Terminus Mike Read,2005-03 Physicist and civil engineer Dr. Richard St. James lives on the Mars Settlement and works for the Mars Administration. A failed relationship on the Moon propelled him to seek out a new beginning on the Red Planet. Now he must contend with the ever-changing face of science. But it is a new galaxy. Following the economic and political collapse of Earth's governments, powerful groups organize the Economic Zones to replace national boundaries. The Economic Council promulgates facts, forbids the teaching of history, philosophy, metaphysics, and spiritual faith, instead channeling their energy into fielding planetary colonies and space stations. A generation grows up that has never seen the sun from Earth, or experienced any culture other than the self-centered, hard-scrabble struggle to survive in the darkness of space. It is this very darkness that St. James must confront, especially when he meets the beautiful and exotic Socorro, a chemist recently transferred to the Mars Administration. Memories return to haunt him as he struggles to understand his place in this new world, one far removed from his humble Southern U.S. beginnings. A mysterious artifact found during an exploration propels Socorro and St. James into an uncertain future, one guaranteed to change their lives forever.

They confront infected, irradiated survivors as they struggle to locate a cure to the disease that threatens to extinguish the human race.

Terminus Tom Sweterlitsch,2019-05-02 Depuis le début des années 80, un programme ultrasecret de la marine américaine explore de multiples futurs potentiels. Lors de ces explorations, ses agents temporels ont situé le Terminus, la destruction de toute vie sur terre, au XXVIIe siècle. En 1997, l'agent spécial Shannon Moss du NCIS reçoit au milieu de la nuit un appel du FBI : on la demande sur une scène de crime. Un homme aurait massacré sa famille avant de s'enfuir. Seule la fille aînée, Marian, 17 ans, serait vivante, mais reste portée disparue. Pourquoi contacter Moss ? Parce que le suspect, Patrick Mursult, a comme elle contemplé le Terminus... dont la date s'est brusquement rapprochée de plusieurs siècles.

TERMINUS Joshua Graham,2015-04-22 (Nominated for 2014 Thriller Award (Best E-book Original) by the International Thriller Writers Organization) New York Times bestselling author Joshua Graham returns with a supernatural thriller. Fans of Kim Harrison, Stephen King, Dean Koontz, James Rollins, Nora Roberts, and Shannon Mayer will enjoy this book. Joshua Graham's TERMINUS is a fantastic read in every definition of that word. If Tom Clancy had

written a novel of fallen angels and creatures that go bump in the night, this would be it: blisteringly paced, high-tension suspense, characters you bleed with. I can't wait to read more! —James Rollins, New York Times bestselling author of THE KILL SWITCH ...A fast paced, adrenaline pumping, spiritual epic... ...Terminus will have you gasping for air, yelling at the characters, and questioning everything you thought you knew about angels.... —Suspense Magazine Highly recommended! ... Powerful and fascinating... ...will keep you riveted while you're reading and then keep you thinking long after you've turned the last page. —International Bestseller, M.J. Rose \*\*\*\*\*  
TERMINUS HOW FAR MUST AN ANGEL FALL TO FIND HIS DESTINY? Having witnessed one too many senseless deaths, Nikolai, a disillusioned Reaper 3rd Class, resigns his commission with the Angel Forces after a tedious century of gathering souls. Immediately, another division recruits him with the promise of a more rewarding career, and issues his initial assignments: To bring down a few very dangerous threats to the human race. In the process, Nikolai falls in love with one of his targets—Hope Matheson, a woman who will lead thousands astray. Caught between conflicting agendas, Nikolai chooses to “fall” from his celestial state and become mortal in order to circumvent angel law and be with her. But for angels and humans alike, things are not always as they appear. Still a target, the threat against Hope’s life intensifies. Now, in order to save her, Nikolai must rally the last remnants of his failing supernatural abilities to prevent her assassination, as well as the destruction of an entire city by a nuclear terrorist strike. But his time and power are running out... Terminus is a perspective-altering saga that delves into ageless themes of redemption, destiny, and the eternal power of love.

