Japan's New Politics and the U.S.-Japan Alliance Sheila A. Smith, 2014-07-01 Japan's new politics challenge some basic assumptions about U.S.-Japan alliance management. CFR Senior Fellow Sheila A. Smith explores this new era of alternating parties in power and reveals the growing importance of Japan's domestic politics in shaping alliance cooperation.

INVESTOR-Z (12) 投資家Z (12), What secrets lie at the heart of Japan's strongest brands? The Japanese economy comes to life through the legendary Japan Company Handbook, or JCH. Zaizen learns of the famed handbook's eighty-year history from JCH guru Matsui, and discovers the secrets behind Japan's long-standing blue chips. Meanwhile, rival Shinji Fujita learns the fine art of regal management from Iwao Aso, nephew of former prime minister Taro Aso, and drafts a daring plan to resurrect the nation. Dig deeply into the Japanese economy with INVESTOR Z volume 12!

Japanese Prime Ministers and Their Peace Philosophy Daisuke Akimoto, 2022-02-07 This book focuses on the lives and peace philosophy of Japanese prime ministers from 1945 to the present, attempting to extract one consistent political philosophy, namely, the 'peace philosophy' that has consistently influenced Japan's foreign and defense policy. Exploring the meta-narrative of international relations and politics, this book provides a new meta-analysis of the factors underpinning Japanese politics, providing a timely insight into one of Asia's most powerful yet enigmatic players in a time of transformation. This book will interest scholars of international relations, those watching Asia in transition, and journalists.

INVESTOR-Z (English Edition) Norifusa Mita, What secrets lie at the heart of Japan's strongest brands? The Japanese economy comes to life through the legendary Japan Company Handbook, or JCH. Zaizen learns of the famed handbook's eighty-year history from JCH guru Matsui, and discovers the secrets behind Japan's long-standing blue chips. Meanwhile, rival Shinji Fujita learns the fine art of regal management from Iwao Aso, nephew of former prime minister Taro Aso, and drafts a daring plan to resurrect the nation. Dig deeply into the Japanese economy with INVESTOR Z volume 12!

Daily Summary of Japanese Press, 2007

Strategic Asia 2009-10: Economic Meltdown and Geopolitical Stability Ashley J. Tellis, Mercy Kuo, Andrew Marble, 2009 Examines the effects of the global economic crisis on the economic performance and strategic goals of selected Asian states. Discusses implications of the crisis for the power and hegemony of the United States. Considers attitudes of Asian powers toward nuclear nonproliferation and disarmament.

Japan's Politics and Economy Marie Söderberg, Patricia A Nelson, 2009-12-16 For some time Japan has been under fire for adjusting too slowly to new realities. While this criticism may be valid on some levels, Japan has been transforming in tandem with both regional and global forces. However, these changes have been largely overshadowed by the immense changes in Asia; including the rise of China, the 1997 Southeast Asian financial crisis and North Korea's development of nuclear weapons. Has Japan, the world's second largest economy, only been muddling through? In this volume the contributors show that although the challenges faced are great, Japan is changing in areas ranging from political leadership, education policy, official development assistance, peace building and security, to defence production, business associations and innovation policy. The book analyses processes of change, focusing on the dynamics of change - rather than structural change or institutional change per se - from four levels: the individual, domestic, regional and global. Forces from outside Japan, such as a changing world order and changes in power relationships in Asia, have driven change along with pressures emerging within Japan, such as the increasing power of public opinion and competitiveness within markets. This book will be of interest to scholars and students of Japanese and Asian Studies, Politics, International Relations, Globalization, Business and Economics.

Japan's International Democracy Assistance as Soft Power Maiko Ichihara, 2017-08-15 Japan has increasingly emphasized democracy assistance since the mid-2000s, such that it now constitutes a major part of Japan's foreign policy. This approach is an ostensible departure from the country's traditional foreign policy stance, which tries to avoid bringing values to the forefront of foreign policies. This book intends to answer the questions of why Japan has started emphasizing democracy assistance and why it has relegated itself to a minor role in democracy assistance nevertheless. It argues that Japan's emphasis on democracy assistance reveals its intention to increase its political influence with regards to China based on democratic values, and its usage of the term democracy assistance is a performative speech act to orchestrate a comprehensive approach for international democracy support. Shedding light on the novel aspect of Japanese policy, this book contributes to the understanding of Japanese foreign policy and democracy promotion. Providing the analysis that state's speech act could cause to create foreign policies that counter what is predicted by structural realism, this analysis makes contributions to neoclassical realism which explains states' foreign policy choices within the constraints of international structure.

Globalizing Somalia Emma Leonard, Gilbert Ramsay, 2013-11-07 This collection of essays demonstrates how chronic state failure and the inability of the international community to provide a solution to the conflict in Somalia has had transnational repercussions. Following the failed humanitarian mission in 1992-93, most countries refrained from any direct involvement in Somalia, but this changed in the 2000s with the growth of piracy and links to international terrorist organizations. The deterritorialization of the conflict quickly became apparent as it became transnational in nature. In part because of it lacked a government and was unable to work with the international community, Somalia came to be seen as a testing-ground by many international actors. Globalizing Somalia demonstrates how China, Japan, and the EU, among others, have all used the conflict in Somalia to project power, test the bounds of the national constitution, and test their own military capabilities. Contributed by international scholars and experts, the work examines the impact of globalization on the internal and external dynamics of the conflict, arguing that it is no longer geographically contained. By bringing together the many actors and issues involved, the book fills a gap in the literature as one of the most complete works on the conflict in Somalia to date. It will be an essential text to any student interested in Somalia and the horn of Africa, as well as in terrorism, and conflict processes.

