The Beta Male Revolution Alan Roger Currie, 2016-06-01 The Beta Male Revolution is for men in the 21st Century what Feminism was for women in the 1960s and 1970s says Author and Professional Dating Coach Alan Roger Currie in his latest book. Most men don't want to remain 'just friends' with women. Men want either sex only from women, or a combination of sexual companionship and non-sexual companionship. Unlike men, women have as many as FOUR types of men they want to spend time with: - Men who women only want to spend time with for sexual enjoyment and satisfaction: These are 'Total Alpha males' - Men who women only want to spend time with for a combination of sexual companionship and non-sexual companionship. These are 'Alpha males with a few Beta traits and tendencies' - Men who women want to spend time with primarily for the benefit of entertaining conversation, enjoyable social companionship, and financial assistance and support. These are 'Beta males with a few Alpha traits and tendencies' - Men who women only want to spend time with for strictly platonic friendship, flattery, and to have men provide them with an 'empathetic listening ear' when they are feeling bored, frustrated, or depressed. These are 'Total Beta males' Many women socially interact exclusively with Alpha male types between the ages of 18 and 29, and then begin looking for a nice, sweet, polite, monogamy-oriented Beta male type for marriage once they reach the age of 30. Well, the Beta male types are tired of this routine, and they are now avoiding proposing to marriage to women who they perceive as Alpha male leftovers. Beta males are now well aware that the vast majority of women want to spend time with Alpha males for sexual enjoyment and satisfaction. They are also well aware that most women want to spend time with Beta males for platonic friendship, financial favors, and entertaining conversation. The Beta Male Revolution is a brutally honest assessment of where we as a society have been, where we are now, and where we are headed regarding the state of dating, long-term romantic relationships, marriage, and monogamy vs. promiscuity vs. polyamory. Women can also learn from this book because Currie explains just why men pursue some women for short-term non-monogamous 'casual' sex only, while they pursue other totally different women for long-term romantic relationships and marriage. Purchase this book right now and be educated and enlightened. You are guaranteed to have a better understanding of the manner in which the mind of the opposite sex works, and why men and women gravitate toward the type of romantic companions and sexual companions that they do after reading this book. This book will be talked about for years to come.

The Alpha Woman Meets Her Match Sonya Rhodes,Susan Schneider,2014-04-15 Relationship therapist Sonya Rhodes's liberating, straight-talking guide convincingly argues that successful modern women—the audience who embraced Lean In—can find the right guy without having to change or settle, and tells them how to do it. In the twenty-first century, women are outpacing men in education and career advancement. Yet amazingly, successful women constantly hear that their professional achievements doom their chances of marriage and family. Don't believe the alarmist hype, advises top relationship therapist Dr. Sonya Rhodes. Today's Alpha women—ambitious, self-assured, and hardworking— aren't going to end up lonely spinsters. They don't have to settle for Mr. Good Enough. Echoing Sheryl Sandberg's powerful message, *The Alpha Woman Meets Her Match* shares the secret necessary to triumph in love and work: find the right partner. It can be done—and Dr. Rhodes has the tools to help. Going beyond value judgments associated with the terms Alpha and Beta, she advises women to look past the overly competitive, domineering Alpha male for a man who's in touch with his inner Beta qualities—someone who is communicative, responsible, thoughtful, and collaborative. Demonstrating that most people are a combination of both sets of qualities, she includes a revealing test to help readers define where they (and their partners) are on the Alpha-Beta spectrum.

10 Steps to Becoming an Alpha Male Giovanni Dangel,2016-12-07 Most people drift through life with no idea of what they would like to do. They wake up in a morning and go to bed at night without any direction. These are the beta and omega males, these are the people who end up flipping burgers at McDonald's. As well as ending up in an unfulfilling job, if you don't know what it is you want from life, it will come across in your thoughts, actions, and demeanor. If you don't have a purpose in life then you will know just how difficult life can be when you don't know where you are going. But you can easily start

living your life with purpose straight away Alpha males are few; that's why you won't find more than one alpha male in a group. Any growing or nomadic males that are interested in taking over an animal group will have to face the Alpha to a fight, one on one, for the position in the animal pack. This doesn't mean that he's the only male in the group; the other males (beta males) are simply submissive to the overpowering presence of the alpha male and don't challenge his domain as a result. Most females of an animal species prefer an 'alpha type' male males that exhibit certain characteristics that prove he's not only strong but smart and protective enough to keep their group safe. Human females are no different; on some base level, most women are attracted to the types of men that exhibit the same features as an Alpha in a pride of lions. Having the ability to have offspring with an 'alpha' that is strong, smart, and quick are all desirable traits to have in a lion cub, and just like the lionesses in the pride, human women also locate men, 'alpha men', that exhibit the same sort of qualities to not only protect their children but also pass on those traits through the generations.