Terminus Tristan Palmgren, 2018-11-06 Operatives from an alien culture struggle to survive in medieval Italy, in the SF sequel to the astonishing Quietus. The transdimensional empire, the Unity, has dissolved, its ruling powers forced into exile - but empires don't die easily. The living planarship Ways and Means has come to medieval Earth and ended the Black Death, but it keeps its intentions to itself. Someone is trying to kill its agent Osia, who is suffering through her own exile. Spy-turned-anthropologist Meloku becomes a target, too, when she catches Ways and Means concealing the extent of its meddling. While they fight to survive, Fiametta - an Italian soldier, mercenary, and heretical preacher - raises an army and a religious revolt, aiming to split Europe in half. Terminus II (Control) Stephen Huff, 2018-11-29 After the apocalyptic Terminus Signal induces worldwide slaughter, a death-weary band of survivors attempts to rebuild their ravaged civilization amid an alien wilderness that overflows with bizarre savagery. Although copious quantities of drugs and alcohol disappear inside the Village each night, these tormented holdouts struggle with unquiet consciences that are hopelessly infected by endless black thoughts. For, having survived the ultimate act of genocidal self-destruction, each one of them bear their memories and scars - and the guilt of countless wicked, homicidal crimes - with the dull patience of penitent felons facing inevitable gallows. Enter Deacon, an exotically handsome desert scavenger and harbinger of bloody doom. Like a sable crow alighting atop a decayed carcass, this rover appears in the Village during late fall with strange tales of enslaved children, alien invasions, and disturbing rumors of new aberrations now freshly emerging

from the California desert. Though he resists Deacon's enticement, the Scientist cannot bear to separate from the Girl, who has righteously determined to accompany this empathetic newcomer on his suicidal journey to the vast salt-pan of Badwater Basin. During their struggle to survive this latest attempt at redeeming human civilization, these hapless human beings will uncover many unsettling truths about the past, present and future of their species. Most startling of all, they will discover why their thoughts are not their own when influenced by the piper's song of yet another broadcast Terminus Signal.

**The Fold** Peter Clines, 2016-03-01 A page-turning science-fiction thriller from the author of Paradox Bound and the Ex-Heroes series. Step into the fold. It's perfectly safe. The folks in Mike Erikson's small New England town would say he's just your average, everyday guy. And that's exactly how Mike likes it. Sure, the life he's chosen isn't much of a challenge to someone with his unique gifts, but he's content with his quiet and peaceful existence. That is, until an old friend presents him with an irresistible mystery, one that Mike is uniquely qualified to solve: far out in the California desert, a team of DARPA scientists has invented a device they affectionately call the Albuquerque Door. Using a cryptic computer equation and magnetic fields to "fold" dimensions, it shrinks distances so that a traveler can travel hundreds of feet with a single step. The invention promises to make mankind's dreams of teleportation a reality. And, the scientists insist, traveling through the Door is completely safe. Yet evidence is mounting that this miraculous machine isn't quite what it seems—and that its creators are harboring a dangerous secret. As his investigations draw him deeper into the puzzle, Mike begins to fear there's only one answer that makes sense. And if he's right, it may only be a matter of time before the project destroys...everything. A cunningly inventive mystery featuring a hero worthy of Sherlock Holmes and a terrifying final twist you'll never see coming, *The Fold* is that rarest of things: a genuinely page-turning science-fiction thriller.

**Terminus K** a Riley, 2020-11-18 After their overseas missions, Kress and her Conspiracy return home to a divided nation. The East and West Coasts have become fragile havens from a dystopian middle America, which remains mired in fear, poverty, and the most sadistic brands of vigilante violence. All Kress and her Conspiracy have to do is embark on a cross-country road-trip from Washington, D.C. to the Valta in Colorado, dodge the deadly Cult of the Devoted and the Army of the Unsettled—two groups battling for control over a land that might not be worth saving—and complete a perilous rescue mission along the way. What could possibly go wrong? Join Kress and her friends—new and old—for one last adventure of sad losses, happy reunions, deadly encounters, and heartbreakingly departures. The end is here! But what new beginnings will the finale inspire...?