Britannica Book of the Year 2009 Encyclopaedia Britannica, Inc., 2009-03-01 The Britannica Book of the Year 2009 provides a valuable viewpoint of the people and events that shaped the year and serves as a great reference source for the latest news on the ever changing populations, governments, and economies throughout the world. It is an accurate and comprehensive reference that you will reach for again and again.

The Statesman's Yearbook 2010 B. Turner, 2017-01-12 'the most convenient and reliable starting point for

information on public affairs' - George J. Mitchell, US Senator. Each copy comes with FREE online access to www.statesmansyearbook.com. Site license upgrades are also available for libraries who wish to network the data. New this year: a chronology of the 'credit crunch.'

Economic Diplomacy Peter A.G. van Bergeijk, Maaïke Okano-Heijmans, Jan Melissen, 2011-08-22 In a climate of enhanced global competition, attention for economic diplomacy has substantially grown, as much in the West as in other parts of the world. This book conceptualizes economic diplomacy and adds to a better understanding of its central place in the theory and practice of international relations.

The Global Economic Crisis and Potential Implications for Foreign Policy and National Security Jonathon Price, 2009 This book, a collection of papers prepared for the 2009 summer ASG conference, addresses the critical intersection of the global financial recession and its potential impact on America's foreign policy and national security. Authors explore the possible shift in global power, the changing relationship between the U.S. and China, the impact on America's development policy, and assess the capacity of domestic and international institutions to respond to the crisis. --Book Jacket.

Contemporary North Korea Ian Jeffries, 2009-09-10 This book provides full details of contemporary economic and political developments in North Korea since late 2005, continuing the overview of developments which were covered in the author's *North Korea: A Guide to Economic and Political Developments* (Routledge 2006). Key topics covered include: the succession; family visits; human rights; nuclear capability and intentions; recent initiatives in international relations, and relations with the United States; and adverse economic and social conditions. Overall, the book demonstrates the degree to which North Korea's international position is changing. This book provides a comprehensive overview of the current political and economic situation in North Korea today, and is an important resource for all those interested in this country's recent development.

The Presidentialization of Japanese Politics Masahiro Iwasaki, 2023-04-14 Are we seeing the presidentialization of politics in Japan? Certainly, many recent prime ministers have demonstrated powerful leadership, notably Junichiro Koizumi and Shinzo Abe. While the phenomenon of presidentialization has been much discussed for years, the Japanese case has not received much attention in the English language. Iwasaki analyses the state of Japanese politics using the established analytical framework of presidentialization – looking at leadership power resources, leadership autonomy, and the personalization of the electoral process – and assesses the factors that have been claimed to lead to similar changes in other countries. He argues that there are also unique variables that contribute to the presidentialization of Japanese politics. Most notably, the introduction of public subsidies to political parties and electoral reform in 1994. A valuable contribution to the global scholarship on presidentialization, which will be of particular interest to scholars of Japanese politics.

Political Handbook of the World 2018-2019 Tom Lansford, 2019-03-19 The Political Handbook of the World provides timely, thorough, and accurate political information, with more in-depth coverage of current political controversies than any other reference guide. The updated 2018-2019 edition will continue to be the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup. Compiling in one place more than 200 entries on countries and territories throughout the world, this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system. It also provides names of key ambassadors and international memberships of each country, plus detailed profiles of more than 30 intergovernmental organizations and UN agencies. This comprehensive update will include coverage of current events, issues, crises, and controversies from the course of the last two years, including: Elections across Europe Referendum in Ireland Rohingya genocide in Myanmar The Venezuelan dictatorship The renaming of Swaziland to eSwatini Qatar diplomacy changes Historic meeting between the United States and North Korea Establishment of a new governing coalition in Liberia

Political Handbook of the World 2015 Tom Lansford, 2015-03-24 The Political Handbook of the World provides timely, thorough, and accurate political information, with more in-depth coverage of current political controversies than any other reference guide. The updated 2015 edition will continue to be the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup. Compiling in one place more than 200 entries on countries and territories throughout the world, this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system. It also provides names of key ambassadors and international memberships of each country, plus detailed profiles of more than 30 intergovernmental organizations and UN agencies. And this annual update includes coverage of current events, issues, crises, and controversies from the course of this year.

The Importance of Shinzo Abe Sanjaya Baru, 2023-07-03 Shinzo Abe, who was tragically assassinated on 8 July 2022, is widely regarded as the most influential Prime Minister of post-war Japan. Not only was he Japan's longest-serving Prime Minister, but he is also credited with giving a new direction to the country's economic, foreign and national-security policies. Abe left an indelible imprint on Japan-India relations, establishing close ties with two successive Indian Prime Ministers and signing up to a new global and strategic partnership between Asia's major democracies. He enabled a radical shift in Asian security architecture and India's external security environment by promoting the concept of the Indo-Pacific. Building on the 'Confluence of the Two Seas' in his historic address to the Indian Parliament in August 2007, Abe became the architect of the Quadrilateral Security Initiative, known as the Quad. The Importance of Shinzo Abe brings together experts from diverse backgrounds to evaluate Abe's unparalleled contribution to global security and the future of Asia and Japan-India relations. Insightful and absorbing, these definitive essays celebrate the statesman as much as the geopolitical strategist.

Key Facts on Japan, Learn everything you need to about the island country of Japan!
