The Journey of a Bengali Woman to Japan Hariprabha Takeda, 2019-01-31 Four years before Rabindranath Tagore went to Japan, a young woman sailed from Bengal over the feared kalapani seas to meet her Japanese husband's family. Hariprabha Mallick had married Oemon Takeda in the liberal milieu of the Brahmo Samaj in the early 1900s. Her sojourn among her Japanese in-laws gave her another family in a different language, one who could communicate with her only in the language of the heart. She wrote about her experience of this interpersonal and cultural encounter, and travelled to Japan at least two more times. During the Second World War, she served as the Bengali voice of Radio Tokyo at the request of Rashbehari Bose. Translated in this volume from the original Bengali, Hariprabha Takeda's writing provides an account of Japan a century ago, seen through the eyes of a naive, yet perceptive and altogether extraordinary young woman. Three essays by Hariprabha Takeda have been translated for this volume, along with a wealth of other archival material about her life and times.

This Outcast Generation and Luminous Moss Taijun Takeda, 2013-01-08 The two novelettes by contemporary Japanese writer Taijun Takeda that are contained in this book were chosen for their overall excellence to be included in our current Library of Japanese Literature series. Both stories are relatively modern, one dealing with an incident of cannibalism in Hokkaido during World War II and the other about the Japanese who lived in Shanghai following the defeat. This Outcast Generation, according to the translators, is basically an existentialist novel and it reminds of Camus, but it is of course Japanese in essence. The story tells of the life of a man who as a member of a defeated nation living in a foreign country, feels no responsibility to anyone but himself--and this only in relation to food and water. Eventually, the hero is given the chance to initiate a change in his aimless life and he acts, for mankind or for love, in committing what is meant to be a Dostoyevskian axe-type murder. Translator Goldstein calls Luminous Moss a real tour-de-force. I know nothing like it in any literature, though of course the problem of cannibalism has been treated by others.

An Eye at the Top of the World Pete Takeda, 2009-04-13 Pete Takeda's true-life thriller injects us into the heart of the Himalayas, where a forgotten CIA operation lost almost four pounds of plutonium at the source of the Ganges River. With millions of lives possibly at stake, high adventure doesn't come any more gripping than this--Jeff Long, P. [4] of cover.

Kano Eitoku/ Tsuneo Takeda Eitoku Kanō, Tsuneo Takeda, 1977 A brief look at selected works of Kano Eitoku (1543-1590), acclaimed Japanese painter and founder of the Kano school of Japanese-style painting during the Azuchi-Momoyama period.

An Eye at the Top of the World Pete Takeda, 2007-10-05 At some point during the inhumanly cold Himalayan winter straddling 1965 and 1966, a peculiar collection of box-shaped objects – one sprouting a six-foot, insect-like antenna – plummets nine thousand feet down the sheer flanks of a remote peak. Ripped from its moorings by an avalanche, the jumbled apparatus slides down a funnel-shaped hourglass of hard snow and shoots over a black cliff band, careening a vertical distance six times the height of the Empire State building. The boxes come to rest on the glacier at the mountain's base. One, an olive-drab casing the size of a personal computer, begins to sink. Then, trailing a robotic dogtail of torn wires, it slowly burns through the snow, melting into solid blue glacial ice, eventually disappearing beneath the surface, and never seen again. No one actually witnessed this event. But as you read these words, nearly four pounds of plutonium – locked in the glacier's dark unknowable heart – are almost certainly moving ever closer to the source of the Ganges River. *Eye at the Top of the World*, provides a harrowing present-day account of Takeda's expedition to solve the mystery of Nanda Devi.

In Search of Emily Masako Takeda, 2005 Cultural Writing. Memoir. Asian American studies. IN SEARCH OF EMILY: JOURNEYS FROM JAPAN TO AMHERST is Takeda's account of several journeys to the United States from Japan to study the poetry, and life, of Emily Dickinson. Takeda not only recounts how she discovered the places Dickinson lived, but she also relates how Dickinson touches her life and the lives of people she met along the way. Takeda also explores her relation to her native Japan from her vantage point in the U.S. and what it means to live abroad as a Japanese woman. She also tackles the problem of learning, living and writing in a second language. IN SEARCH OF EMILY chronicles the transformation of a young Japanese girl's blossoming interest in poetry into a lifelong pursuit after the enigmatic Emily Dickinson. MASAKO TAKEDA was born in Nagano, Japan, in 1945. She grew up in Osaka, where she now lives. Graduated from Kyoto University in 1972, Masako initially taught at Mie University and has been teaching at Osaka Shoin Women's Un

