Star Wars Stormtroopers Ryder Windham, Adam Bray, 2017-10-24 Foreword by John Boyega Just in time for the next blockbuster, Star Wars: The Last Jedi, this unique and beautifully designed compendium with removable features traces one of the franchise's most iconic characters—the stormtrooper—from initial development through all nine Star Wars movies to their many iterations in TV, comics, videogames, novels, and pop-culture. Star Wars: A New Hope, the very first installment in the beloved science-fiction series, introduced the Imperial stormtroopers—the army of the fearsome and tyrannical Galactic Empire. Charged with establishing Imperial authority and suppressing resistance, these terrifying, faceless, well-disciplined soldiers in white have become a universal symbol of oppression. Star Wars Stormtroopers explores these striking warriors and their evolution in depth for the first time. Ryder Windham and Adam Bray trace the roots of their creation and design, and explore how these elite troops

from a galaxy far, far away have been depicted in movies, cartoons, comics, novels, and merchandizing. Filled with photographs, illustrations, story boards, and other artwork, this lavish officially licensed book comes complete with removable features, including posters, stickers, replica memorabilia and more, making it an essential keepsake for every Star Wars fan, as well as military, design, and film aficionados.

Stormtrooper Families Andrew Wackerfuss, 2015-08-18 Based on extensive archival work, *Stormtrooper Families* combines stormtrooper personnel records, Nazi Party autobiographies, published and unpublished memoirs, personal letters, court records, and police-surveillance records to paint a picture of the stormtrooper movement as an organic product of its local community, its web of interpersonal relationships, and its intensely emotional internal struggles. Extensive analysis of Nazi-era media across the political spectrum shows how the public debate over homosexuality proved just as important to political outcomes as did the actual presence of homosexuals in fascist and antifascist politics. As children in the late-imperial period, the stormtroopers witnessed the first German debates over homosexuality and political life. As young adults, they verbally and physically battled over these definitions, bringing conflicts over homosexuality and masculinity into the center of Weimar Germany's most important political debates. *Stormtrooper Families* chronicles the stormtroopers' personal, political, and sexual struggles to explain not only how individual gay men existed within the Nazi movement but also how the public meaning of homosexuality affected fascist and antifascist politics—a public controversy still alive today.

Star Wars Ryder Windham, Adam Bray, 2017-11-24 Voici le livre collector définitif pour tout connaître des soldats

de l'empire. Nés dans les soubresauts de la Guerre des Clones, les stormtroopers demeurent le symbole le plus éclatant et le plus terrifiant du Premier Ordre. D'abord constitué uniquement des clones de Jango Fett, ce corps d'élite s'est ensuite ouvert à tous les guerriers formés au sein des académies impériales. De leur toute première apparition jusqu'au nouveau design de l'épisode VIII, en passant par leur succès dans le fandom ou en produits dérivés, cet ouvrage explore la fascination sans fin qu'exercent ces légions blanches. Avec des dépliants et des flic-similés, il propose une rare immersion dans ce pan jusqu'à présent peu exploré de la mythologie Star Wars.

Allegiance: Star Wars Legends Timothy Zahn, 2011-06-28 Never before has the incendiary mix of action, politics, and intrigue that has become Timothy Zahn's trademark, been more evident than in this new Star Wars epic. On the heels of the stunning events chronicled in *Star Wars: A New Hope*, the newly minted heroes of the Rebellion—fledgling Jedi Luke Skywalker, smuggler turned reluctant freedom-fighter Han Solo, and Princess Leia Organa, a bold leader with a world to avenge—must face the harsh realities of the cataclysmic conflict into which they have so bravely plunged. From this point forward, legends will grow, treachery will abound, and lives will be irrevocably altered, in the long, hard fight to counter the fist of tyranny and restore hope to a galaxy too long in darkness. The destruction of the Death Star by the Rebel Alliance was a decisive blow against the Empire, but Palpatine and his monstrous enforcer, Darth Vader, are no less of a threat. The brutal extermination of Alderaan not only demonstrated the magnitude of their murderous power, but served as a chilling testament to their resolve to crush the Rebel uprising. Standing against them, Skywalker, Solo, and the Princess remain uncertain opponents. Luke is gifted and brave, but unschooled in the power he possesses. Han has doubts about waging someone else's war—and his contentiousness is one more burden for Leia to bear as she struggles to help keep the Rebellion alive. The three have been sent to mediate a dispute between Rebel Alliance factions in the Shesh Sector—agitating matters by forcing Han to deal not only with pirates, but with his more dreaded enemy, politics. At the same time, Mara Jade—all of eighteen years away from her fateful meeting with Luke—is serving her evil master, Palpatine, well in her role as the Emperor's Hand: tracking suspected treachery in the Empire to what may be high places—while trying to stay out of Darth Vader's way. But the Rebels will prove to be only one of the Empire's concerns. For Imperial Stormtrooper Daric LaRone, his faith in the Empire shaken by the wanton destruction of Alderaan, will commit a sudden and violent act of defiance, and take four other enforcers with him, in a desperate bid to elude their masters' wrath. Each of these fateful actions, whether sanctioned, secret, or scandalous, will expose brutality and corruption, spur upheavals destined to shake the Empire to its core, and shape momentous events yet to come. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

