Storm's Herald J. W. Golan, 2019-03-09 A peasant girl who dreams of becoming a sorceress, a boy who imagines himself a knight - trailed by a ruthless mercenary armed with an ancient sword. All Lynette wanted was to leave her boring village life - to attend the Fae Academy and become a Druid priestess like her teacher before her. Her clumsy attempts at magic are a reminder of how much she has yet to learn. But if they would only accept her, if the Fae Kingdom - closed to human visitors for centuries now - would only just open its doors, she is certain she could become a master of the magical arts. Yet her journey puts her on a collision course with a reawakened evil - offering a king's ransom for the recovery of a long-lost relic. Treasure hunters of every variety - werewolves, mercenaries, common thieves and undead alike - are soon locked in pursuit of its promised riches. Together with Baxter, a young squire who fled his own kingdom, and Eirlon, a gnome who trades in rare antiquities, Lynette is drawn unwillingly into the hunt for the elusive relic. Hounded by goblins, ogres - and darker things - Baxter carries his own burdens: secrets that have made him the enemy of the crown. And then there is Garth, the mysterious mercenary who both frightens and intrigues Lynette: the weapons-master armed with an ancient blade - snatched from the hand of a long-vanished fae prince. Willingly or not, Lynette, Baxter and Eirlon must together solve the riddles behind the relic - and stay one step ahead of the ruthless killers that pursue them. The complete Book One of the Stormfall Chronicles, Storm's Herald is an Epic Fantasy series suitable for all ages.

The Negative Man Jeremy Croston, 2016-07-09 When a super operating at maximum capacity is hit by a force that has broken the sound barrier, the resulting fallout would be known as The Stormfall. The energy discharged by such an occurrence would potentially have the same effects of a nuclear bomb. However, in certain cases, the destruction and loss of life would be worth it. There are some supers who were never meant to exist. - Dr. Leonard Cooper, The Stormfall Theory The Dark Lion is dead. With their protector gone, Pacific Station has been left to the mercy of The Negative Man, or has it? The police, led by Chief Grimes, have an ally of their own - one that can equal The Negative Man in both skill and power. That's not all. In the shadows lurks another, one born to take up the yellow cloak and the weight it carries. But he too carries a burden, one of revenge. Can the Son of the Lion cast aside his hate for the greater good or is it his destiny to unleash The Stormfall?

Storm's Clouds J. W. Golan, 2019-10-19 A dragon: the most powerful, destructive and malevolent force known. The last thing Lynette ever wanted to get closer to - and the one thing she's been tasked to go find. For the first time in centuries, a dragon has been reported on the edge of the Feyfell. Homes, cities, and forests are all threatened with fiery destruction. The news has plunged the Fae Kingdom into a panic. Desperate to know the truth behind the reports, and unable to discretely dispatch his own fae soldiers to investigate, King Elyan tasks Lynette, Baxter and Eirlon with tracking down the whereabouts and intentions of the fiery beast. But Lynette is still only a second-year student at the Fae Academy. She has come far - but she knows she's no Arche-Mage. Baxter is still struggling to prove his worth, hoping Lynette might see him as something more than the boy-squire she first met two years before. And Eirlon - he still hordes secrets Lynette can only suspect. A girl, a boy, and a gnome - on the hunt for a fire-breathing dragon. The threats facing the Fae Kingdom, however, are multiplying. A traitor has set his sights on King Elyan, while the Arche-Fae Council continues to treat the Princess Elise as an outsider - an adopted daughter rather than a noble fae by birth. Hostile armies are gathering on the kingdom's northern frontier, while the mage-turned-swordsman Garth must balance between rescuing a boy on a quest and averting a larger war. With sightings of dragons, rumors of war, and trained assassins stalking the land, will there even be a Feyfell for Lynette to return to? The complete Book Two of the Stormfall Chronicles, Storm's Cloud is an Epic Fantasy suitable for all ages.

The Wizard's Bane Michael J Allen, 2017-04-18 Wizard's Bane is on the warpath. The seditious young centaurs have become a force to be reckoned with, slaughtering wizards and sowing dissent within the fey. When opposition threatens to thwart their plans, they abduct dragonlings to frame

their enemies at the risk of causing a full scale dragon war. Jedediah is lost, thrusting his Guardian mantle onto his apprentices. Haunted by demons wearing Lanea's smile, Drake abandons Jordan in favor of drunken Cherry Coke oblivion. Desperate for Jedediah's help, Drake gambles all on a cross-country flight to enlist his mother's help only to fall prey to Wizard's Bane. Pre-teens desperate for protection besiege Jordan. Faced with needy adolescents and centaurs, Zero's dragon slayer and church ladies armed with holy water, Jordan struggles to keep everyone alive while scouring Jedediah's properties to find him. Can Jordan and Drake persevere with war on the horizon, or will the Wizard's Bane write victory songs in their blood?

