Join this OP adventurer in an exhilarating and epic saga as he and his allies carve their way into the annals of history!

Black Summoner: Volume 11 Doufu Mayoi,2022-12-23 Even after Kelvin has defeated Gustav in battle, Sera and Bell's sisterly fight rages on. The two seem equally matched, but once they have revealed all their moves and it seems the end is in sight, an unexpected development occurs! Not long after, Kelvin's party arrives at the home base of the Apostles of Elearis, a place in Abyssland called

the Evil Deity's Heart. Just as Rion sets out on her own journey, she encounters Serge, the ancient Hero she once crossed swords with in Toraj! Come along for the ride as this black-clad Grim Reaper and his friends finally bring the fight to the Apostles in the eleventh volume of this epic journey!

Magika Swordsman and Summoner Vol. 6 MonRin,Mitsuki Mihara,2017-02-21 Welcome to Magika Academy, where students duel with swords and magic! Master Swordsman Kazuki Hayashizaki enrolled after forming a binding contract with a magic-wielding diva, and though he has defeated the Ace of the Northern European Knights, his battles are far from over. This time he must face his greatest foe yet: Magika student council president Otonashi Kaguya, the most powerful student at Magika Academy.

High Summoner Douglas Milewski,2021-03-30 Break it now. Fix it later. That's the Steamfitter way. In ages past, the Ambrosians commanded powerful creatures with the Staff of the High Summoner. Fortunately for Steamfitter & Co., Arcadia has that artifact in her larder, right next to the cheese. So, how exactly does it work? Good question. Nobody knows. And even if the team did know how to use

it, they don't have any constructs. To get their own city-leveling titan, they'll need to defeat one in open combat, using hand weapons. Does this seem like a terrible plan to you? Yes, it does. It's a good thing that infighting and recriminations are their specialties. All they need are some steam engines, androids, ancient computers, experimental airships, reckless teenagers, and multiple lines of credit. Go team.

Black Summoner: Volume 2 Doufu Mayoi, 2020-11-11 Following his transmigration, during which he bartered away his memories in exchange for rare and powerful skills, Kelvin is fully enjoying his new life as an adventurer. After making a name for himself in Parth, becoming the city's most famous and respected adventurer along with his close-knit motley crew, he next sets his sights on Toraj, the Country of Water. But what should have been a peaceful visit to satiate his heartfelt cry of "I haven't had a grain of rice since arriving in this world – I want some rice!!" was, of course, never fated to go smoothly. The unfortunate (or fortunate?) souls who just happened to catch the attention of this sarcastic, adventurous battle junkie are...none other than the Heroes of Deramis?! Join this black-clad

warrior and his allies as they continue to make a name for themselves in the second volume of this epic journey!
