Red Star Rogue Kenneth Sewell,Clint Richmond,2006-09-26 The Hunt for Red October meets Blind Man's Bluff in this chilling, true story of a rogue Soviet submarine that sank while trying to provoke a war between the U.S. and China.

Rogue Strike David Ricciardi,2019 Jake Keller finds himself in a familiar position--on the run for his life and desperate to find the shadowy figures behind a global conspiracy. CIA agent Jake Keller and his partner, Curt Roach, are in Yemen on an important mission. They've been tipped off to a secret meeting of top al Qaeda leaders. The plan is to interrupt the meeting with a few unexpected visitors--a pair of Hellfire missiles from an orbiting drone. But the drone stops responding to their signals and soon disappears over the horizon. When next seen, the drone is attacking innocent pilgrims in Mecca. Jake and Curt are staggered. The U.S. government is desperate to disavow this atrocity. Who better to blame than a couple of rogue CIA agents? With all the governments of the Middle East looking for them and no help from their own side, they are in a desperate race to stay

ahead of the mob and find out who's actually behind the crime.

Race and Racism in the United States [4 volumes] Charles A. Gallagher,Cameron D. Lippard,2014-06-24 How is race defined and perceived in America today, and how do these definitions and perceptions compare to attitudes 100 years ago... or 200 years ago? This four-volume set is the definitive source for every topic related to race in the United States. In the 21st century, it is easy for some students and readers to believe that racism is a thing of the past; in reality, old wounds have yet to heal, and new forms of racism are taking shape. Racism has played a role in

American society since the founding of the nation, in spite of the words all men are created equal within the Declaration of Independence. This set is the largest and most complete of its kind, covering every facet of race relations in the United States while providing information in a user-friendly format that allows easy cross-referencing of related topics for efficient research and learning. The work serves as an accessible tool for high school researchers, provides important material for undergraduate students enrolled in a variety of humanities and social sciences courses, and is an outstanding ready reference for race scholars. The entries provide readers with comprehensive content supplemented by historical backgrounds, relevant examples from primary documents, and first-hand accounts. Information is presented to interest and appeal to readers but also to support critical inquiry and understanding. A fourth volume of related primary documents supplies additional reading and resources for research.
