Grand Prix Ford Graham Robson,2015-10-09 In 1965, Colin Chapman persuaded Ford to underwrite development of a V8 for the new 3000cc Grand Prix formula. Built by Cosworth, the new DFV engine won Lotus four World Championship Grands Prix in 1967. A year later, and now available to other constructors, the engine began its domination of Grand Prix racing.

Speed Queens Rachel Harris-Gardiner,2023-04-06 Speed Queens is a history of women in motorsport, from the very beginning in 1897 to the modern era. Tracing the different ways that women have found into motor racing and rallying, it covers over a century of stories across the world. Each chapter takes a particular event as an introduction to a racer and her contemporaries, taking a different theme each time and moving forward through history. Circuit racing and rallying are both covered. Much more than a collection of profiles and lists of achievements, it explores ideas including sportswomen as performers in the early 20th century, women, death and risk and how the expansion of small car production in the 1960s benefitted female drivers. Some of the best-known female competitors such as Michele Mouton (rallying) and Lella Lombardi (Formula 1) make appearances, but Speed Queens is not just concerned with big names and historic “firsts”. For every woman to be the first to do something on wheels, there were usually several others vying for that honor. In this book, they are given back their place in the story and their relationships to one another examined.

Motor Racing at Thruxton in the 1970s Bruce Grant-Braham, 2013-11-06 Thruxton has been described as “the UK’s Speedbowl.” The circuit is home to the prestigious British Automobile Racing Club, and during the period covered by this book the author was editor of the club’s magazine. As a result, he was able to get behind the scenes at many of the events, including F2, British Touring Cars, Aurora AFX F1, and club races. In the 1970s Thruxton featured many famous drivers, including Ronnie Peterson, Graham Hill, Keke Rosberg, Alan Jones, and David Purley. The circuit was also popular with many club racing drivers, with the results almost always being extremely close – whatever the class.

Featuring many previously unpublished photographs from the author's personal collection, this is an insightful account of racing at one of the fastest circuits in the UK.

Formula 5000 Motor Racing Derek Lawson, 2010-02-01 This book is a trip down memory lane, recalling the days when Formula 5000 cars roared around the race tracks in Britain and Europe, creating a lot of noise and, occasionally, dust. The wail of a 5-litre engine was often more spine-tingling than ANY other racing car! Nowadays, many of the same cars show modern day spectators just what Formula 5000 was, back in the day. Few, if any, of the drivers are prima-donnas and many want to know what their car did before it came into their possession. This book answers those questions and many more.

Williams Américo Teixeira Junior, 2023-06-20 Antes de criar uma das mais vitoriosas e consagradas equipes da Fórmula 1, Frank Williams viveu o pão que o diabo amassou. Foram anos de sacrifícios que impunham fugir da falência como o maior desafio. Se a Williams Grand Prix Engineering, dos títulos de construtores e pilotos, foi inaugurada em 1977, a trajetória do chefe de equipe inglês havia começado bem antes, em 1969. Com a fundação da Frank Williams Racing Cars em 1966, e a entrada na Fórmula 1 três anos

depois, o nome Williams não esteve vinculado a conquistas e glórias, mas às incontáveis agruras de uma fase técnica e financeiramente paupérrima. Esse livro é uma homenagem ao jovem e persistente Frank Williams. A história das vacas gordas é muito conhecida, mas o que o leitor encontrará aqui é justamente aquela em que os verbos falir, resistir, sobreviver eram os que ecoavam no entorno deste verdadeiro herói do automobilismo.

