Tim Lawson, Alisa Persons

Chilly and the Missing Heat Bob Ernest, 2023-01-10 This story is the first in an ongoing series of stories about Chilly Won Ton Willy. The series is entitled The Super Delicious Adventures of Chilly Wonton Willy. The stories are richly illustrated and written in rhyming verse. Wonton Willy is an animated bowl of wonton soup. In the story we meet Willy's many friends among them his friend Egg Drop Sue. In this, the first story, Won Ton Willy becomes known as Chilly Won Ton Willy because he discovers that he has lost his heat. This is awful because he is now a cold wonton soup, and he loses his job at Joe's Chinese Buffet. Chilly is very sad, but his friends rally around him beginning with his BFF, Silver Spoon. They decide to go on an adventure to find Chilly's heat. They start out for Mexico because it is hot. But without a compass, they keep getting lost. Paula Penguin suggests they first find a map. So, they travel to Wisconsin, where their Cheddar's family lives. Grandma Cheddar throws a huge party at her house, and Grampa Cheddar gives them a map. They start out again, and this time they are successful in making their way to Mexico. There they learn about a soup called Gazpacho, that is served cold. Chilly suddenly realizes why he got cold. Chef Pierre, who was in charge while Joe was on vacation, had turned off the stove. Chilly is reinstated and everyone, less Pierre, is happy and laughing and having fun again.

American Cider Dan Pucci, Craig Cavallo, 2021-03-02 "Not just a thorough guide to the history of apples and cider in this country but also an inspiring survey of the orchardists and cidermakers devoting their lives to sustainable agriculture through apples."—Alice Waters "Pucci and Cavallo are thorough and enthusiastic chroniclers, who celebrate cider's pomologists and pioneers with infectious curiosity and passion."—Bianca Bosker, New York Times bestselling author of *Cork Dork* Cider today runs the gamut from sweet to dry, smooth to funky, made

from apples and sometimes joined by other fruits—and even hopped like beer. In *American Cider*, aficionados Dan Pucci and Craig Cavallo give a new wave of consumers the tools to taste, talk about, and choose their ciders, along with stories of the many local heroes saving apple culture and producing new varieties. Like wine made from well-known grapes, ciders differ based on the apples they're made from and where and how those apples were grown. Combining the tasting tools of wine and beer, the authors illuminate the possibilities of this light, flavorful, naturally gluten-free beverage. And cider is more than just its taste—it's also historic, as the nation's first popular alcoholic beverage, made from apples brought across the Atlantic from England. Pucci and Cavallo use a region-by-region approach to illustrate how cider and the apples that make it came to be, from the well-known tale of Johnny Appleseed—which isn't quite what we thought—to the more surprising effects of industrial development and government policies that benefited white men. *American Cider* is a guide to enjoying cider, but even more so, it is a guide to being part of a community of consumers, farmers, and fermenters making the nation's oldest beverage its newest must-try drink.

The Magic Behind the Voices Tim Lawson, Alisa Persons, 2009-09-28 The Magic Behind the Voices is a fascinating package of biographies, anecdotes, credit listings, and photographs of the actors who have created the unmistakable voices for some of the most popular and enduring animated characters of all time. Drawn from dozens of personal interviews, the book features a unique look at thirty-nine of the hidden artists of show business. Often as amusing as the characters they portray, voice actors are charming, resilient people—many from humble beginnings—who have led colorful lives in pursuit of success. Beavis and Butthead and King of the Hill's Mike Judge was an engineer for a weapons contractor turned self-taught animator and voice actor. Nancy Cartwright (the voice of Bart Simpson) was a small-town Ohio girl who became the star protégé of Daws Butler—most famous for Yogi Bear, Huckleberry Hound, and Quick Draw McGraw. Mickey Mouse (Wayne Allwine) and Minnie Mouse (Russi Taylor) were a real-life husband-and-wife team. Spanning many studios and production companies, this book captures the spirit of fun that bubbles from those who create the voices of favorite animated characters. In the earliest days of cartoons, voice actors were seldom credited for their

work. A little more than a decade ago, even the Screen Actors Guild did not consider voice actors to be real actors, and the only voice actor known to the general public was Mel Blanc. Now, Oscar-winning celebrities clamor to guest star on animated television shows and features. Despite the crushing turnouts at signings for shows such as *Animaniacs*, *The Simpsons*, and *SpongeBob Squarepants*, most voice actors continue to work in relative anonymity. *The Magic Behind the Voices* features personal interviews and concise biographical details, parting the curtain to reveal creators of many of the most beloved cartoon voices.
