**My Colonial Fiji** Beverley Margaret Angus, 2013 Hear the word Fiji and you are likely to think of turquoise waters, lush foliage and a year-round tropical paradise. But this island nation is more than a place to which to escape. Its fascinating history includes a brief background as to how Fiji became a British Crown Colony between 1874 and 1970, which period is overlapped by the monopoly of Fiji's sugar industry by the Colonial Sugar Refining Company (CSR) of Australia between 1880 and 1973 when sugar was the mainstay of Fiji's economy.

*Understanding Oceania* Stewart Firth, Vijay Naidu, 2019-05-23 This book is inspired by the University of the South Pacific, the leading institution of higher education in the Pacific Islands region. Founded in 1968, USP has expanded the intellectual horizons of generations of students from its 12 member countries—Cook Islands, Fiji, Kiribati, Marshall Islands, Nauru, Niue, Samoa, Solomon Islands, Tokelau, Tonga, Tuvalu and Vanuatu—and been responsible for the formation of a regional elite of educated Pacific Islanders who can be found in key positions in government and commerce across the region. At the same time, this book celebrates the collaboration of USP with The Australian National University in research, doctoral training, teaching and joint activities. Twelve of our 19 contributors gained their doctorates at ANU, most of them before or after being students and/or teaching staff at

USP, and the remaining five embody the cross-fertilisation in teaching, research and consultancy of the two institutions. The contributions to this collection, with a few exceptions, are republications of key articles on the Pacific Islands by scholars with extensive experience and knowledge of the region.

**Regional Politics in Oceania** Stephanie Lawson, 2024-02-22 The most comprehensive study of regional politics in Oceania produced to date. Drawing on a range of interdisciplinary sources and providing a systematic account of major issues facing the region, this book will appeal to anyone engaged in any aspect of regional studies in Oceania and beyond.

**Represented Communities** John D. Kelly, Martha Kaplan, 2001-09 In 1983 Benedict Anderson's *Imagined Communities* revolutionized the anthropology of nationalism. Anderson argued that print capitalism fostered nations as imagined communities in a modular form that became the culture of modernity. Now, in *Represented Communities*, John D. Kelly and Martha Kaplan offer an extensive and devastating critique of Anderson's depictions of colonial history, his comparative method, and his political anthropology. The authors build a forceful argument around events in Fiji from World War II to the 2000 coups, showing how focus on imagined communities underestimates colonial history and obscures the struggle over legal rights and political representation in postcolonial nation-states. They show that the self-determining nation-state actually emerged with the postwar construction of the United Nations, fundamentally changing the politics of representation. Sophisticated and impassioned, this book will further anthropology's contribution to the understanding of contemporary nationalisms.

*Shotoku* Michael I. Como, 2008-04-18 Prince Shotoku (573?-622?), the purported founder of Japanese Buddhism, is widely referred to as Japan's first national hero. The cult that grew up around his memory is recognized as one of the most important phenomena in early Japanese religion. This book examines the creation and evolution of the Shotoku cult over the roughly 200 years following his death a period that saw a series of revolutionary developments in the history of Japanese religion. Michael Como highlights the activities of a cluster of kinship groups who claimed descent from ancestors from the Korean kingdom of Silla. He skillfully places these groups in their socio-cultural context and convincingly demonstrates their pivotal role in bringing continental influences to almost every aspect of government and community ideology in Japan. He argues that these immigrant kinship groups were not only responsible for the construction of the Shotoku cult, but were also associated with the introduction of the continental systems of writing, ritual, and governance. By comparing the ancestral legends of these groups to the Shotoku legend corpus and Imperial chronicles, Como shows that these kinship groups not only played a major role in the formation of the Japanese Buddhist tradition, they also to a large degree shaped the paradigms in terms of which the Japanese Imperial cult and the nation of Japan were conceptualized and created. Offering a radically new picture of the Asuka and Nara period (551-794), this innovative work will stimulate new approaches to the study of early Japanese religion focusing on the complex interactions among ideas of ethnicity, lineage, textuality, and ritual.

