Jay Noel

The Dragonfly Delivery Company Keith W.

Dickinson,2023-03-31 Pirates rule the skies, robbing ships at will. They're ruthless, efficient, and surprisingly well informed. There's a rat in the Air Courier's Guild, and to catch a rat you need a rat catcher. You need Dexter and Sinister. Up in the air and out of their depth, John and Dexter will have to watch their backs on this one. The Guild might be on their side but the captains sure aren't. They have secrets to keep, secrets that could get a man killed, and it's a long way down for those who stick their noses in where they don't belong. And their cats too, if they're not careful! With airship battles over the English lakes, marauding vegan chefs, and the return of everyone's favourite muscle for hire, Agnes Goodenough, *The Dragonfly Delivery Company* is a tale of heroism and high adventure, full of fun, laughs, and the sort of steam-powered shenanigans everyone can enjoy.

Now, the tyrannical Iberian Empire is bent on destroying his kingdom, and they send their steam-powered giants and iron spiders against him. Zen embarks on a quest that takes him on the most dangerous journey of his life. To succeed, Zen must live up to his nickname, the Dragonfly Warrior, and kill all his enemies with only a sword and a pair of six-guns. He is called upon to somehow survive a test of faith and loyalty in a world so cruel and merciless, it borders on madness.

The Art & Craft of Pyrography Lora S. Irish, 2012-07-01
Although it is often referred to as woodburning, the art of pyrography can be worked on just about any natural surface, including gourds, leather, or cotton rag paper. Now Lora Irish, the author of the bestselling *Great Book of Woodburning*, offers thirty-five amazingly detailed new projects that explore the craft of pyrography across the full range of inventive pyro media. Inside her new book, readers will learn the basics of pyrography systems, tools, supplies and practice boards. Differences between the various substrates are examined and discussed, including both wood and non-wood working surfaces. Irish provides expert advice on temperature settings, fill patterns, hand positions, textures, stroke patterns and more. Chapters are included on creating tonal values, understanding shadows, adding color to your burnings, and finishing the work. Thirty-five new patterns illustrate the application of fine pyrography across a wide variety of imaginative media, including vegetable tanned leather, dried gourds, cotton fabric, artist paper, chipboard and papier-mâché. Irish is known for her amazingly detailed patterns that positively exude expression, and this book does not disappoint. Each fascinating project includes complete instructions plus photographs of both the finished piece and the work-in-progress across pale, medium, dark and detailed stages.

Public Works Steampunk Presents Jane Eyre R. A. Harding, Charlotte Brontë, 2021-10-16 The classic story of Jane Eyre reset in a steampunk world, complete with zephyr-ships,

clockwork, and automatons in addition to the original romance and mystery! As a child, Jane Eyre lives with her cold aunt and cruel cousins in the levitating manor Gateshead Hall, but is soon sent to Lowood Institution, the austere boarding school for orphans across continents in India. Jane eventually journeys back to England, to take the job of governess at Thornfield Hall, a mysterious manor that floats in the air above a lake and harbors a dark and shrouded secret. This retelling retains all of the original passion and intrigue but winds it up to something much more. Written by Charlotte Brontë and originally published in 1847, these steampunk additions were imagined and added by R.A. Harding almost one hundred and seventy-five years later. This speaks to the enduring quality of the book and the unmitigated moxie of one of its fans.

And in one of the forgotten chambers, Lina discovers a secret. Hidden deep in a cavern is a half-buried airship like nothing she has ever seen before. Which means a reward for Piper if she can get the girl home. The one sure way to the Territories is the 401, a great old beauty of a train. But a ticket costs more coin than Piper could make in a year.
