50 Years of Boss Fights Daryl Baxter,2024-08-30 50 Years of Boss Fights celebrates a fading art in modern games. Author Daryl Baxter has written about 51 bosses that have made the greatest impact, ever since the first boss debuted in 1974. Full of interviews and insights from the developers who helped made the bosses as memorable as they are, includes those who have worked on Mario 64, DOOM, Bioshock, Star Wars, Half Life and many more. Some explained how they came to be, what was scrapped, and, ultimately, if they were happy with them, looking back. The book goes into detail about the first ever boss from the start, called the Golden Dragon in dnd, which first debuted in 1974. Heralded as the first ever boss in a video game, Daryl spoke to its creators about how it came to be, and how they feel about creating a standard in games. The book sheds light on what was scrapped in other bosses, and how some bosses were so illegal, they had to be updated in rapid fashion to avoid a potential lawsuit. Full of photos that showcase how the bosses work and how to beat them, it's a 50-year record of the best, the most challenging, and the most memorable that you may or may not have beaten so far. It's 70,000 words that celebrate the past 50 years of bosses, while giving insight by the developers who helped make them possible.

Christian Masculinity Yvonne Maria Werner,2011 In the mid-nineteenth century, when the idea of religion as a private matter connected to the home and the female sphere won acceptance among the bourgeois elite, Christian religious practices began to be associated with femininity and soft values. Contemporary critics claimed that religion was incompatible with true manhood, and today's scholars talk about a feminization of religion. But was this really the case? What expression did male religious faith take at a time when Christianity was losing its status as the foundation of society? This is the starting point for the research presented in Christian Masculinity. Here we meet Catholic and Protestant men struggling with and for their Christian faith as priests, missionaries, and laymen, as well as ideas and reflections on Christian masculinity in media, fiction, and correspondence of various kinds. Some men engaged in social and missionary work, or strove to harness the masculine combative spirit to Christian ends, while others were eager to show the male character of Christian virtues. This book not only illustrates the importance of religion for the understanding of gender construction, but also the need to take into consideration confessional and institutional aspects of religious identity.

Oriana Fallaci Cristina De Stefano,2017-10-17 A landmark biography of the most famous Italian journalist of the twentieth century, an inspiring and often controversial woman who defied the codes of reportage. Oriana Fallaci is known for her uncompromising vision. To retrace Fallaci's life is to retrace the course of history from World War II to 9/11. As a child, Fallaci enlisted in the Italian Resistance alongside her father, and her hatred of fascism and authoritarian regimes remained strong throughout her life. Covering the entertainment industry early in her career, she created an original, abrasive interview style, focusing on her subjects' emotions, contradictions, and facial expressions more than their words. When she grew bored with movie stars and directors, she turned her attention to the international political figures of the time—Khomeini, Gaddafi, Indira Gandhi, Kissinger—always placing herself front and center in the story. Also a war reporter working wherever there was conflict, she would provoke controversies that became news themselves. With unprecedented access to personal records, Cristina De Stefano brings to life this remarkable woman whose groundbreaking work and torrid love affairs are not easily forgotten. Oriana Fallaci allows a new generation to discover her story and witness the passionate, unstinting journalism so urgently needed in these times of upheaval and uncertainty.

Women and Weapons in the Viking World Leszek Gardela,2021-11-30 The Viking Age (c. 750–1050 AD) is conventionally seen as a tumultuous time when hordes of fierce warriors from Scandinavia wreaked havoc across the European continent and when Norse merchants travelled to distant corners of the world in pursuit of slaves, silver, and exotic commodities. Until relatively recently, archaeologists and textual scholars had the tendency to weave a largely male-dominated image of this pivotal period in world history, dismissing or substantially downplaying women's roles in Norse society. Today, however, there is ample evidence to suggest that many of the most spectacular achievements of Viking Age Scandinavians - for instance in craftsmanship, exploration, cross-cultural trade, warfare and other spheres of life - would not have been possible without the active involvement of women. Extant textual sources as well as the perpetually expanding corpus of archaeological evidence thus demonstrate unequivocally that both within the walls of the household and in the wider public arena women's voices were heard, respected and followed. This pioneering and lavishly illustrated monograph provides an in-depth exploration of women's associations with the martial sphere of life in the Viking Age. The multifarious motivations and circumstances that led women to engage in armed conflict or other activities whereby weapons served as potent symbols of prestige and empowerment are illuminated and interpreted through an

interdisciplinary approach to medieval literature and archaeological evidence from Scandinavia and the wider Viking world. Additional cross-cultural excursions into the lives and legends of female warriors in other past and present cultural milieus - from the Asiatic steppes to the savannas of Africa and European battlefields - lead to a nuanced understanding of the idea of the armed woman and its embodiments in Norse literature, myth and archaeological reality.

Black God, Vol. 14 Dall-Young Lim,2011-10-25 With Mana on board, Keita is outnumbered five girls to one guy in the modest Tokyo apartment. Although Mana has been welcomed in as part of the family, her disdain for humans and mototsumitama who ally with them is more than evident. A glimpse into the past reveals the cause: Mana's beloved older sister abandoned her right to clan leadership - and her little sister - to raise a family with the human she had fallen in love with. Can Mana set aside her resentment to help Kuro and Keita find and defeat the elusive Ghost?

The Book of Cabolèk I. Yasadipura,2013-11-11 The Scope of the Work The main purpose of this work is to give a critical edition of a Javanese text - the Serat Cabolek - together with an Introduction, an English translation of the text, and Notes. The present publication is a slightly revised version of a doctoral dissertation submitted to the Australian National University in 1967. The Introduction to the text begins with a brief description of each of the extant MSS of the Serat Cabolek to be found in the Manuscript Sections of the Jakarta Museum Library and the Lembaga Kebudayaan Indonesia and in the Oriental Manuscripts Section of the Leiden University Library. In addition, a description is given of a printed version of the Serat Cabolek. The eleven MSS and the printed text are compared with one another on the points of form, structure and content, in order to discover their mutual relationship. From this comparison it becomes clear that no matter how much these eleven MSS and the printed text of the Serat Cabolek may differ from the one from the other, they all share a common core and all ultimately derive from a single source. The kernel of the Serat Cabolek in all probability comprised only the following sections: (1) the story dealing with the trial of Haji Mutamakin by the Kartasura tribunal; (2) the teaching of Dewa Ruci to Bhima; and (3) a commentary on Dewa Ruci's counsel to Bhima.