**Terminus** Lisa Colodny, 2019-11-11 In the Town Time Forgot Book 3, *Terminus*, the tragic tale comes full circle as Agent Devon McKenzie and Detective Christopher Gates find themselves back to the beginning, back to where it all began. *Terminus* means the end, it infers an event has reached its conclusion and it certainly seems that way once they return to New York City with notorious criminal, Gregor Esteban, in tow and ready to begin the life together

they'd but dreamed of. But dreams are seldom as they seem and theirs is no exception as a new evil threatens to destroy them in ways neither imagined before to such extent not only their lives are in compromise but those they care about as well. Can they defeat the demon from their past or will it devour them piece by piece generation by generation until nothing remains? Does love ever die? Or does it go on infinitely in the stars, in the lights of the aurora borealis, or in the beating heart of a man or a woman? There is no end for love, not really. With the last breath, it flies like the wind through the trees and shines in the sun's rays. It flows through the water of the rivers and is reborn in the cry of a newborn baby. It is infinite, timeless, and forever.

**Mount Terminus** David Grand, 2014-03-04 David Grand's *Mount Terminus* is a dark, majestic novel about art, family, overwhelming love, and the birth of Los Angeles. After his mother's death, young Bloom boards a train with his bereaved father, Jacob, to travel west across mountains and deserts to California: Mount Terminus, their new home at the desolate end of the world. There, in a villa built atop a rare desert spring, they live apart from society, supported by the income from Jacob's invention, the Rosenbloom Loop, a piece of technology that has revolutionized the nascent art of filmmaking. There, Bloom grows up in the shadow of his father's grief, with only a pair of servants, the house's ghosts, and his own artistic muse for company. But Jacob can't forever protect his family from his past—the dramatic series of events that has taken him from the Hebrew Orphan Asylum on New York City's Lower East Side and into the graces of beautiful twin girls, and finally to this fragile refuge in pre-Hollywood Los Angeles. And Bloom, now an eccentric dark genius, can't live alone at the top of the mountain forever. Prodded by his newly discovered half brother, in every way his opposite, Bloom will have to come down to meet the world. Otherwise the orange farmers and the vaqueros, the speculators and the developers, the artists and the barons of the silver screen, will surely come up the mountain to meet him. Triumphant and entralling, *Mount Terminus* marks a magnificent return for David Grand; it's the novel he was born to write.

**Terminus** Jeremy Smith, 2022-11-29 Rebirth is complete. Richard has taken over. The rebellion is all but wiped out. With the consequences too much to bear and the haunting last words of the love of his life tormenting him, Chris is headed back to the inside to fight for his taken son. With all else lost, the stakes couldn't possibly be raised. Or could they?

**The Klaatu Terminus** Pete Hautman, 2014-04-08 National Book Award winner Pete Hautman weaves several diverging time streams into one satisfying masterwork in this stunning and revelatory series finale. In a far distant future, Tucker Feye and the inscrutable Lia find themselves atop a crumbling pyramid in an abandoned city. In present-day Hopewell, Tucker's uncle Kosh faces armed resistance and painful memories as he attempts to help a terrorized woman named Emma, who is being held captive by a violent man. And on a train platform in 1997, a seventeen-year-old Kosh is given an instruction that will change his life, and the lives of others, forever. Tucker, Lia, and Kosh must evade the pursuit of maggot-like Timesweeps, battle Master Gheen's cult of Lambs, all while they puzzle out the enigmatic Boggsians as they search for one another and the secrets of the diskos. Who built them? Who is destroying them? Where – and when – will it all end?