Stormtroopers Daniel Siemens, 2017-10-24 The first full history of the Nazi Stormtroopers whose muscle brought Hitler to power, with revelations concerning their longevity and their contributions to the Holocaust. Germany's Stormtroopers engaged in a vicious siege of violence that propelled the National Socialists to power in the 1930s. Known also as the SA or Brownshirts, these "ordinary" men waged a loosely structured campaign of intimidation and

savagery across the nation from the 1920s to the “Night of the Long Knives” in 1934, when Chief of Staff Ernst Röhm and many other SA leaders were assassinated on Hitler’s orders. In this deeply researched history, Daniel Siemens explores not only the roots of the SA and its swift decapitation but also its previously unrecognized transformation into a million-member Nazi organization, its activities in German-occupied territories during World War II, and its particular contributions to the Holocaust. The author provides portraits of individual members and their victims and examines their milieu, culture, and ideology. His book tells the long-overdue story of the SA and its devastating impact on German citizens and the fate of their country.

Phasma (Star Wars) Delilah S. Dawson, 2017-09-01 NEW YORK TIMES BESTSELLER • Discover Captain Phasma’s mysterious history in this “Journey to Star Wars: The Last Jedi” novel. One of the most cunning and merciless officers of the First Order, Captain Phasma commands the favor of her superiors, the respect of her peers, and the terror of her enemies. But for all her renown, Phasma remains as virtually unknown as the impassive expression on her gleaming chrome helmet. Now, an adversary is bent on unearthing her mysterious origins—and exposing a secret she guards as zealously and ruthlessly as she serves her masters. Deep inside the Battlecruiser Absolution, a captured Resistance spy endures brutal interrogation at the hands of a crimson-armored stormtrooper—Cardinal. But the information he desires has nothing to do with the Resistance or its covert operations against the First Order. What the mysterious stormtrooper wants is Phasma’s past—and with it whatever long-buried scandal, treachery, or private demons he can wield against the hated rival who threatens his own power and privilege in the ranks of the First Order. His prisoner has what Cardinal so desperately seeks, but she won’t surrender it easily. As she wages a painstaking war of wills with her captor, bargaining for her life in exchange for every precious revelation, the spellbinding chronicle of the inscrutable Phasma unfolds. But this knowledge may prove more than just dangerous once Cardinal possesses it—and once his adversary unleashes the full measure of her fury. Praise for Phasma “Fury Road meets The Force Awakens . . . a much-needed origin story for one of the new Star Wars saga’s most mysterious

characters.”—The Verge “Dark, gripping, and entertaining.”—Roqoo Depot “Fabulous, utterly engrossing.”—Kirkus Reviews

Stormtrooper on the Eastern Front Mintauts Blossfelds, 2008-09-19 The memoir of a reluctant soldier coerced into military service by the Nazis and driven from his homeland by the Russians. Following the conquest of his native Latvia by the Nazis, Mintauts Blossfelds was given the stark choice: service in the SS or forced labor in a slave camp. So he “volunteered” to fight for the Nazis. In this memoir he describes his training and how he became an instructor before being sent into Russia. He nearly perished during the terrible winter of 1943–44 after being wounded and finding himself with his friend lying dead on top of him. As the tide turned, the Russians advanced remorselessly through. He would be wounded twice more and awarded the Iron Cross for bravery. With German resistance collapsing, he had to flee for his life—capture by the Russians meant almost certain death. He surrendered to the Americans, but describes the neglect he suffered at their hands. Unable to return to Latvia, which was now occupied by the Russians, he became a Displaced Person, eventually settling in the UK. This book tells his compelling story.
