things: first, in spite of everything that's happened, she still feels something dangerous for him, and second, she's absolutely determined not to let him ruin her life again. Only Eric's not going away so easily. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Starlight Medallions F. H. Wallace,2010-01-19 An Adventure that Spans Time and the Sea from the South Coast of Maine to the Lands Behind the Northern Lights Sim Spotswood decides not to keep his after school appointment with Dr. McCreedy to get his teeth straightened. Instead he wanders to the clam flats where Lost River meets the sea and where a Viking ship, unearthed from the silt of a thousand years, sits like the skeleton of a dragon in its cofferdam. Sim discovers buried in the sand, a small medallion the size of a half dollar. That he should be the one to find it is no accident. At least Dr. Asneath Plever of the Smithsonian doesn't think so. Nor does Winifred Hazel Chit, the Witch of thunderhead Cliff who has waited one hundred and eleven years for Sim to undertake the adventure that now unfolds. As more of the medallions appear Sim encounters other searchers including Splitface and Gold-Tipped-Smith who know the power of the Starlight Medallions and want them for themselves. Sim, who has never known his father, lies at night on the widows walk of his home with his dog, Walter, watching the celestial canopy, waiting for a shooting star upon which he can make his wish, the same wish he has made every night for a long as he has known the words of the wishing verse. Now as he travels with the Starlight Medallions to places where no one has gone before, it seems that wish may come true.

The Wide Starlight Nicole Lesperance,2022-02-15 The Hazel Wood meets *The Astonishing Color of After* in this dreamy, atmospheric novel that follows sixteen-year-old Eli as she tries to remember what truly happened the night her mother disappeared off a frozen fjord in Norway under the Northern Lights. Never whistle at the Northern Lights, the legend goes, or they'll sweep down from the sky and carry you away. Sixteen-year-old Eline Davis knows it's true. She was there ten years ago, on a frozen fjord in Svalbard, Norway, the night her mother whistled at the lights and then vanished. Now, Eli lives an ordinary life with her dad on Cape Cod. But when the Northern Lights are visible over the Cape for just one night, she can't resist the possibility of seeing her mother again. So she whistles--and it works. Her mother appears, with snowy hair, frosty fingertips and a hazy story of where she's been all these years. And she doesn't return alone. Along with Eli's mother's reappearance come strange, impossible things. Narwhals swimming in Cape Cod Bay, meteorites landing in Eli's yard, and three shadowy princesses with ominous messages. It's all too much, too fast, and Eli pushes her mother away. She disappears again--but this time, she leaves behind a note that will send Eli on a journey across continents, to the northern tip of the world: Find me where I left you.