Confessions of a Beta Male Orbiter Mel Thompson, 2019-09-02 A lust-filled, teenage Jesus freak is slowly driven to distraction by the hot babes that inhabit his evangelical, Texas youth group. Unable, due to his strict adherence to rules of chastity, to have sex, and unable, due to his lack of financial status, to attract the top-shelf women he craves, he is forced into being the b-actor of romance. He awaits his lucky break in the lottery of love. There is more than one surprise as the wheel of fate turns. The book was intended to be a kind of manual by a one Marvin Godwin Plinkers of Lake Compromise, Texas, (an admittedly mythical city). In responding the pleas of a besieged youth counselor who cannot figure out how to deal with the beta male orbiters that come to him, Marvin decides to write a series of lectures which contain all of the suppressed truth about these lost souls. However, the book quickly becomes half-confessional, a text in which seemingly dry treatises are interspersed with true romantic confessions. The lines between genres becomes hopelessly tangled. Marvin refuses to agree with either left-wing propaganda or right-wing propaganda regarding romantically unsuccessful men. He himself is that lovelorn Jesus freak who, at least seemingly, could not quite make it in any area of life. The book begins with a letter in which Marvin attempts to deal with the youth counselor who has contacted him, but the body of the book quickly degenerates into a series of dating failures and didactic mini-treatises. A recurring theme in the book is the slow loss of innocence, both theological and sexual. The book is situated in the very-transitional time of the late 1970s and early 1908s. And because every ideological and identity politics group wants to conveniently explain-away the existence of beta-male orbiters, the book is made to be ruthless in its refusal to let anyone's narrative prevail. It's universal message is that our social bedtime stories are all false. Life cannot be controlled by them, but surges forward unwilling to ever be tamed by our belief systems. Love and sex will never be bow to human attempts to manage it.

Alpha Male Challenge James Villepigue, Rick Collins, 2009-09-01 Men are losing their masculinity. Guys are urged to get in touch with their feminine side at the expense of the traditional attributes that make men male. Not only has manliness become a dirty word in a society of beta males and couch potatoes, but there's actually less and less of it in the blood of too many American men, with studies showing declines in average testosterone levels over the past 20 years. Today's men need a major adjustment of alpha attitude, and Alpha Male Challenge is the 10-week plan for reclaiming the masculine, competitive edge guys need to be on top of their game in every aspect of their lives. It's the new blueprint for the true Alpha Male--the ideal of masculine excellence today. More than just another fitness book, this three-part exercise, diet, and mind-set overhaul features: the revolutionary MaleScale assessment questionnaire that measures the physical and mental traits that define the true Alpha Male; a step-by-step regimen to develop

the Four C's of Alpha Attitude: commitment, confidence, courage, and conscience; the Alpha Wave Basic Training program to build muscle, burn fat, and produce testosterone; the Work Heart/ Play Heart cardio system; and the Alpha Fuel Solution, a convenient approach to food and supplements with simple Fuel Rules based on what the human body was designed to eat over the past 2.5 million years, tweaked with cutting edge innovations. This is a straightforward instruction manual to build the kind of man these hard times demand: ruggedly powerful and supremely confident. It will help guys become more successful in their workouts, in their careers, and even in their relationships, as they learn to embody the everyday heroism of the true Alpha Male.

How to Be a Beta Male Robert Crampton, 2017-06 From rom coms to wrestling and fatherhood to fist fights, Robert Crampton's *How to Be a Beta Male* is a brilliantly funny and sometimes moving insight into being a modern-day bloke. Robert Crampton has been writing his Beta Male column for *The Times* since 2001. A much-loved weekly insight into modern masculinity - whatever that might mean - Beta Male strives to unlock the secrets of contemporary relationships in all their frequent glory, occasional frustration and on-going complexity. While by his own admission totally failing in this task, Crampton is at any rate amusing as he goes about his business, as his legions of loyal fans would attest. *How to be a Beta Male* is a carefully curated selection, bursting with observational nuggets on the minutiae of daily domestics and disasters in the Crampton household, and offering the very best of a sixteen-year-long account of what it is to be a beta male married to an alpha female. From his attempts at DIY to disciplining their children to trying once in a while to put his foot down to getting involved in a punch-up in the street in her defence, Robert continues to fail to impress his wife but always delights his readers. It's a very smart, extremely funny and yet surprisingly sensitive exploration of the trials, tribulations - and, ultimately, triumphs - of not being young, free and single.

