Mastering the Art of Arms Vol 1 Guy Windsor, 2016-07-19

The term e;medieval martial artse; conjures images of armour-clad knights wielding sword, lance and axe. While the image is correct, at the foundation of knightly combat was a sophisticated form of close quarter combat, instantly recognizable to students of classical Asian arts such as jujutsu or practitioners of modern, military combatives. At the heart of this system was fighting with - and against - the dagger, a vicious weapon of both self-defense and last resort that was dangerous to those in and out of armour alike. In *Mastering the Art of Arms, Volume One: The Medieval Dagger*, renowned instructor, author and researcher, Guy Windsor, presents a complete guide to the principles and practice of Italian dagger combat. Drawing from *Il Fior di Battaglia*, a manuscript written in 1410, students are guided step-by-step through the process of mastering this six hundred year old art, from choosing a dagger to striking with it; from guard positions to steps and turns; from disarms to locks and takedowns; from safe falling practice to formal drills, and finally sparring, or free-play. Both a primer on the art and a methodology for on-going training, this book will give the complete novice a solid starting point, while providing useful drills and ideas for advanced martial artists.

Dagger Mountain J.D. Rico, 2019-08-02 Coming from a depressing dark past, Dagger Mountain seems to have finally found happiness with his beloved Sonia. As the days get closer to his wedding, many mysteries begin to unravel. Answers to the origin of nightmare dragons that attacked years ago draw him in to plan a venture outside the lands of Junos. Thinking things will finally work out, on the day of his wedding, Sonia goes missing. After hours of searching, he stumbles upon an old nature elf that offers to help him in exchange for his soul. After the deal is completed, the Underworld gets unleashed upon the earth, and all humans vanished—all humans except Dagger. With new magic

he can't explain, it's up to him to fight through the hordes of demons and make it to the Underworld to restore the earth to how it was. But can he succeed while dealing with his own demons?

Sea Harrier FRS 1 vs Mirage III/Dagger Douglas C. Dildy, Pablo Calcaterra, 2017-09-21 Following Argentina's military operation to take possession of the Falkland Islands/Islas Malvinas, British Prime Minister Margaret Thatcher's government launched a major naval operation to return them to British rule. Defending the Royal Navy task force were two small squadrons totalling 20 Sea Harriers (SHARs). Initial clashes between SHARs and Argentine Mirages and Daggers on 1 May 1982 failed to eliminate the Sea Harrier defenders. FAA fighter-bomber pilots relied on daring and courageous ultra-low level attacks, frequently escaping the Sea Harrier's limited capabilities, against Royal Navy warships and auxiliaries, causing considerable damage during Operation Corporate, the large-scale amphibious operation to repossess the islands. Publishing 35 years after the end of the conflict, this fully illustrated volume offers a balanced and objective examination of the SHAR and the Argentine Mirage and Dagger aircraft, highlighting the attributes of both and the skills and courage of the pilots flying them.
