My Name Is Tenzin, I Am Not Chinese Pam D.

Tenzin, 2016-06-21 Tenzin Phuntsok was brought to India from his homeland, Tibet, at the tender age of nine. He respects this decision of his elders, though he has left his mother back home, and has never been able to meet her again. Growing up in India under the care of his uncle and the school authorities, who stand in for the parents of such refugee children, he is happy enough in India, his foster home. However, being the child of a freedom fighter, he never forgets his roots, and is very conscious of his Tibetan identity. *My Name Is Tenzin, I Am Not Chinese* is a first person narrative of this young Tibetan's experiences as a college student in Chennai. Written in an easy conversational style, the story is rich with humor that cloaks the poignancy of an uprooted youth's life in a place which is poles apart from his Himalayan homeland. The book also provides a well-researched insight into the academic opportunities in Chennai.

Tenzin Gyatso Claude B. Levenson, 2002-06-03 This exciting and often intense biography describes the Dalai Lama's rigorous education and his full assumption of power at the age of fifteen following the Chinese invasion in 1950. Though Tibetan tradition holds that the Dalai Lama is a reincarnation of his predecessors, one still marvels at the level of responsibility, maturity, and wisdom he possessed at a very young age. Through Claude B. Levenson's account of his youth, illuminated by photographs and many recollections of the Dalai Lama in his own words, we begin to

understand how a lama from Tibet has become the worldwide spiritual leader who was awarded the Nobel Peace Prize in 1989.

Running Toward Mystery Tenzin Priyadarshi, Zara

Houshmand, 2021-06-22 A revered Buddhist monk tells the bracing and beautiful story of a singular life compelled to contemplation, sharing lessons about the power of mentorship and an open mind "A necessary and captivating narrative of spiritual courage and truth seeking far beyond the veil of our contemporary delusions."—Sting Born in India to a prominent Hindu Brahmin family, the Venerable Tenzin Priyadarshi was only six years old when he

began having visions of a mysterious mountain peak, and of men with shaved heads wearing robes the color of sunset. "It was as vivid as if I were watching a scene from life," he writes. And so at the age of ten, he ran away from boarding school to find this place—taking a train to the end of the line and then riding a bus to wherever it went. Strangely enough, he ended up at a Buddhist monastery that was the place in his dreams. His frantic parents and relatives set out to find him and, after two weeks, located him and brought him home. But he continued to have visions and feel a strong pull to a spiritual life in a tradition that he had never heard of as a child. Today, he is a revered monk and teacher as well as President and CEO of The Dalai Lama Center for Ethics and Transformative Values at the Massachusetts Institute of Technology, where he works to build bridges among communities and religions. Running Toward Mystery is the Venerable Tenzin Priyadarshi's profound account of his lifelong journey as a seeker. At its heart is a story of striving for enlightenment, the vital importance of mentors in that search, and of the many remarkable teachers he met along the way, among them the Dalai Lama, Archbishop Desmond Tutu, and Mother Teresa. "Teachers come and go on their own schedule," Priyadarshi writes. "I clearly wasn't in charge of the timetable and it wasn't my place to specify how a teacher should teach." And arrive they did, at the right time, in the right way, to impart the lessons that shaped a life of seeking, devotion, and deep human connection across all barriers. Running Toward Mystery is the bracing

and beautiful story of a singular life compelled to contemplation, and a riveting narrative of just how exciting that journey can be.

Trials of a Tibetan Monk: The Case of Tenzin Delek, 2004

Healing with Form, Energy, and Light Tenzin Wangyal, 2002-04-24 A Buddhist manual for replacing an anxious, narrow, uncomfortable identity with one that is expansive, peaceful, and capable. In the shamanic worldview of Tibet, the five elements of earth, water, fire, air, and space are accessed through the raw powers of nature and through non-physical beings associated with the natural world. The Tibetan tantric view recognizes the elements as five kinds of energy in the body and balances them with a program of yogic movements, breathing exercises, and visualizations. In Dzogchen teachings, the elements are understood to be the radiance of being, and are accessed through pure awareness. Healing with Form, Energy, and Light offers the reader healing meditations and yogic practices on each of these levels. Tenzin Rinpoche's purpose is to strengthen our connection

to the sacred aspect of the natural world and to present a guide that explains why certain practices are necessary and in what situations practices are effective or a hindrance. And the world too is transformed from dead matter and blind processes into a sacred landscape filled with an infinite variety of living forces and beings. The secrets freely given in this volume can help us lay sound foundations for whatever yogic practice we may adopt. Tenzin Rinpoche has rendered all a great service. –Yoga Studies