Beta Male Taylor Rikkinen, 2018-08-18 A descent into the world of domestic abuse and the cycle of victims becoming the victimizers. Shame, bigotry and self-loathing run rampant in the willfully uneducated minds of the leading characters as they embark on a journey of entitlement, greed, anxiety and morbid depression. A blunt and uncomfortable look at how men and women can abuse each other and justify their foul actions through a sideways logic of underline hatred. Lies become truth as a dull and constant emotional hurt becomes the everyday norm. Tim and Gigi can choose to walk a path. One leads to personal growth and the pursuit of happiness, while the other leads to a safe space of momentary comforts and the denial of personal responsibility. To become an individual or part of the hive mind.

The Male Hierarchy Hash Blink, Thomas sheriff, 2023-10-11 In the fantasy novel *The Male Hierarchy*, the kingdom of Thalasia is governed by a social order divided into three clubs: the Alpha's, the Sigma's, and the Beta's. Chad, an Alpha male, is determined to maintain his power and authority, while Jacob, a Sigma male, challenges him and proves his own worth. Jack, a Beta male, takes a different approach and uses his intelligence and alliances to climb the ranks. As the male hierarchy faces external threats and internal power struggles, the dynamics shift and evolve. The story explores themes of competition, unity, and the potential for change within the hierarchy. Jacob discovers a magical realm and forms an alliance with its

inhabitants to protect Thalasias. He shares his discovery with the male hierarchy and proposes a new vision for unity and cooperation. Despite initial resistance, the clubs work together to defend Thalasias and successfully repel a threat. Tensions arise between Jacob and Chad, but they eventually reconcile and continue to lead the council of unity. Jacob emphasizes the importance of working together and respecting each other's contributions. Jacob and Chad's conflict escalates during a council meeting, with Chad refusing to accept the new era of unity and cooperation. Meanwhile, Jack, a Beta male, starts to question the violence and fear that is tearing Thalasias apart. He meets a street performer named Marco who inspires him to see the world beyond Thalasias's borders. Jack begins to advocate for unity and cooperation, eventually gaining support from other Sigma and Beta males. However, tensions rise again when Jacob proposes an alliance with a magical realm, causing a heated argument with Chad. Jacob receives support from other club members and decides to pursue the alliance despite Chad's objections. As Thalasias takes steps towards a brighter future, Jacob and Jack realize that there may be a bigger problem lurking beneath the surface. The story ends with Chad's sudden disappearance, leaving Jacob and Jack to search for him and uncover the truth. In this text, Jacob and his companions find Chad cursed and in need of help. They transport him back to Thalasias but are attacked by rogue creatures who take Chad and leave Jacob and Jack stranded. Jacob and Jack resolve their conflict and continue their search for Chad. They eventually find him, break the curse, and return to Thalasias. However, they encounter a powerful Guardian who asks for their help in fighting the darkness threatening the forest. They defeat a dark creature but return to Thalasias to find a betrayal by Jack and Richard, who have plotted to overthrow Jacob. They capture Jacob and declare themselves the new leaders of the male hierarchy. Jacob, once a respected member of his group, is left alone and helpless in a dungeon as his former comrades walk away. Despite being trapped, Jacob refuses to give up and searches for an escape. He is eventually freed by Richard, but not before Jack reveals his sinister plans. Jacob knows he must gather his allies and regain control of Thalasias from the tyrants who have taken over. With the help of Chad, the Alpha male, they explore the underground hideout and eventually find a way out. They are greeted by a group of animals, which they see as a sign of something happening in the kingdom. They follow the animals and discover a group of sorcerers attempting to summon a demon. Chad and Jacob defeat the sorcerers and save Thalasias, but they uncover a deeper threat when they realize Jack had been working with the sorcerers. They prepare to face the challenges ahead and continue their quest for unity and peace. They face opposition from the demon's minions but ultimately defeat the demon and are celebrated as heroes.

Do As You Are Told Sarah LaMoon,2018-09-10 I have a very high sex drive and spend 8 months of the year bored in hotel rooms. My husband is loving but is not the most sexual beast, so it became necessary to cuckold him. While most men love this idea, he hates it. When I kiss or take men to bed in front of him he gets upset, begs and cries in front of us. I love him very much, I will never leave him, but I also love the thrill of undressing with a man for the first time. This book is my absolute truth, my every encounter, big and small, from flirty touches at parties to full blown sex. I hope you enjoy reading it as much as I did doing it and as much as I will enjoy spending the royalties on shoes and underwear.
