J. J. Cook

Sweet Pepper Hero J. J. Cook, 2016-01-05 Old rivalries heat up in the fourth Sweet Pepper Fire Brigade mystery from the national bestselling author of *In Hot Water*. Fire chief Stella Griffin has been put in charge of judging the annual recipe contest, but Eric—her resident ghost and true culinary genius—has vanished. Before she can track down his latest haunt, she's called in to investigate a local moonshine distillery that was set ablaze, making her realize there's more than pies and cakes cooking in Sweet Pepper. As rumors of a revived whiskey war ignite, Stella turns to the town's elders to help her find answers. The past might have some clues as to what has sparked the present fires. But when following a lead lands her in buried rubble, Stella realizes she must extinguish this case fast or she might be going down in flames.

Peppers Vincent M. Russo, 2012 The group of plants called pepper is diverse, containing plants that contribute to the fresh and processed markets and are also used in pharmaceuticals and other non-food commercial products. Peppers developed in tropical regions, but are grown and used in every country where they can be grown and in countries where production is difficult. The book examines peppers from historical, genetic, physiological, production, and post-harvest standpoints following the development of the cultivated crop from the wild type. The diverse examples of pod types that have been developed and their variation in pungency are examined. Production methods, including the importance of fertilization and irrigation are discussed, as are the constraints on production, including pests, pathogens and weeds. Harvesting methods and the post-harvest challenges and opportunities, which exist at a level not found for other crops, will be explored.
