How to Start, Run and Grow a Used Car Dealership on a Budget Aaron Simmons, 2017-04 How to Start, Run and Grow a Used Car Dealership on a Budget Start Part-Time or Full-Time Right from Home-Start Your Own Used Car Business It is not hard to become a used car dealer even if you are on a tight budget. As far as the income potential is concern, it is higher than most other side gigs you will find. Just imagine this, you buy a 6 years old Toyota Camry with 87K miles for \$4,500, you bring it home, clean it up, fix few minor scratches, wash it wax it, then put it up for sale on Craigslist for \$7100. In the first three days you get a few calls, and after 4 test drives, you sell it for \$6,600. Let's see how much you made from this sale. You paid \$4,400 + you spend \$350 on fixing minor issues, so your total cost was \$4,750, but you sold it for \$6,600, so your net profit from this sale is $\$6,600 - \$4,750 = \$1,850$ Not bad for few hours of work. You see if you buy the right type of cars and price them right, there is no reason you can't sell 2-3 cars a month and make a handsome extra income each month. I have a

friend, who has a small insurance business. He has been selling cars on the side for last 25 years, and he told me just by selling 2-3 cars a month, he was able to pay for college for all his three kids. On the other hand, if you want to grow, then start small but reinvest the profit you make from selling each car back into the business and soon you will see, you are growing at a fast and steady pace, but you have to be focused and dedicated. Let's See What You Will Learn From This Book: 12 Steps to get started All 50 State licensing requirements Bond and insurance you will need Personal financial statement & sample How to incorporate and Name your business Sample Article of Incorporation Which is the best legal business entity for you How to get a EIN number and open a Commercial Bank account Where to get all your dealer supplies and Forms What and how Auction houses work How to get started on a tight budget How to find financing for your new business All Legal requirements How to develop your Inventory How to sell cars How much can you make How to do it part-time from home Dealer management software How to grow your used car dealership Enjoy and good luck!

Auto Repair For Dummies Deanna Sclar, 2019-01-07 Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. Be Your Own Boss! Used Car Dealership Business Startup Jack

Porter, 2019-06-12 Be Your Own Boss! Used Car Dealership Business Startup A Detail Step By Step Guide to Starting a Successful Preowned Car Lot Business for All 50 States Have you ever wanted to be your own boss? Are you looking for a rewarding career? Do you consider yourself a master salesman, or maybe want to become one? Are you looking to start a business that really matters? Car dealership owners provide a much-needed service to our communities, and this service is with a personal touch that cannot be achieved via an online-only buying experience. Sometimes it appears that there are more cars on the road than people already, how could you possibly make any money in this industry? The market has never been better for individuals who are striving to begin their own used car dealership. Used car dealerships are a recession sturdy business model. With my 30 years of hands-on experience in the automobile dealership industry, this book fulfills my need to give something back. I share all of my wisdom and time-honored advice for venturing into your dream career! My family memories involve selling baseball cards at the local flea market and traveling to auto auctions with my father and Uncle Sam. I was an adult at the time of my first auction, but I felt like a kid on his way to the circus. I became captivated by all of the action happening between the auctioneer and the people with the paddles. My Uncle Sam's voice cut through the bidding to yell the winning bid for a beat-up and rusted yet supposedly reliable pick-up truck. Three weeks and two paint jobs later, I

was able to watch him sell it for a \$3,500 profit. I was immediately hooked. Ever since then, I knew I desperately wanted to sell used cars, but not just for the insane profits. I once sold a gently used Volvo in great condition to an elderly couple who were completely thrilled to have it. They wanted it for safety reasons and of course its record of reliability. That made me proud. Moments like these make it all worth it. Car salesmen have to be therapists, educators, and extended family all rolled into one. The entire experience can be very rewarding! If you have a passion for cars, helping others, and making lots of money, you cannot go wrong with starting your own car dealership. In this Be Your Own Boss! Used Car Dealership Business Startup book, I show you everything you need to know, from start to finish of how to run a used car dealership. You can even start from the comfort of your own home! You'll learn the basics like: What impact the car industry has Why you should start a used car dealership NOW How to complete market research What the pros and cons are of starting a used car lot How & Where to buy your inventory How to Navigate through the two big Auction Houses How to price your stock How to market yourself Most importantly, I give you some cold, hard facts. What your initial startup costs will be How to finance The legal requirements What licenses you'll need Answers to some difficult issues you'll face What legal issues you need to consider Licensing requirements & Fees for all 50 states All of this is sprinkled with my time-tested advice and experience. I yearn to give back and mentor some up-and-coming entrepreneurs! I also include a
