Terror on the Air! Richard J. Hand, 2012-10-26 The macabre world of monsters, killers on the loose and revenge from beyond the grave existed not only in the movies, but also on the radio before television's dominance in American homes. One of many distinct genres born of early broadcasting, terror-inspiring radio thrilled millions. Nearly 80 such programs, many of enduring sophistication, aired every week in the late 1940s. This first full-length study of golden age horror radio focuses on six representative programs, starting with *The Witch's Tale* in 1931 and ending with *The Mysterious Traveler* in 1952. Each chapter is a critically and historically informed study of one series. The book ends with a look at the demise of horror radio and its enduring influence. Photographs are included.

*Terrorism Awareness* Robert H. Deatherage, Jr., 2023-03-16 *Terrorism Awareness: Understanding the Threat and How You Can Protect Yourself* provides readers a foundational understanding of the threats that face us every day. The goal is to introduce readers to different tactics and techniques used by terrorists—both international and domestic—to better understand personal protection concepts and, if necessary, take actions to make themselves hard targets that terrorist organizations will want to avoid. This includes providing a background on understanding how terrorists operate, and, more specifically, how to recognize the pre-incident indicators associated with terrorist operations. Coverage includes situation awareness of the phases of terrorist operations, common attacks, surveillance and targeting tactics, kidnapping and hostage situations, bombings and blast effects, hijacking, armed assaults, and more. With such awareness, readers can be alert to common cues to avoid dangerous situations, as well as familiarize themselves with various actions they can take to better protect themselves. Sometimes certain events may arise which are unavoidable and, in those cases, learning how to best mitigate those scenarios can mean life or death and provide the best opportunity for safety and survival. *Terrorism Awareness* is a helpful guide to provide anyone working or traveling in the United States or overseas—particularly in potentially volatile places subject to terrorism or civil unrest—the tools they need to recognize potential threats and to keep themselves, and those they are with, safe.

**The Terror That Comes in the Night** David J. Hufford, 2015-05-05 David Hufford's work exploring the experiential basis for belief in the supernatural, focusing here on the so-called Old Hag experience, a psychologically disturbing event in which a victim claims to have encountered some form of malign entity while dreaming (or awake). Sufferers report feeling suffocated, held down by some force, paralyzed, and extremely afraid. The experience is surprisingly common: the author estimates that approximately 15 percent of people undergo this event at some point in their lives. Various cultures have their own name for the phenomenon and have constructed their own mythology around it; the supernatural tenor of many Old Hag stories is unavoidable. Hufford, as a folklorist, is well-placed to investigate this puzzling occurrence.

**War and Film in America** Marilyn J. Matelski, Nancy Lynch Street, 2003-08-04 America's chief exports are war and entertainment; combined, they are the war films viewed all over the world. The film industry is a partner of the government; American film shapes the ways in which both Americans and others view war. The authors herein explore differing film perspectives across five decades. The essays, written especially for this volume, explore topics such as frontier justice, Cold War fervor, government-sponsored terrorism, the back-to-Nam films, films as a venue for propaganda, and war's far-reaching effects on personal values, family relationships, and general civility. The movies used in these analyses vary from conventional battle epics like *Bridge on the River Kwai* and *The Green Berets* to motion pictures with a war motif either as part of the story (*The Way We Were*) or as a historical setting (*The Graduate*). Some of the films are satirical (*Dr. Strangelove*); some are propagandistic (*The Alamo*, *Big Jim McLain*). Other films include *Black Hawk Down*, *True Lies*, *The Deer Hunter*, *Patriot Games* and *Let There Be Light*. At War with Terror Vicki Wootton, 2013-04-23 The so-called war on terror doesn't let up. Individual freedoms are eroded and human rights violated by all sides. It goes on relentlessly throughout the world and the difference between the good guys and bad guys becomes increasingly blurred. This is the story of three groups of people in different parts of the world who are fundamentally affected by this war. Ordinary people who, through no fault of their own other than expressing an opinion or daring to tell the truth, or merely being in the wrong place, are drawn into the conflict. A middle class family from

Vancouver, two poor former academic families in Nicaragua, and a couple of British journalists suffer devastating consequences, their lives destroyed forever. They join up in an effort to bring an end to the conflict, not by fighting fire with fire, but by appealing to reason and attempting to influence citizens by releasing information about what's being done in their name, hoping they will persuade their leaders to seek more rational, humane solutions.