**The Rousing Drum** Scott Schnell, 1999-06-01 Ritual is too often equated with unvarying or repetitive behavior. This impression is encouraged by the ethnographic tendency toward an overly narrow time frame, which highlights current relationships and conditions rather than long-term developments. The Rousing Drum takes a different view. It adopts a historical perspective encompassing several hundred years in exploring the role of ritual as an effective medium for negotiating sociopolitical and economic change. The setting is Furukawa, a town located in Japan's mountainous interior. Every spring the local Shinto shrine festival provides an opportunity for enacting social relationships and attitudes. By day, a portable shrine containing the spirit of the guardian deity is escorted through town in a stately procession. At night, however, a different scenario unfolds. A barrel-shaped drum is borne through the nighttime streets on a massive grid-like platform. Prominent members of the community are obliged to ride upon the platform, while teams of young adults rush out and attack it as it passes through their respective neighborhoods. The action can become quite unruly, and random fights and injuries are accepted as inevitable correlates. In analyzing the festival over time, Schnell reveals a dramatic transformation. The drum ritual, which originated as a minor preliminary to the other events, emerged during the late 1800s as an occasion for airing hostilities and settling scores. As Japan's modernization progressed, the ritual performance came to embody a symbolic challenge to institutionalized authority, and occasionally escalated into politically motivated violence. While the religious ceremonies observed during the day were appropriated by local power holders, the nighttime drum ritual represented a folk response to the officially sanctioned liturgy. The festival as a whole thus represented the clash of competing ideologies within the context of a single public forum. Today's ritual, rather tame by comparison, is being transformed into a tourist attraction aligned with the town's economic development objectives. Schnell's careful examination of the ethnohistorical data offers a valuable new perspective on Japanese festivals as well as the events and conditions that influence their development. His innovative look at ritual behavior over time persuades us that we can grasp the underlying significance of such activities only if we consider them within the context of larger historical patterns.

A Mission Divided Dr Kirstie Close-Barry, 2015-12-02 This book provides insight into the long process of decolonisation within the Methodist Overseas Missions of Australasia, a colonial institution that operated in the British colony of Fiji. The mission was a site of work for Europeans, Fijians and Indo-Fijians, but each community operated separately, as the mission was divided along ethnic lines in 1901. This book outlines the colonial concepts of race and culture, as well as antagonism over land and labour, that were used to justify this separation. Recounting the stories told by the mission's leadership, including missionaries and ministers, to its grassroots membership, this book draws on archival and ethnographic research to reveal the emergence of ethno-

nationalisms in Fiji, the legacies of which are still being managed in the post-colonial state today. 'Analysing in part the story of her own ancestors, Kirstie Barry develops a fascinating account of the relationship between Christian proselytization and Pacific nationalism, showing how missionaries reinforced racial divisions between Fijian and Indo-Fijian even as they deplored them. Negotiating the intersections between evangelisation, anthropology and colonial governance, this is a book with resonance well beyond its Fijian setting.' – Professor Alan Lester, University of Sussex 'This thoroughly researched and finely crafted book unwraps and finely illustrates the interwoven layers of evolving complexity in different interpretations of ideals and debates on race, culture, colonialism and independence that informed the way the Methodist Mission was run in Fiji. It describes the human personalities and practicalities, interconnected at local, regional and global levels, which influenced the shaping of the Mission and the independent Methodist Church in Fiji. It documents the influence of evolving anthropological theories and ecumenical theological understandings of culture on mission practice. The book's rich sources enhance our understanding of the complex history of ethnic relations in Fiji, helping to explain why ethnic divisive thinking remains a challenge.' – Jacqueline Ryle, University of the South Pacific 'A beautifully researched study of the transnational impact of South Asian bodies on nationalisms and church devolution in Fiji, and an important resource for empire studies as a whole.' – Professor Jane Samson, University of Alberta, Canada

*A Vision for Change* Brij V. Lal, 2011-11-01 Dr Lal's book is more than an eloquent account of the political struggle of one of Fiji's outstanding leaders. It is a timely reminder that the process of constitutional change hangs in the balance, as it did at the time of Mr Patel's death. I hope his example will inspire future generations in Fiji to realise the vision articulated by a brilliant and courageous advocate of democracy, and a loyal son of Fiji. - Late Adi Kuini Bavadra