Spontaneous Creativity Tenzin Wangyal

Rinpoche,2018-07-17 Mention creativity, and what comes to mind? For many of us, creativity is the province of someone with a singular gift toiling away in service to his or her art. From this perspective, creativity is a solitary endeavor—the struggle of the individual to express a distinctive vision to the world. But what if we looked at creativity through a wider lens, as a dynamic force that animates us all and connects us with every being on the planet? From this perspective, creativity is not just a spark igniting the fire of inspiration. It is a way of living spontaneously from the sacred space within us that is the source of infinite potential and positive qualities such as love, compassion, and joy. Any voice, any form of expression, that emerges from this core has the power to heal us and benefit others. In Spontaneous Creativity,

acclaimed author and meditation master Tenzin Wangyal Rinpoche draws on the ancient wisdom of the Tibetan Bön Buddhist tradition to guide us in developing the ability to show up fully for our lives and express our creative gifts for the greatest good. Guided meditations and practices help us to: meet our own creative nature; recognize and release the “pain identity” that holds us back; awaken the essential creative powers of openness, awareness, inspiration, ripening, and manifesting; and serve others with joy. The teachings of Bön Buddhism have been introducing human beings to their true nature for centuries, and they are as fresh today as ever. Tenzin Rinpoche writes, “My deepest wish is for you to receive great benefit from these teachings as you explore them, take them into your heart, and feel them come alive in your life.”

Two Sides of a Coin Tenzin N. Gentso,2014-06-29
Born in India, Tenzin Namzey Gentso came to America when she was three years old. Growing up with English as her second language, Tenzin developed a passion for reading and writing. She completed her first novella at age seventeen. Tenzin attends college in Boston, Massachusetts. Jay has finally achieved his dream of becoming a famous musician and plays in a band called The Blue Diamonds with four other members. With his rising popularity, Jay is living the life he has always wanted. However, one day his biggest fear comes true: the secret identity he has kept to himself all his life is leaked by the media to the

whole world. Can Jay's now flipped life ever return to normal? How can he make amends with his band brothers and fans after such a disaster? So, Mr. Jay Davis. Jay looked at Mr. Grande and felt butterflies in his stomach suddenly. The interviewer looked up at him slowly, his expression reminding Jay of a hyena hungry for food. There's been rumors going around that- Mr. Grande paused, whether it was to create suspense or form sensible words, you used to be a girl? Jay felt time freeze and his mind went blank, too shocked to deliver a reaction to that. The cameras focused on him intently and the bright lights above Jay suddenly felt like they were burning his skin. From the corner of his eye, he saw Luke's hand form into a small fist. What do you make of that? Mr. Grande asked after a few seconds of silence. Jay opened his mouth but only a croak came out. Sorry, Jay apologized as he cleared his throat, trying to form an excuse of some sort quickly. His heart started thumping loudly as he debated whether he should reveal his secret and get it over with or not. So many possible answer choices popped up in Jay's mind, but Jay still felt as though he had a blank slate. That's just gossip. Jay turned his head and saw it was Aidan who had spoken up. We haven't heard of this before, and I don't know how that came up in the first place. I

In the Land of the Eastern Queendom Tenzin Jinba, 2013-11-17 The story underlying this ethnography began with the recent discovery and commercialization of the remnant of an ancient "queendom" on the Sichuan-Tibet border. Recorded

in classical Chinese texts, this legendary matriarchal domain has attracted not only tourists but the vigilance of the Chinese state. Tenzin Jinba's research examines the consequences of development of the queendom label for local ethnic, gender, and political identities and for state-society relations.
