The Video Games Guide Matt Fox, 2013-01-03 The Video Games Guide is the world's most comprehensive reference book on computer and video games. Presented in an A to Z format, this greatly expanded new edition spans fifty years of game design--from the very earliest (1962's Spacewar) through the present day releases on the PlayStation 3, Xbox 360, Wii and PC. Each game entry includes the year of release, the hardware it was released on, the name of the developer/publisher, a one to five star quality rating, and a descriptive review which offers fascinating nuggets of trivia, historical notes, cross-referencing with other titles, information on each game's sequels and of course the author's views and insights into the game. In addition to the main entries and reviews, a full-color gallery provides a visual timeline of gaming through the decades, and several appendices help to place nearly 3,000 games in context. Appendices include: a chronology of gaming software and hardware, a list of game designers showing their main titles, results of annual video game awards, notes on sourcing video games, and a glossary of gaming terms.

1 of 1 Muscle Cars Wes Eisenschenk, 2023-09-22 Learn about the rarest muscle cars ever produced with this new book. In the world of muscle cars, many were produced and sold in large enough quantities that they would be considered special but not particularly rare at the time of production. The Boss 429 and Plymouth Superbird were produced for racing homologation reasons, and since they were very expensive to produce, the manufacturers ensured that they would be rare. However, there is rare, and then there is rare. Prototypes and special factory builds, factory production cars, and super car tuners and builders

are all covered in this new book by muscle-car historian Wes Eisenschenk. Some are single examples, some are very close to being the last remaining example, and all are extremely rare. Some have no surviving example known to exist. Featured cars include a Boss 429 Cougar, a 1971 Pontiac Ventura II Sprint 455, a 1965 Chevelle 300 COPO car with the L78 option, and a 1970 FK5 Deep Burnt Orange Metallic Superbird. Dealer promotional specials include a 1968 AMC AMX Von Piranha, a 1970 Dick Harrell LS6 454 Camaro, and a 1973 Nickey Chevrolet 427 Nova. These are cars that you will read about but likely never see. For a fun ride through muscle-car history and great stories of the rarest muscle cars ever produced, add this book to your automotive library today.
