In the Shadow of the Kings Austin Dragon,2018-07-18 With shadowy monsters and dark magic, the Kings' Caravan almost killed them all before the quest had even begun! But why? They escaped the treachery and dark magic of the Four Kings of Xenhelm, but not without losses. However, the Fates have smiled upon them all with the stranger—and now their leader—known as Traveler. He is a human who has not only traveled to the fabled kingdom of Atlantea before but lived there. They are now the new Titan's Caravan. They cross beyond the Lands of Man into the Lands Between, and into Faë-Land-or, more precisely, Faë-Land Minor—the lands of fairies, sprites, and giants. Here they must travel and survive to find fae members to add to their caravan. “We cannot make it to Atlantea as a caravan of humans alone,” Traveler tells them. But which fae—fairies, sprites, giants, elves, or any one of the many fae races unknown to humans? They had escaped but they still travel In the Shadow of the Kings. Every step they take and every encounter with a new fae town or city could be a new trap. And there are new creatures and hostile fae races as diverse and dangerous as anything the humans can imagine. Many have died along Titan's Trail, but they are undaunted as their caravan grows with both fae and fantastic beasts. Their magical adventure will take them to many magnificent places and horrific battles. But to attain the ultimate treasures of Atlantea, all shall be gladly risked. In the Shadow of the Kings, Book Two of the epic fantasy adventure Fabled Quest Chronicles begins!

Ain't No Rag Charlie Daniels,2003-06-19 The award-winning musician expresses his opinions on major issues facing America, including his feelings towards the Hollywood elite, anti-war crowds, and what freedom, family, and the American flag represent for him.

Crash of the Titans William J. Ryczek,2009-10-21 Before Namath, before the Heidi Game, before the guaranteed Super Bowl victory, there were the New York Titans. Remember the Titans? They played to meager crowds and mediocre results in the decrepit Polo Grounds. The organization, a charter member of the American Football League in 1960, was in constant danger of bankruptcy. After struggling for three seasons, the Titans would finally be assumed by the league. New owners were found, the franchise was renamed the Jets and a new stadium would welcome the team in 1964. The revised edition of this award-winning book covers the turbulent history and eventual crash landing of the team that would become the New York Jets. The early days of the upstart AFL are also explored, as are the league's constant feuds with the Titans' underfunded and overbearing owner, Harry Wismer. Four appendices with team results, rosters and statistics are included.

The Titans John Jakes,2012-07-10 The Kent family faces internal clashes as the Civil War ignites—from the #1 New York Times—bestselling author of North and South. In the hellish years of the Civil War, the Kent family faces its greatest trials yet. Louis, the devious son of the late Amanda Kent, is in control of the dynasty—and of its seemingly inevitable collapse. His cousin Jephtha Kent, meanwhile, backs the abolitionist cause, while his sons remain devoted Southerners. As the country fractures around the Kents, John Jakes introduces characters that include some of the most famous Americans of this defining era. Spanning the full breadth of the Civil War—from the brutal frontlines in the South to the political tangle in Washington—The Titans chronicles two struggles for identity: the country's and the Kents'. This ebook features an illustrated biography of John Jakes including rare images from the author's personal collection.

Fortuna Kristyn Merbeth,2019-11-05 Fortuna launches a new space opera trilogy that will hook you from the first crash landing. Scorpia Kaiser has always stood in Corvus's shadow until the day her older brother abandons their family to participate in a profitless war. However, becoming the heir to her mother's smuggling operation is not an easy transition for the always rebellious, usually reckless, and occasionally drunk pilot of the Fortuna, an aging cargo ship and the only home Scorpia has ever known. But when a deal turns deadly and Corvus returns from the war, Scorpia's plans to take over the family business are interrupted, and the Kaiser siblings are forced to make a choice: take responsibility for their family's involvement in a devastating massacre or lay low and hope it blows over. Too bad Scorpia was never any good at staying out of a fight. Perfect for fans of Becky Chambers and Catherynne M. Valente, Fortuna introduces a dazzling new voice in science fiction.

Call of Duty Jennifer Culp,2014-12-15 The video-game franchise Call of Duty has earned millions of fans through its realistic, engaging representation of both contemporary and historical wars. The story behind the game's development is just as contentious. Vince Zampella, Grant Collier, Jason West, and their development studio Infinity Ward designed the Call of Duty games, which were then released by the publisher Activision. But after several years, the creators and Activision were engaged in a legal battle over money and rights. This volume details the saga and serves as a cautionary tale for how egos can destroy profitable business relationships.

Percy Jackson and the Titan's Curse Rick Riordan,2008-05 The third book in the most exciting commercial fantasy adventure series since Artemis Fowl. It's the last Friday before the winter holidays but Percy Jackson isn't at school: he's battling the fearsome Manticore (half human, half lion), which in itself isn't ideal . . . but with Annabeth missing and the goddess of the hunt held captive, things get a whole lot more serious . . .