Formula One - The Real Score? Brian Harvey,2017-10-04 Filling the many gaps in Formula 1 records, this book re-writes the racing history books. The history of F1 can be neatly divided into two eras, the first formally ending January 1980 when the terms `Grand Prix` and `World Championship` became synonymous, although there would be three more non-championship races after that date. However, up to January 1973 OVER HALF of F1 races were NOT included in the Championship results for the spurious reason that each country should have just a single F1 race. The classification of many F1 races as `non-Championship` did a disservice to the achievements of drivers of the Fangio, Moss, Clark and Stewart era and, even more-so, to the four pre-Championship years which began in 1946. When, today, a commentator says "Rosberg's 16th win equals the F1 wins of Stirling Moss" this is manifestly untrue. If the same drivers, in the same F1 cars, compete at the same tracks, and over a similar distance, then each race deserves to have its place in the records as a `Championship quality` event. This book includes such races alongside contemporary Championship races and, combined with known figures since 1980, produces what can surely be accepted as `The Real Score` of Formula 1.

du sport automobile. Pendant 50 ans, de circuit en circuit, il commentera sur TF1 plus de 250 Grands Prix de Formule 1, aux côtés d'Alain Prost ou de Jacques Laffite, ainsi que les 24 Heures du Mans et les 500 Miles d'Indianapolis sur Canal +. L'automobile è femmina Carolina Baur, 2022-03-20 Se il titolo dice tanto, L'automobile è femmina, il sottotitolo dice tutto: e dietro ogni motore... una donna. Il legame tra i due mondi è forte, fortissimo. Questione di passione, amore. E sì, gioie e dolori." RUOTE CLASSICHE - QUATTRORUOTE.IT Tra le pagine di questo libro, ci immergiamo in un universo dove desideri, passioni, sogni e invenzioni si fondono in un connubio affascinante con l'Automotive, un mondo elitario fatto di soli uomini. Le protagoniste di queste coinvolgenti storie non cercavano di imitare gli uomini, ma desideravano semplicemente la libertà di poter scegliere il proprio percorso nella vita, dimostrando una straordinaria determinazione in un'epoca in cui pregiudizi e stereotipi di genere erano diffusi in un periodo di grandi cambiamenti. La prima parte del libro racconta le storie di donne dietro a grandi marchi come per esempio Laura Garelli, moglie di Enzo Ferrari, e Annita Borgatti, moglie di Ferruccio Lamborghini. È importante sottolineare che non solo erano mogli, madri e figlie, ma anche amministratrici competenti e intraprendenti,

mentre i loro mariti si concentravano sulla creazione di macchine straordinarie. Nella seconda parte del libro, si esplora il ruolo delle donne dal Settecento ai giorni nostri, sottolineando le loro lotte uniche per la libertà e la tenace perseveranza nelle proprie convinzioni. Nella terza parte del libro, viene definito il concetto di Automotive tracciando le origini delle Supercar fornendo un riassunto delle principali case automobilistiche. Vengono inoltre esaminati i ruoli cruciali dei grandi carrozzieri. Attraverso gli occhi di una donna, il libro rivela con sensibilità le storie di donne straordinarie, immergendoci appassionatamente nel mondo dell'Automotive. Con determinazione, il libro sottolinea un fatto ben noto: il significativo contributo delle donne in un settore tradizionalmente dominato dagli uomini, consegnando un potente messaggio di cambiamento. L'autrice, con la sua prospettiva femminile, ha saputo mettere nero su bianco questa realtà. L'AUTRICE Carolina Baur, altoatesina, appassionata di Supercar grazie al marito Claudio Leone, scopre il contributo delle donne in un mondo dominato dagli uomini e lo documenta nel suo libro. Fa il suo debutto al Festival della Motor Valley il 26/05/2022 con l'intervista di Rita Costi presso la Scuderia Belle Epoque S.r.l. a Formigine (MO). Cattura l'attenzione di Repubblica, Alto Adige, il Corriere dell'Alto Adige, Tutto Porsche e Ruote Classiche. Il periodico QuattroRuote sottolinea una lacuna nella letteratura, un vuoto ora colmato con questo libro. Tradotto in tedesco, riceve una recensione lusinghiera da Marco Rassfeld di autobuch.guru. Personalità come Nino Balestra e Tonino Lamborghini elogiano il libro. Il giornalista e scrittore Leo Turrini lo definisce meraviglioso e Rossano Candrini, assiduo frequentatore di Laura Garelo ed Enzo Ferrari, elogia il modo veritiero con cui sono narrate le storie di queste donne straordinarie. Il libro è stato discusso in vari programmi, tra cui Il Salotto di

Wheels and Heels, condotto da Anna Mangione.