The Way of the Walker Marius H. Visser, 2023-07-14 No man lives forever. But our deeds will never die . . . Tenthis, the realm of the gods, is dying. The Light of the Eyavare, intended to keep it and the mortal realm separate, is fading, and the merger of two realms unleashes the World Storm. Cities crumble, floods rage, and it is all that man can do to hold on to that which is most precious . . . each other. Jonas, a man well acquainted with the dark side of human nature, desired nothing more than to live his life in peace with those dearest to him. A peace that was shattered when his soul was ensnared by a goddess determined to restore Tenthis at any cost. A peace that was shattered by the death of his wife. Together with Orana, a thief grappling with her own demons, and Vernak, an old man full of wisdom and secrets, and his son Jorin, they embark on a perilous quest to free Jonas' soul. Yet as the danger mounts, the trust between them falters. How can they save the world if they can't even save each other?

Murder in Wizard's Wood Michael J Allen, 2016-07-19 Fey both beautiful and vicious hide in the Georgia backwoods, guarded by four-hundred-year-old peanut farmer, bootlegger, and wizard Jedediah Shine. Protecting humanity and the fey from one another is normally child's play compared to teaching magic to his new foster daughter and a Cherry Coke addicted dragonling, parenting an out-of-control half-elven teen sorceress or keeping his jealous elven ex-lover away from his new girlfriend. Jedediah's delicate balancing act is thrown into turmoil when rebellious, young centaurs launch a genocidal war against humanity from within his borders. At the same time, a vengeful mercenary company lays a trail of suspicious murders directly to Jedediah's door. Unwitting pawns to a deeper menace, both serve a centuries-long plot to steal magic's deepest secret. The bloody conflict thrusts Jedediah's family into Death's reach. As the body bag count rises and law enforcement closes in, Jedediah is forced to make desperate choices to protect his loved ones and magic itself by stopping the murders in his wood.

A Knights Realm Shaun Robinson, 2012-11-16 The history of Tiseria is littered with ferocious battles. Battles, between the many different races, which threatened to engulf the entire realm. Races and creatures have become extinct, or very close to it, but, no war had been as terrible as the Dark Wars. Over a thousand years ago the Cultists of Volkin tried to bring forth their underworld god into the living realm. They almost succeeded. The cult had been defeated by the allied forces of the Four Kingdoms, and by the Covenant of the Magi. Tiseria prospered and there was general peace in the wake of the Dark Wars. Peace which had gone, relatively, unbroken, until now. The armies of darkness are rising once more. After more than a millennia the Cult of Volkin has returned, returned to finish what they had started. The cult is more devastating than ever, equipped with powers bestowed upon them by Volkin himself. They intend to wreck havoc, spread corruption, fear and distraught, through the kingdoms, and raise their Dark God once again. Releasing a corruption upon the physical realm, and causing the various races to become hosts for evil spirits, the Cult of Volkin is demonstrating their power to all. The descendants of the Covenant of the Magi and Knights Order, combined to create the Order of Light, must once again brave the horrors brought forth by Volkin's minions. Two knights have been chosen to undertake the suicidal mission of reuniting the races of Tiseria and retying the bonds of allegiance between them. The fallen, and dishonoured, Knight-Captain, Ryan Quinn, and the proud, and noble, Michael Crow, must traverse the three remaining kingdoms in hopes of uniting the Human, Dwarven and Elven races once more against the terror that is Volkin. With dungeons, dragons, magic and goblins set to cross their path, can these two knights survive and what else will they encounter?

Storm Fall Ken Lange,2021-04-28 Considering the last few years, Viktor Warden should be prepared for anything: a murderous ex-wife, body-snatching, and fighting tooth and nail with some of the most evil, gruesome foes the world has ever seen. Looks like that might have just been the warm-up. As the world reels in the wake of a pandemic, ghosts from his past rise out of the Aether to extract their pound of flesh whether he's willing to pay or not. In his search to stay above ground, he'll need to fend off cultists, the Blighted-vampires changed by the Gaia contagion--and the Black Circle, all at once.To further complicate matters, he's on a tight schedule. Xiwangmu has picked now, of all times, to fulfill her end of an ancient bargain. And she isn't willing to take no for an answer. So, no pressure or anything. Television and Serial Adaptation Shannon Wells-Lassagne,2017-01-20 As American television continues to garner considerable esteem, rivalling the seventh art in its cinematic aesthetics and the

complexity of its narratives, one aspect of its development has been relatively unexamined. While film has long acknowledged its tendency to adapt, an ability that contributed to its status as narrative art (capable of translating canonical texts onto the screen), television adaptations have seemingly been relegated to the miniseries or classic serial. From remakes and reboots to transmedia storytelling, loose adaptations or adaptations which last but a single episode, the recycling of pre-existing narrative is a practice that is just as common in television as in film, and this text seeks to rectify that oversight, examining series from M*A*S*H to Game of Thrones, Pride and Prejudice to Castle.

Dark Star TJ Green,2021-11-25 A race against time to find a stolen arcane artefact turns out to be far more dangerous than they ever expected. The search leads them across the country and tests their resources — and their faith in each other, as fey and Nephilim discover this world is as tricky as the life they left behind. Harlan, desperate to help, finds himself at war with JD, and suddenly alliances are under pressure. No longer able to trust The Orphic Guild, Harlan is faced with a dilemma that forces him to make choices he never envisaged. Love magic, paranormal mystery, intrigue, and the occult?
