The Tribes of Muriwhenua Dorothy Urlich Cloher, 2013-11-01 This compilation of myths, legends, and oral histories from the far north of New Zealand is the story of the people who make up the tribes of Muriwhenua. The author provides whakapapa (genealogy and history) as well as a variety of lively and dramatic stories for each tribe. All have been discussed and agreed on with local kaumatua (elders) and expertly translated by Merimeri Penfold, a kaumatua of the University of Auckland who is widely respected for her knowledge and feel for the Maori language. Photographs of the Muriwhenua landscape enhance the text.

Tahuhu Korero Merata Kawharu, 2013-10-01 Compiling a rich, accessible introduction to the people and the land of Taikokerau—a northern region of New Zealand—this collection of proverbs offers traditional wisdom from the oral record of an indigenous history and culture. Presenting close to 200 selected sayings that capture key moments in Maori history, celebrated ancestors, and important places, each adage is combined with relevant paintings and photographs that provide concrete, visual anchors for insight into these powerful metaphors for human behavior. New translations in English help explain the origins and meanings of the proverbs, all of which offer a fascinating glimpse into the past.

Primitive Polynesian Economy Raymond Firth, 2013-10-11 A great classic of British anthropology, *Primitive Polynesian Economy* is structured as follows:
· Problems of Primitive Economics · Food and Population in Tikopia · Knowledge, Technique and Economic Lore · The Labour Situation · Ritual in Productive Activity · Economic Functions of the Chiefs · Property and Capital in Production · Principles of Distribution and Payment · Exchange and Value · Characteristics of a Primitive Economy First published in 1939.

EGods William Sims Bainbridge, 2013-04-04 William Bainbridge contends that the worlds of massively multiplayer online roleplaying games provide a new perspective on the human quest, one that combines the arts and simulates most aspects of real life. The quests in gameworlds also provide meaning for human action, in terms of narratives about achieving goals by overcoming obstacles.

Tuamaka Joan Metge, Hon Sir Edward Taihakurei Durie, 2013-11-01 From the point of view of a renowned anthropologist, this invaluable volume narrates the history of a multicultural New Zealand in which both Maori and non-Maori individuals cohabitate. Arguing that the Treaty of Waitangi of 1840—signed by the indigenous Maori and the British—established a foundation from which New Zealanders could grow and prosper, this account demonstrates how two cultures met, disputed, and dealt with diversity. In addition, this unique record analyzes the country's languages and myths and explores how they have influenced New Zealand society. Moving and engaging, this record covers six decades of enlightening field work.

When Languages Die K. David Harrison, 2008 It is commonly agreed by linguists and anthropologists that the majority of languages spoken now around the globe will likely disappear within our lifetime. This text focuses on the question: what is lost when a language dies?

We the Tikopia Raymond Firth, 2013-11-05 Recognized as a major work when first published, this title has, over the years, become a classic. Forming the basis of modern social anthropology, *We the Tikopia* stands in the forefront of its literature. The book is an excellent example of fieldwork analysis of a primitive society; a complete account of the working of a primitive kinship system; and an exhaustive and sophisticated study of Polynesian social institutions. First published in 1936.

New Zealand Māori Word Encyclopedia Sally-Anne Lambert, 2007 A useful encyclopedia for anyone interested in Maori language. The 830 pages are broken into parts: Topically indexed dictionary, Grammar keywords, Syllable interpretation, New linguistic terms, plus many others.

When Languages Die : The Extinction of the World's Languages and the Erosion of Human Knowledge K. David Harrison Assistant Professor of Linguistics Swarthmore College, 2007-02-01 It is commonly agreed by linguists and anthropologists that the majority of languages spoken now around the globe will likely disappear within our lifetime. The phenomenon known as language death has started to accelerate as the world has grown smaller. This extinction of languages, and the knowledge therein, has no parallel in human history. K. David Harrison's book is the first to focus on the essential question, what is lost when a language dies? What forms of knowledge are embedded in a language's structure and vocabulary? And how harmful is it to humanity that such knowledge is lost forever? Harrison spans the globe from Siberia, to North America, to the Himalayas and elsewhere, to look at the human knowledge that is slowly being lost as the languages that express it fade from sight. He uses fascinating anecdotes and portraits of some of these languages' last remaining speakers, in order to demonstrate that this knowledge about ourselves and the world is inherently precious and once gone, will be lost forever. This knowledge is not only our cultural heritage (oral histories, poetry, stories, etc.) but very useful knowledge about plants, animals, the seasons, and other aspects of the natural world--not to mention our understanding of the capacities of the human mind. Harrison's book is a testament not only to the pressing issue of language death, but to the remarkable span of human knowledge and ingenuity. It will fascinate linguists, anthropologists, and general readers.

The Good Doctor Lance O'Sullivan, 2015-06-24 The Good Doctor is the inspirational life story of Dr Lance O'Sullivan, the man who stood up to help those most in need when no one else would. Lance O'Sullivan is a man on a mission. Raised in Auckland by a solo mother, he had a modest upbringing typical of the time, if one chequered with difficulties. After being expelled from two schools, Lance could have gone off the rails. Instead, he found his way at Hato Petera College, connecting with his Maori ancestry, and going on to study medicine. After a brief but outstanding career working as a GP in the public health system, Lance and his wife Tracy quit their day jobs to set up a ground-breaking practice in the Far North that offers free healthcare to the many who can't afford it. For his work, Lance has been acknowledged as a Sir Peter Blake Emerging Leader, Public Health Champion, Maori of the Year and, most recently, Kiwibank New Zealander of the Year. Passionate, brave and free-thinking, Lance stood up when no one else would. The Good Doctor charts his inspirational, one-of-a-kind life story, while relaying an overarching hope for a better New Zealand.
