My World in Motion Jo Whiley, 2009-08-28 Jo Whiley is someone millions of us recognise but very few of us know. Jo's a mother, sister, DJ, wife and music-industry insider who throughout her career - and in an age of fleeting celebrity - has earned the respect of her peers and fans by simply being herself and for her constant enthusiasm, be it for established rock 'n roll royalty or emerging talent. For Jo Whiley, it's all about the music. My World in Motion offers a unique opportunity to get to know the real Jo Whiley. From her musical epiphany (being carried over the crowd at a Clash concert) to when she became friends with John Peel at Glastonbury (over some very short shorts - his not hers) and interviewed Bono (surviving a power-cut on vodka). My World in Motion is an honest, funny, self-deprecating account of Jo's professional coming of age, and what it means to be a private person in a very public world.

Scars and Stripes Tim Kennedy, Nick Palmisciano, 2024-01-09 From decorated Green Beret sniper, UFC headliner, and all around badass, Tim Kennedy, a rollicking, inspirational memoir offering lessons in how to embrace failure and weather storms, in order to unlock the strongest version of yourself. Tim Kennedy has a problem; he only feels alive right before he's about to die. Kennedy, a Green Beret, decorated Army sniper, and UFC headliner, has tackled a bull with his bare hands, jumped out of airplanes, dove to the depths of the ocean, and traveled the world hunting poachers, human traffickers, and the Taliban. But he's also the same man who got kicked out of the police department, fire department, and as an EMT, before getting two women pregnant four days apart, and finally, been beaten up by his Special Forces colleagues for, quite simply, being a selfish asshole. In Scars and Stripes, Kennedy describes how these failures shaped him into the successful businessman and devoted husband and father he is today. Through unbelievably vivid, wild anecdotes Kennedy reveals all the dumb, violent, embarrassing, and undeniably heroic things he's done in his life, including multiple combat missions in Afghanistan, building a school in Texas for elementary kids, and creating two-multimillion-dollar businesses. You will learn that failure isn't the end-rather it's the first step towards unearthing the best version of yourself and finding success, no matter how overwhelming the setbacks may

feel--

Animals in Hiding Michael Salaka,2017-07-15 The jungle is a wild place that's perfect for animals to hide in. This accessible nonfiction book and it's fiction pair Hide and Seek in the Jungle explore how jungle animals use camouflage to blend in with their surroundings. This important early elementary science topic is explained using age-appropriate text, which is enhanced by full-color photographs on each page. Readers will enjoy learning why crocodiles hide underwater and why tigers have stripes. Creatures that don't use camouflage, such as brightly colored poison dart frogs, are also discussed.

The Lizard Queen H. L. Cherryholmes,2017-09-16 Books 1-3 of 9 Part Lizard Queen Series 300 years ago, in a nameless world, a prophecy passed unfulfilled. A secret society that formed to prevent its occurrence believed it was their doing, while the secret society created to ensure that the prophecy came to pass wasn't certain it had been stopped at all. Eventually, the prophecy of Lacáruna, a female from another realm and the only being who can read the Lizard Queen's language, fell into legend. What no one realizes, however, is that Amy Darlidale is just a tad late. **THIS SHRINKING WORLD** Taking a break from a stressful workweek, Amy, a recently divorced CEO, goes out for a morning jog and crosses paths with an orange lizard. Suddenly, she finds herself under a starless sky confronted by oddly marked and strangely colored people who claim she's there to rescue the world from evil's grasp and expand it once again. But not everyone wants that to happen so there's a price on her head. This is far from the relaxing weekend Amy had intended. **FROM THE ASHES** Along with the young companions who found her, Licha and Jandro, Amy has accompanied the swaggering Colonel Dack Sangcertigre—a member of the Trotéjo, the secret society sworn to protect her—to his home nation in search of a plan to fulfill the Promise of a New Morphósis. As the body count rises and she is confronted with raving rulers, military machinations, and crafty clergy, she quickly realizes there must be much more at stake than merely finding the prophecy. **A SPECTACULAR LIE** The sense of order in this mysterious world continues to collapse. Fires rage, clans are being slaughtered and townsfolk massacred, and leaders have proclaimed a great evil has returned. As Amy searches for clues within the first mythic journals of this world's origins, she's begun seeing visions and receiving messages from forces unknown. While she's trying to understand the extent of her power others have become aware of it as well. Soon a new group with its own mysterious agenda believes Amy may have another fated purpose and only she can save herself from their terrifying trap.

Stars and Stripes and Shadows Tim Haslam, 2007-01-09 1968 for me was not simply the year I found myself away from home for the first time. It was not just the year I donned the uniform of a soldier and took up arms against communist aggression, traveling to the jungles of Southeast Asia to do my patriotic duty. To characterize that year merely as my coming of age fails to recognize the significance of the year itself. Few intervals of similar duration in the history of our nation have been as important as those twelve months. Perhaps only 1776 surpasses 1968 in its impact on who and what we as a nation will become thereafter. The eras of the Civil War and the two World Wars, although of equal or greater significance unfolded over longer spans of time, each more gradually evolving the beliefs and practices of American citizens. 1968 seems to have struck with impatient tenacity, delivering to the United States of America a wake up call from our cultural complacency and the natural acceptance of our assumed righteousness. 1968 began the polarization of America. Neutrality of belief or philosophy was no longer to be valued or even tolerated. The lines were being drawn; lines between left and right; between the old and the new, between generations and perhaps even between clarity and confusion. What we were as a people, who we were and what we stood for was cast in 1968 under the unflattering spotlight of war and internal conflict as a reaction to that war. College students, the children of World War II veterans, raised their voices in opposition to the edicts of the American Government. Extremists took matters into their own hands and murdered Martin Luther King Junior and Robert Kennedy. American soldiers committed atrocities at My Lai that shocked a citizenry unable to accept this dissonant view of Americans in uniform and our military and governmental leaders threw up their hands behind closed doors, coming to the same conclusion; we can't win this war. On the home front popular music transitioned away from the malt-shop themes of the fifties and early sixties and became a vehicle for conveying political messages, for drawing young people away from the dreamy and into the heuristic. Being twenty-one in America in 1968 was different than being twenty-one in America in 1967 or any time before. American soldiers in Vietnam in 1968 were caught in a vortex of three worlds; the remembered world they left back home, the real world of violent struggles within the jungles, villages and rice paddies of South Vietnam and the rapidly transitioning world of the United States of America, nine-thousand miles away. This is the story of one twenty-one year old American caught in that vortex.
