The Gripping Hand Larry Niven,Jerry Pournelle,1994 Science fiction-roman.

*Through God's Eyes* Phil Bolsta,2014-01-21 When you feel stuck in your job or relationship . . . when all you worked for leaves you feeling empty inside . . . when fear of what is to come consumes sleepless nights . . . when love seems like an impossible choice to make . . . when the world is not large enough to contain your grief . . . when you struggle to forgive the unforgivable . . . there is one solution that brings true peace. See the world through God's eyes. Look through God's eyes and you see that you are being guided in every moment with infinite wisdom and inexhaustible love, that life is unfolding with indescribable beauty and grace, that Spirit is gently urging you to align your will with Divine Will and be a source of love, hope, and healing energy to all who cross your path. If you have more confusion than clarity about how to live your beliefs, the ancient wisdom permeating *Through God's Eyes* offers the hope and promise that you can escape from the prison of human perception, welcome peace, love, and joy as the dearest of friends, and become a more positive and powerful force for good in the world. *Through God's Eyes: Finding Peace and Purpose in a Troubled World* is unique in two fundamental ways. First, it is the only book that presents a vast array of spiritual principles in an elegant, engaging format that shows how all these concepts interact, how to weave them together into a cohesive worldview, and how to practically apply this spiritual wisdom to daily life. Second, its inventive format alternates illuminating comments with inspiring quotes that support, build upon, and flow into each other to convey penetrating insights into the meaning and purpose of life and the vastness of human potential. TESTIMONIALS *Through God's Eyes* is s a superb book, a truly enlightened piece of work that is an essential read for all people who are truly devoted to the care and refinement of their soul. Phil is a contemporary mystic, a man whose life is a living commitment to spiritual service. I am honored to know him. Caroline Myss, author of *Defy Gravity* Regardless of how you conceive the Absolute-as God, Goddess, Allah, Universe, or simply as a sense of cosmic beauty and order-your belief will be enriched by *Through God's Eyes*. This fine book is a refreshing departure from the preachy ideology of religious dogmatism. It reveals the richness, complexity, and meaning of everyday life, warts and all. Larry Dossey, MD, author of *The Power of Premonitions* In *Through God's Eyes*, Phil Bolsta has assembled a Dream Team of spiritual wisdom. The book gathers together remarkable luminaries from every tradition-and non-tradition as well-and creatively organizes them into topical categories, like panelists in separate meeting rooms at a large conference; only these wise ones are available to readers any time they are needed. And we all need them. As we make our way along the spiritual path, with all its perplexities, complexities, mysteries, and ambiguities, these trusted companions can provide reliable, timeless guidance. Philip Goldberg, author of *American Veda* At first glance, this monstrous 538-page book appears to be a collection of inspirational quotes from cultural icons as well as sages throughout the ages. However, as you read the book carefully, you will be pleasantly surprised to discover that it actually provides a detailed road map for your spiritual quest for a meaningful and harmonious life. Here lies the genius of Bolsta-he makes the profound look simple and his simple steps can lead to profound changes in individuals and society. Dr. Paul Wong, author of *The Human Quest for Meaning* One of the most important books I've ever read. An incredible compilation of spiritual wisdom and insight. It's the owner's manual God should give you when you're born. Robert Peterson, author of *Out of Body Experiences*

**God's Eye** Susan Fanetti,2016-04-02 Loneliness is all that Brenna has ever known. She doesn't expect that she will ever even know true companionship, let alone love. People say she was born with the mark of Odin, but Brenna feels it as a curse rather than a blessing. Those who would tell her she is favored by the Allfather are too afraid to look on her; she is apart from her people. Yet she has learned the power of her difference, and turned it to her advantage. She is a shieldmaiden, with a legendary reputation for her valor as well as for her godly gift. Vali is a giant among his people, well-liked and respected. He is of the Úlfhéðnar, a berserker, one of Odin's own elite warriors, and one of the fiercest and bravest warriors to wield an axe or spear. He is the Storm-Wolf; his strength and ferocity are his gifts from the Allfather. Fortune threw the two warriors together when they were but children. Fate brings them together again as warriors when two jarls ally for a raid into Estland. Again and again, Vali seeks Brenna out. He sees her; he sees the woman behind the whispers. More than that, he will not look away. Vali has not forgotten the debt he owes Brenna from their very first meeting, and in seeking his opportunity to repay her, he finds a lonely, beautiful woman whose quiet strength captures his heart. But the sagas do not sing of warriors who live quiet lives, or of love that does not know trial and tribulation. Favored by the gods they may be, but that does not protect Brenna and Vali from the simple and devastating hardships of their lives. Their reputations cannot help them. It is their love that must become their legend. Note: Explicit sex and violence

*The Eye of God* James Rollins,2013-06-25 In *The Eye of God*, a Sigma Force novel, New York Times bestselling author James Rollins delivers an apocalyptic vision of a future predicted by the distant past. In the wilds of Mongolia, a research satellite has crashed, triggering an explosive search for its valuable cargo: a code-black physics project connected to the study of dark energy—and a shocking image of the eastern seaboard of the United States in utter ruin. At the Vatican, a package arrives containing two strange artifacts: a skull scrawled with ancient Aramaic and a tome bound in human skin. DNA evidence reveals that both came from the same body: the long dead Mongol king Genghis Khan. Commander Gray Pierce and Sigma Force set out to discover a truth tied to the fall of the Roman Empire, to a mystery going back to the birth of Christianity, and to a weapon hidden for centuries that holds the fate of humanity.

*Good to Great in God's Eyes* Chip Ingram,2007 Bestselling author Ingram shows how Christians can honor God with lives of great faith and excellent work. Using Scripture, personal stories, and examples from Christians who have left a lasting legacy, Ingram offers practical steps for becoming great in all areas of life.

Project Kid: Crafts That Go! Amanda Kingloff,2016-09-06 Thomas the Tank Engine. Hot Wheels. Mike Mulligan and His Steam Shovel. Richard Scarry's Cars and Trucks and Things That Go. Kids' fascination with vehicles is insatiable. In *Project Kid: Crafts That Go!*, that excitement is translated into more than 60 inventive craft projects for parents to make with and for their children. The book is organized into seven chapters: City, Rails, Sky, Space, Water, Country, and Dirt. There are police cars and ice cream trucks; circus trains and submarines; helicopters, rocket ships, cement mixers, and school buses. And because the car-obsessed kid doesn't just want a new vehicle to play with—he wants a racetrack, his very own driver's license, maybe even a child-sized gas station—each chapter includes not only toys but also thematic clothing, decor, accessories, and more. Projects feature clear instructions and step-by-step photographs wherever they are needed, easy for both kids and non-crafty adults to understand.

**Outies** J. R. (Jennifer Rene) Pournelle,Larry Niven,2010-12-06 Larry Niven and Jerry Pournelle rocked the science fiction world with *The Mote in God's Eye*. Sentient, capable, and even charming, the Moties nevertheless proved to be enemies of humankind—not by intent, but by dint of biology. With a fresh point of view, deep continuity, and page-turning plot twists, Pournelle brings a new generation of Moties to life for a new generation of readers. *Outies* introduces new characters, adds depth to beloved old ones, creates a rich, imaginable world, and stands the very notion of first contact on its head by questioning what it means to be an alien and an outsider.
