Aleppo Philip Mansel,2018-11-30 A poignant testament to the city shattered by Syria's civil war. Aleppo lies in ruins, a casualty of Syria's brutal civil war. Its streets are cloaked in darkness, its population scattered, its memories ravaged. But this was once a vibrant world city, where Muslims, Christians and Jews lived and traded together in peace. Few places are as ancient and diverse. At the crossroads of global trade, Aleppo drew merchants from Venice, Isfahan and Agra to the largest souq in the Middle East and it was from here that some of the world's most enduring food, music and culture sprang.

The Merchant Bankers Joseph Wechsberg,2023-07-31 "This is a collection of casual articles about the seemingly forbidding subject of merchant banking and about some of the world's most outstanding and venerable merchant bankers — Hambros, Barings, Warburg, in London; Mattioli in Milan; Abs in Frankfurt; Lehman Brothers in New York; and the Rothschilds in Paris and London... Joseph Wechsberg gives the history of each of these institutions, most of which remain family controlled, and he presents profiles of the men who are or have been their guiding lights, whose very character serves to distinguish each of these mysterious citadels from the other and from lesser breeds in the more understandable area of commercial banking. The most remarkable feature of this truly fascinating book is the amount of knowledge the author brings to bear upon his subject in a most unobtrusive way. The articles are rich in information and a pleasure to read." — Kirkus "Mr. Wechsberg... has selected the names of seven merchant banks and bankers and written the story of each with a sparkling lucidity that is reminiscent of New Yorker Profiles... Mr. Wechsberg's sketches of men and institutions make good reading." — Saturday Review "New Yorker Correspondent Joseph Wechsberg[']s... stories have a richness of color and some details of remarkable deals that have turned money into factories, jobs and useful products for everybody's compound interest." — Time Magazine

Between the Middle Ages and Modernity Charles H. Parker,Jerry H. Bentley,2007 This groundbreaking book examines the complex relationships between individuals and communities in the profound transitions of the early modern period. Taking a global and comparative approach to historical issues, the distinguished contributors show that individual and community created and recreated one another in the major structures, interactions, and transitions of early modern times. Offering an important contribution to our understanding both of the early modern period and of its historiography, this volume will be an invaluable resource for scholars working in the fields of medieval, early modern, and modern history, and on the Renaissance and Reformation.