Samurai Banner of Furin Kazan Yasushi Inoue, 2011-12-20 The Samurai Banner of Furin Kazan presents an accurate portrait of this era in Japanese history. Originally published in Japanese in 1959, this classic novel by Yasushi Inoue takes place during the Japanese Warring Era (1467-1573)--a time when a fractured Japan was ruled by three powerful young warlords: Takeda Shingen, Iwagawa Yoshimoto and Hojo Ujiyasu. The story focuses on Takeda Shingen and his one-eyed, crippled strategist, Yamamoto Kansuke. The brilliant strategies of Kansuke, inspired by his passion for war and his admiration for his enemies' war tactics, are beautifully expressed throughout this book. Takeda Shingen--a proud and confident warlord--wants to expand his territory. When he retains the ambitious and mysterious Yamamoto Kansuke--a masterless, unheralded samurai--as his war strategist, he discovers a bold and cunning collaborator. Kansuke's talents at diplomacy and his prescient understanding of war strategy leads Shingen's clan to great success, a path which leads the pair to Princess Yuu. When Kansuke discovers her among the ruins of a castle he has just captured, she is about to commit ritual suicide, jigaki. Kansuke falls under her spell--and convinces her to live to carry on her family's lineage. The conflicting ambitions of Shingen, Kansuke, and Princess Yuu are at the heart of this complex and intensely dramatic story. Each of the three needs the others in order to attain their goals. In the end, the lines between who is using whom are blurred beyond understanding. Though there's some doubt as to whether Kansuke really existed, the historical narrative and depictions of daily life present a unique and engaging look at the end of the feudal era in Japan.

ELISE Episode 1 : To Touch the Ground Katsuo Takeda,2012-07-18 Episode 1: To Touch the Ground In the year 2150, the human race found itself on the brink of extinction. Earth was overcrowded and resources depleted. Pollution was out of control. Then the alien race, the Otruk, arrived and brought radical new technologies with them. The orbiting space stations were built with space elevators tethered to the ground with massive woven fibers of carbon nanotubes. Humans left the surface of the Earth to live in the space stations with the promise that they would return after the Otruk's cleaning technology rejuvenated the surface. The Otruk broke their promise, though, and refused to let humans back to the surface. In 2350, the human race launched their war to reclaim their home. Now, Trip McElory and his teenage friends rush to complete training in the armored bio-mechanical suits before the assault to recapture Earth begins. They must compete in a series of final exercises pitting cadet against cadet in order to graduate. Ven Rodan has eyes set on humiliating Trip and his squad, though, in his drive to graduate top of the class. Interpreters and War Crimes Kayoko Takeda,2021-03-22 Taking an interdisciplinary approach, this book raises new questions and provides different perspectives on the roles, responsibilities, ethics and protection of interpreters in war while investigating the substance and agents of Japanese war crimes and legal aspects of interpreters' taking part in war crimes. Informed by studies on interpreter ethics in conflict, historical studies of Japanese war crimes and legal discussion on individual liability in war crimes, Takeda provides a detailed description and analysis of the 39 interpreter defendants and interpreters as witnesses of war crimes at British military trials against the Japanese in the aftermath of the Pacific War, and tackles ethical and legal issues of various risks faced by interpreters in violent conflict. The book first discusses the backgrounds, recruitment and wartime activities of the accused interpreters at British military trials in addition to the charges they faced, the defence arguments and the verdicts they received at the trials, with attention to why so many of the accused were Taiwanese and foreign-born Japanese. Takeda provides a contextualized discussion, focusing on the Japanese military's specific linguistic needs in its occupied areas in Southeast Asia and the attributes of interpreters who could meet such needs. In the theoretical examination of the issues that emerge, the focus is placed on interpreters' proximity to danger, visibility and perceived authorship of speech, legal responsibility in war crimes and ethical issues in testifying as eyewitnesses of criminal acts in violent hostilities. Takeda critically examines prior literature on the roles of interpreters in conflict and ethical concerns such as interpreter neutrality and confidentiality, drawing on legal discussion of the ineffectiveness of the superior orders defence and modes of individual liability in war crimes. The book seeks to promote intersectoral discussion on how interpreters can be protected from exposure to manifestly unlawful acts such as torture.

ELISE Episode 3 : Seeking the Enemy Katsuo Takeda,2012-09-27 Episode 3 : Seeking the Enemy Having successfully repulsed the Otruk assault against the fortress city Foothold, the EDF has now ordered a sweep of the jungle. The mobile missile platforms harassing the space elevator must be taken out so the EDF can continue the war effort. Trip's platoon must now venture into the jungle after the Otruk, where fighting in close quarters favors the enemy. Meanwhile, Silvy's return causes tension within the squad as her gratefulness to Trip for saving her life causes a jealous rift with Rad with deadly consequences.
