Deník tramvajačky Karolina Hubková,2023-01-01 Už odmala se chtěla stát tramvajačkou nebo prezidentkou. A protože se jí dětský sen splnil ve velkém stylu, stala se Karolína Hubková rovnou hvězdou pražského dopravního podniku. Jak vidí svět z kabiny řidičky tramvaje? Proč opustila svět modelingu a vybrala si profesi, která bývá vnímána jako tradičně mužská? Co má ráda na retro tramvajích? Odlehčené vyprávění nejen z pražských tramvajových kolejí vás rozesměje a ukáže, že život umí být navzdory všem svým nečekaným zatáčkám nádherná jízda.

Jane's Urban Transport Systems Mary Webb,Jackie Clarke,2007 Surveys the systems, manufacturers and consultants within the global market. City by city, you can analyse and review both current operations and future plans. Provides traffic statistics, fleet lists and numbers in service. Provides contact details and background of approx. 1,500 manufacturers

Alternative Fusion Fuels and Systems Sergei V. Ryzhkov,Alexei Yu. Chirkov,2018-11-13 Explores the systems of magnetic confinement of high-temperature plasma with closed and open magnetic field lines which relate to alternative compact devices of controlled thermonuclear fusion. Energy balance schemes of thermonuclear plasmas and main reactor characteristics are presented as the authors compare conceptual projects based on classical tokamak and stellarator, spherical tokamak and compact torus. They explore the questions and problems of new promising nuclear and thermonuclear power plants that source thermonuclear neutrons on a mixture of deuterium and tritium, and a low-radioactive reactor on a mixture of deuterium and helium-3.

Dream Car Dimitry Anastakis,2024-03-26 Dream Car tells the story of entrepreneur Malcolm Bricklin's fantastical 1970s-era Safety Vehicle-1 (SV1), audaciously launched during a tumultuous breakpoint in postwar history. The tale of the sexy-yet-safe SV1 reveals the influence of automobiles on ideas about the future, technology, entrepreneurship, risk, safety, showmanship, politics, sex, gender, business, and the state, as well as the history of the auto industry's birth, decline, and rebirth. Written as an "open road," the book invites readers to travel a narrative arc that unfolds chronologically and thematically. Dream Car's seven chapters have been structured so that they can be read in any order, determined by whichever theme each reader finds most interesting. The book also includes a musical playlist of car songs from the era and songs about the SV1 itself.

A Grammar of Khatso Chris Donlay,2019-05-06 This is the first grammar in English of Khatso, an endangered language spoken in a single farming village in China by descendants of Kublai Khan's Mongol soldiers. Based on natural language from dozens of speakers, this analysis captures the way Khatso is spoken in daily life. As a result, it is the most comprehensive description of Khatso yet, providing an in-depth look at the features,

structures and systems that comprise this unique language.

Critical Perspectives on the Minimum Wage Anne C. Cunningham, 2016-07-15 Perspectives on minimum wage have changed significantly over the past twenty years, as seen in the increased momentum of movements around the country to increase workers' salaries. Critics of an increased minimum wage argue that it will lead to mass lay-offs and increased unemployment. Proponents argue the opposite, that it will jump start our economy. In this book, economists, the media, the courts, and even ordinary people will weigh in on this contentious issue, allowing students to evaluate the minimum wage from all sides.
