**I Am C-3PO - The Inside Story** Anthony Daniels, 2019-11-05 Gloriously witty, keen and spirited J.J. Abrams, Director of Star Wars: The Rise of Skywalker The odds of me ever writing a book were approximately... Oh, never mind. My golden companion worries about such things - I don't. I have indeed now written a book - telling my story, in my voice, not his - recognizing that our voices and our stories are inextricably intertwined. When Star Wars burst onto the big screen in 1977, an unfailingly polite golden droid called C-3PO captured imaginations around the globe. But C-3PO wasn't an amazing display of animatronics with a unique and unforgettable voiceover. Inside the metal costume was an actor named Anthony Daniels. In this deeply personal memoir, Anthony Daniels recounts his experiences of the epic cinematic adventure that has influenced pop culture for more than 40 years. For the very first time, he candidly describes his most intimate memories as the only actor to appear in every Star Wars film - from his first meeting with George Lucas to the final, emotional days on the set of Star Wars: The Rise of Skywalker. With a foreword by J.J. Abrams and never-before-seen photography, this book is a nostalgic look back at the Skywalker saga as it comes to a close. I Am C-3PO: The Inside Story reveals Anthony Daniels' vulnerability, how he established his role and what he accomplished, and takes readers on a journey that just happens to start in a galaxy far, far away.

**The Military Science of Star Wars** George Beahm, 2018-05 George Beahm, a former U.S. Army major, draws on his experience to discuss the military science of the sprawling Star Wars universe: its personnel, weapons, technology, tactics and strategy, including an analysis of its key battles to explain how the outmanned and outgunned rebels ultimately prevailed against overwhelming forces. Contrasting the military doctrine of the real world with the fictional world of Star Wars, the author constructively criticizes the military strengths and weaknesses of Darth Vader's Galactic Empire and Kylo Ren's First Order... From Star Wars: A New Hope (1977) to Rogue One (2016), this timely book demystifies the operational arts in an accessible and entertaining way for military personnel and civilians. Replete with a glossary of military terms, this book is supplemented with an annotated

bibliography.
