The Book of Melee Edwin Budding,2019-08-16 Since its 2001 release, Nintendo's crown jewel, Super Smash Bros. Melee, has inspired multiple generations of players to sustain a grassroots community. The Book of Melee is a deep dive into the universe of competitive Melee, gaming's greatest and most unlikely underdog story.In The Book of Melee, longtime Melee enthusiast and gaming journalist Edwin Budding covers the history of competitive Melee through the lens of its greatest legends, including The Five Gods of Melee. Simultaneously absurd, heartwarming, and tear-jerking, The Book of Melee tackles the evolution of the most passionate cult following of the 21st century, from crowded restaurant basements to packed arenas.

Melee is Broken Aj Rappaport,2020-11-18 In a world where most video game players crave the newest hardware or the latest game, one tight-knit global gaming community, thousands strong, has stood alone for nearly two decades: the competitive Super Smash Bros. Melee (SSBM) scene. SSBM's release for the Nintendo GameCube in 2001 signaled an exciting moment in gaming history: a continuation of the popular Smash Bros. franchise, boasting even more characters and iconography from players' favorite Nintendo properties. *Melee is Broken* argues that SSBM's unique staying power is sourced from its reliance on hardware objects from the early 2000s, through which new life is breathed into ostensibly dead media objects. Through blending textual analysis with artistic research-creation, this book interrogates the ideologies and principles that have sustained the competitive SSBM scene for so many years through examining hardware, software, community discourse, and the formation of universally adopted techniques both in- and out-of-game. This groundbreaking work aims to invite everyone from long-time SSBM competitors to those on the peripheral of SSBM, or even gaming in general, to inquire and learn more about the passion and dedication that defines competitive SSBM.
