

Starman

Roger Stern

Starman Piers Bizony, Jamie Doran, 2011-05-01 On April 12, 1961, Yuri Gagarin became the first person in history to leave the Earth's atmosphere and venture into space. His flight aboard a Russian Vostok rocket lasted only 108 minutes, but at the end of it he had become the most famous man in the world. Back on the ground, his smiling face captured the hearts of millions around the globe. Film stars, politicians and pop stars from Europe to Japan, India to the United States vied with each other to shake his hand. Despite this immense fame, almost nothing is known about Gagarin or the exceptional people behind his dramatic space flight. **Starman** tells for the first time Gagarin's personal odyssey from peasant to international icon, his subsequent decline as his personal life began to disintegrate under the pressures of fame, and his final disillusionment with the Russian state. President Kennedy's quest to put an American on the Moon was a direct reaction to Gagarin's achievement--yet before that successful moonshot occurred, Gagarin himself was dead, aged just thirty-four, killed in a mysterious air crash. Publicly the Soviet hierarchy mourned; privately their sighs of relief were almost audible, and the KGB report into his death remains secret. Entwined with Gagarin's history is that of the breathtaking and highly secretive Russian space program - its technological daring, its triumphs and disasters. In a gripping account, Jamie Doran and Piers Bizony reveal the astonishing world behind the scenes of the first great space spectacular, and how Gagarin's flight came frighteningly close to destruction.

Starman Sara Douglass, 2003-01-20 **Starman** is the third title in Sara Douglass's epic fantasy Wayfarer Redemption series. A sprawling tale of love and magic, enormous battles and true monsters Axis is the StarMan of prophecy and

legend, destined to lead the three races of his world to unite as one people. The people of his world all know the Prophecy of the Destroyer, despite the failed attempts of the Seneschal to suppress it in the name of the god Artor the Ploughman, and it predicts and dictates Axis's path through war and destruction to the creation of Tencendor. The Prophecy foretold that Axis would defeat his half-brother and lay claim to the land that Tencendor will be created upon. The Prophecy told of the traitor in Axis's camp-Faraday's champion, Timozel. And the Prophecy foretold many a choice that Axis must make in order to fulfill his destiny . . . but neglected to mention the choice between the beautiful and courageous Faraday, his late half-brother's wife, and the feisty and hauntingly enchanting Azhure. To Faraday, he had pledged his love and a place by his side as ruler of Tencendor; to Azhure, he had given his children, his time, and his devotion. His love for both women is what the last twist of the Prophecy relies on. While Azhure explores her newfound powers as an Icarii Enchantress, and Faraday replants the ancient forests of the Mother, the evil Gorgrael is plotting Axis's downfall, invading the sky with ice and terror and the flesh-hungry Gryphons. His most daring move is to follow prophecy, to taunt Axis with the pain of his beloved. But which beloved woman will Gorgrael choose . . . and will she be the one whose death will distract Axis from saving the world? Until an unexpected, ultimate adventure -- as a stowaway aboard an intergalactic spaceship -- carries him away...but to where? And when? And how could he ever get back? Starman (1988-) #16 Roger Stern, 2017-07-27 Will Payton is reunited with his long-lost father...but the reunion is marred by his mother's reaction and by the shadow of death.

Starman Jones Robert A. Heinlein, 2011-10-01 The stars were closed to Max Jones. To get into space you either needed connections, a membership in the arcane Guild, or a whole lot more money than Max, the son of a widowed, poor mother, was ever going to have. What Max does have going for him are his uncle's prized astrogation manuals^¾books on star navigation that Max literally commits to memory word for word, equation for equation. When Max's mother decides to remarry a bullying oaf, Max takes to the road, only to discover that his Uncle Chet's manuals, and Max's near complete memorization of them, is a ticket to the stars. But serving on a spaceship is no easy task. Duty is everything, and a mistake can mean you

and all aboard are lost forever. Max loves every minute of his new life, and he steadily grows in the trust of his superior officers, and seems to be on course for a command track position. But then disaster strikes, and it's going to take every trick Max ever learned from his tough life and his uncle's manuals to save himself and the ship from a doom beyond extinction itself. At the publisher's request, this title is sold without DRM (Digital Rights Management).

Star Man Michael Francis, Paul Elliott, 2005 Life changed for Michael Francis at the age of 21 when Paul McCartney walked into his father's boxing gym to watch his friend John Conteh preparing for a fight. Paul hired Michael as his security guard, beginning a thirty-year music business career in which he worked with such legendary names as Led Zeppelin, Bad Company, The Osmonds, Sheena Easton, Frank Sinatra, Bon Jovi, Cher and Kiss. As tour manager, Michael was responsible for every aspect of their safety and their comfort, from making sure they were not mobbed on stage to making sure they got paid. Whatever they wanted, he got hold of. To some of them he became close. He was best man at Jon Bon Jovi's wedding, and provided personal security for five years for Cher at her Malibu home. He shared their wildest excesses, their highs and their lows; he saw their fears and, all too often, their loneliness and paranoia. Sometimes hilarious, frequently shocking, always perceptive, STAR MAN is the outrageous, uncompromising and brutally honest story of one man's life with the biggest stars of rock.
