The PPDC now calls upon the best and brightest to rise up and become the next generation of heroes when the Kaiju threat returns.

Geo-Spatiality in Asian and Oceanic Literature and Culture Shiuuhuah Serena Chou,Soyoung Kim,Rob Sean Wilson,2022-08-04 This collection opens the geospatiality of "Asia" into an environmental framework called Oceania and pushes this complex regional multiplicity towards modes of trans-local solidarity, planetary consciousness, multi-sited decentering, and world belonging. At the transdisciplinary core of this "worlding" process lies the multiple spatial and temporal dynamics of an environmental eco-poetics, articulated via thinking and creating both with and beyond the Pacific and Asia imaginary.

Pacific Rim Uprising: Ascension Greg Keyes,2018-03-27 The official prequel novelization bridging the gap between Pacific Rim and the upcoming Pacific Rim Uprising It's been ten years since humanity's war with the monstrous Kaiju ended and the Breach at the bottom of the Pacific Ocean was sealed. The Pan Pacific Defense Corps remains vigilant in anticipation of the Kaiju's return, expanding and advancing their fleet of massive mechs known as Jaegers and accepting the best and the brightest candidates into the Jaeger Academy Training Program to forge the next generation of heroes. Training is competitive and positions are few. Ou-Yang Jinhai and Viktoriya Malikova grew up in the ashes of the Kaiju War and followed different paths to join the latest batch of cadets at the Moyulan Shatterdome, the most prestigious PPDC training location in the world. Yet not long after their arrival, tragedy strikes as a deadly act of sabotage casts suspicion on the new cadets. Together they must work to clear their name and discover the truth as dark forces conspire against them and new threats surface from both sides of the Breach...

Pacific Rim David S Cohen,2013-06-18 From acclaimed filmmaker Guillermo del Toro comes Warner Bros. Pictures' and Legendary Pictures' epic sci-fi action adventure Pacific Rim. When legions of monstrous creatures, known as Kaiju, started rising from the sea, a war began that would take millions of lives and consume humanity's resources for years. To combat the giant Kaiju, a special weapon was devised: massive robots, called Jaegers, which are piloted by an international crew of soldiers in the Pan Pacific Defense Corps. But even the Jaegers are proving nearly defenseless in the face of the relentless Kaiju. On the verge of defeat, two unlikely heroes—a washed up former pilot and an untested trainee—team up to pilot a legendary but seemingly obsolete Jaeger on a mission to halt the mounting apocalypse. Pacific Rim: Man, Machines & Monsters chronicles the production of the film with stunning concept art, captivating photography, and cast and crew descriptions of the shoot.

Giant Creatures in Our World Camille D.G. Mustachio,Jason Barr,2017-09-29 Dismissed as camp by critics but revered by fans, the kaiju or strange creature film has become an iconic element of both Japanese and American pop culture. From homage to parody to advertising, references to Godzilla--and to a lesser extent Gamera, Rodan, Ultraman and others--abound in entertainment media. Godzilla in particular is so ubiquitous, his name is synonymous with immensity and destruction. In this collection of new essays, contributors examine kaiju representations in a range of contexts and attempt to define this at times ambiguous genre.

Guillermo del Toro Ian Nathan, 2021-11-09 Guillermo del Toro is a complete and intimate study of the life and work of one of modern cinema's most truly unique directors, whose distinct aesthetic and imagination are unmatched in contemporary film. Widely regarded as one of the most imaginative directors working in cinema today, Guillermo del Toro has built up a body of work that has enthralled movie fans with its dark beauty and edge-of-the-seat set pieces. In this book, acclaimed author Ian Nathan charts the progression of a career that has produced some of contemporary cinema's most revered scenes and idiosyncratic characters. This detailed examination looks at how the strands of del Toro's career have woven together to create one of modern cinema's most ground-breaking bodies of work. Delving deep into del Toro's psyche, the book starts by examining his beginnings in Mexico, the creative but isolated child surrounded by ornate catholicism and monster magazines, filming stop motion battles between his toys on a Super-8 film camera. It follows him to film school, where we learn of his influences, from Kafka to Bunuel, and explores his 1993 debut Cronos, the independent horror debut which draws on the religious and occult themes which would recur throughout del Toro's work. It goes on to cover his development as a director with 1997's Mimic, his blockbuster success with the Hellboy films and goes on to study the films which have cemented his status as a legendary auteur, Oscar award winners Pan's Labyrinth and The Shape of Water, as well as his sci-fi masterpiece Pacific Rim, as well as looking at his exciting upcoming projects Nightmare Alley and Pinocchio. An enlightening look into the mind of an auteur blessed with a singular creative vision, Guillermo del Toro analyses the processes, themes and narratives that have come to be recognised as distinctly del Toro, from practical effects to an obsession with folklore and paganism. It looks into the narrative techniques, stylistic flourishes and creative decisions which have made him a true master of modern cinema. Presented in a slipcase with 8-page gatefold section, with scores of illuminating photographs of the director at work on set as well as iconic stills from his films and examples of his influences, this stunning package will delight all Guillermo del Toro devotees and movie lovers in general. BORN OF PHYRE Frank Underwood Jr., 2011-09-08 Though the road is glazed with a fresh layer of rainwater, LEO CINQ-MARS gingerly maneuvers his slightly neglected, 1992 Ford Explorer through the heavy evening traffic. Although seven years have passed since the tumultuous event that violently altered his life, Leo has acclimated himself to an existence of mundane routine and does just enough to get by. His lifestyle seems to scream, "I'm breathing this air, walking this earth, but hating the life I'm living." His only reason for continuing is the Judeo-Christian fear that if he kills himself,

