Bleak History John Shirley,2009-08-18 CLASSIFIED: APPARENT SUPERNATURAL Subject: Gabriel Bleak. Status: Civilian. Paranormal skills: Powerful. Able to manipulate AS energies and communicate with UBEs (e.g. ghosts and other entities). Psychological profile: Extremely independent, potentially dangerous. Caution is urged.... As far as Gabriel Bleak is concerned, talking to the dead is just another way of making a living. It gives him the competitive edge to survive as a bounty hunter, or skip tracer, in the psychic minefield known as New York City. Unfortunately, his gift also makes him a prime target. A top-secret division of Homeland Security has been monitoring the recent emergence of human supernaturals, with Gabriel Bleak being the strongest on record. If they control Gabriel, they'll gain access to the Hidden -- the entity-based energy field that connects all life on Earth. But Gabriel's got other ideas. With a growing underground movement called the Shadow Community -- and an uneasy alliance of spirits, elementals, and other beings -- Gabriel's about to face the greatest demonic uprising since the Dark Ages. But this time, history is not going to repeat itself. This time, the future is Bleak. Gabriel Bleak.

The Brotherhood are calling for troops. Those with blood debts to discharge have gathered. Now is the time to get out, but Harper refuses to leave her father behind when they have unfinished business. The clock is ticking. Can she find her father and escape to Europe before it's too late? A story of resilience in the face of the apocalypse, *Death City--Dark Resistance Book One--*is a page-turning, young adult post-apocalyptic adventure, perfect for fans of Kyla Stone, TL Payne and Logan Keys. *Rated PG-13 for adult themes,

Bleak Benjamin Honeycutt,2021-05-17 Why did he come back? Tommy Tate finished his sophomore year alone at home, suspended from Latimer High School. Hated, dangerous, and accused of plotting to murder a classmate, Tommy was considered a monster by his peers and community. He swore that he would never step foot in LHS again. But now it's fall, and after a summer of silence, Tommy arrives for the first day of school, leaving everyone to ask - why did he come back?

Beyond Civil Society Sonia E. Alvarez,Jeffrey W. Rubin,Millie Thayer,Gianpaolo Baiocchi,Agustín Laó-Montes,2017-05-05 The contributors to Beyond Civil Society argue that the conventional distinction between civic and uncivic protest, and between activism in institutions and in the streets, does not accurately describe the complex interactions of forms and locations of activism characteristic of twenty-first-century Latin America. They show that most contemporary political activism in the region relies upon both confrontational collective action and civic participation at different moments. Operating within fluid, dynamic, and heterogeneous fields of contestation, activists have not been contained by governments or conventional political categories, but rather have overflowed their boundaries, opening new democratic spaces or extending existing ones in the process. These essays offer fresh insight into how the politics of activism, participation, and protest are manifest in Latin America today while providing a new conceptual language and an interpretive framework for examining issues that are critical for the future of the region and beyond.