eternal damnation will follow. For seven miserable years, he has been praying for an end to his bitter existence, an existence that was once so very sweet. His waking nightmare is a continual reminder of his excruciating loneliness, and, with every passing day, he immerses himself in ritual. On the weekends, he personally manicures four gravesites and spends any remaining moments praying quietly. Monday through Friday, he methodically drives the same stretch of highway. The only variant to the lonely, monotonous drive is the musical rotations peppered by the banal advertisements on his car stereo. He comes home from work, consumes a modest meal, and vigorously develops his martial arts skills. However, during this particular drive home, Leo unexpectedly sees a woman in the seat next to him. He is so stunned by her presence and distracted by her extraordinary beauty that he loses control of the car, and the vehicle is violently thrust into a series of uncontrolled flips. Crushing metal resounds, creating a symphony of horrendous consequence that leaves Leo and his companion unconscious. As Leo drifts in and out of reality in the hospital, he overhears his former high-school sweetheart ANN WALTON and a nurse talking about his accident. They discuss how lucky Leo and his girlfriend, who has also been hospitalized, are to be alive. Leo is baffled by the unknown woman's presence in his car, and he hears Ann immediately dispute the possibility that Leo is involved romantically with this or any woman. While Leo is unconscious, Ann visits him every day. She spends hours musing over their meeting in seventh grade, their subsequent romantic relationship, and her hopes of rekindling the love affair. Once Leo regains consciousness, Ann is happy that he is awake and alive. She admonishes him for his involvement with this other woman, and Leo, in turn, admonishes Ann for overstepping boundaries and for clinging to a relationship that ended in high school. Regardless, Ann remains intrigued and perplexed, and she is determined to learn all she can about this mysterious woman who has invaded the territory of her heart. For days, Leo remains bewildered that he has no memory of the woman, and, despite the fact that the doctors can find no medical evidence, he begins to think he has amnesia. Eventually, he goes down the hall to visit the unknown woman and discovers her sleeping. As he stares, he is mesmerized and captivated by her utter perfection. Leo is still convinced the whole thing is a dream, and because he is so weak, he passes out. Later when he wakes in his room, Leo's is thrown into a state of disconcerting confusion as he questions his sanity and his mortality. Exhausted by the personal query, he falls asleep until he is reawakened by a tranquil touch. When he opens his eyes, he discovers the mystery woman is in his room and has been watching him sleep. Leo is elated to find the woman he thought was a dream is actually sitting next to him and caressing him in such a way that he feels the first serenity he has experienced since that horrible day when his family was violently ripped from him. Leo and the enigmatic woman finally speak to each other. She tries to convince Leo that he knows her, yet he cannot remember her. He is amazed to find that she seems to know a great deal about

Pacific Rim: The Official Movie Novelization Alex Irvine, 2013-07-16 The official novelization of the upcoming sci-fi blockbuster Pacific Rim from visionary director Guillermo del Toro! When legions of monstrous creatures, known as Kaiju, started rising from the sea, a war began that would take millions of lives and consume humanity's resources for years on end. To combat the giant Kaiju, a special type of weapon was devised: massive robots, called Jaegers, which are controlled simultaneously by two pilots whose minds are locked in a neural bridge. But even the Jaegers are proving nearly defenseless in the face of the relentless Kaiju. On the verge of defeat, the forces defending mankind have no choice but to turn to two unlikely heroes—a washed up former pilot (Charlie Hunnam) and an untested trainee (Rinko Kikuchi)—who are teamed to drive a legendary but seemingly obsolete Jaeger from the past. Together, they stand as mankind's last hope against the mounting apocalypse. I wanted to make not a war movie, but an adventure movie, with a huge, romantic sense of adventure, a sense of grandeur, and operatic battles... - Guillermo Del Toro
